Re: Clarification Regarding Notice of Proposal to Amend a Code [Board File No. EB-2009-0088] dated May 14, 2009

On May 14, 2009, the Ontario Energy Board issued a Notice of Proposed Amendments to the Distribution System Code with regard to the Process for Connecting Generation Facilities (the "Notice"). Three referencing errors were made within the body of this Notice as discussed below.

The first such error is under the section entitled "Coming into Force" on page 6. The reference in the sole paragraph under that section to "Attachment A" should be changed to "Appendix B". For clarity, the paragraph now reads as follows:

"The Board proposes that the amendments to the DSC described above and outlined more fully in Appendix B to this Notice come into force on the date that the final amendments are published on the Board's website."

The second such error occurs in the first paragraph under the section of the Notice entitled "Invitation to Comment" where reference was also made to "Attachment A" and should be changed to "Appendix B". For clarity the paragraph now reads as follows:

"All interested parties are invited to comment in writing on the Board's proposed amendments to the DSC set out in Appendix B by June 10, 2009."

Finally, a similar referencing error was made on page 7 in the second to last paragraph of the Notice. This paragraph also includes a reference to "Attachment A" which should be changed to "Appendix B". For clarity, the paragraph now reads as follows:

"This Notice, including the proposed amendments to the DSC set out in Appendix B, and all written comments received by the Board in response to this Notice, will be

available for public inspection on the Board's website at www.oeb.gov.on.ca and at the office of the Board during normal business hours."

A revised version of the Notice and Appendices is now posted on the Board's website.

Please contact Gordon Ryckman at 416-440-8109 or by e-mail at Gordon.Ryckman@oeb.gov.on.ca should you have any questions arising from this clarification. The Board's toll free number is 1-888-632-6273.
