NOTICE OF APPLICATION AND HEARING FOR AN ELECTRICITY DISTRIBUTION RATE CHANGE

Middlesex Power Distribution Corporation

Dutton Hydro Limited

Middlesex Power Distribution Corporation ("Middlesex Power") has filed an application with the Ontario Energy Board, (the "Board") received on June 29, 2009 under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Schedule B), seeking approval for changes to the rates that are charged within the Dutton Hydro Limited ("Dutton Hydro") service area, to be effective October 1, 2009. The Board has assigned the application File No. EB-2009-0177. The Board's decision on this application may have an effect on all of Dutton Hydro's customers.

On February 9, 2009, the Board approved Dutton Hydro and Newbury Power Inc.'s acquisition by Middlesex Power. As part of that proceeding, the applicants filed their intention to submit a rate application for Dutton Hydro for the period 2006 to 2009 so that a rate application for the consolidated entity would be possible in the future.

Any change to Dutton Hydro's distribution rates will cause Dutton Hydro's delivery charges to change. Delivery charges are one of four regular items on residential and general service customers' electric bills and vary depending on the amount of electricity consumed.

Middlesex Power indicates that if the application for Dutton Hydro rates is approved, a residential customer consuming 1,000 kWh per month would experience an approximate 110.7% increase in their delivery charges. This is a \$30.86 per month increase on their bill. A mitigation plan has been proposed that, if approved, would reduce the delivery charge impact to 31.4% or \$8.75 per month.

Similarly, Middlesex Power indicates that if the application for Dutton Hydro rates is approved, a general service customer consuming 2,000 kWh per month and having a

monthly demand of less than 50 kW would experience an approximate 123.1% increase in their delivery charges. This is a \$56.05 per month increase on their bill. A mitigation plan has been proposed that, if approved, would reduce the delivery charge impact to 29.5% or \$13.42 per month.

At this point the Board has not decided whether it will proceed with this application by way of written or oral hearing.
