Dear Ms. Walli:

**Re: Consultation on Distribution Revenue Decoupling**  
**Board File Number: EB-2010-0060**

**Vulnerable Energy Consumers Coalition - Intention to Participate and Request an Award of Costs**

As Counsel to the Vulnerable Energy Consumers Coalition (VECC), I am writing, per the Board's Letter of March 22<sup>nd</sup> to indicate VECC's intention to provide comments on the above issue and request an award of costs.

**Interests Represented**

VECC is a coalition of groups that represents the interests of those energy consumers who, because of their household income, or other distinguishing characteristic such as age, literacy, etc, have a set of concerns that may differ in kind, and, in magnitude, from those of more affluent residential consumers as well as commercial and industrial consumers. The Vulnerable Energy Consumers Coalition (VECC) is currently comprised of the Ontario Coalition of Senior Citizens (OCSCO), and the Federation of Metro Tenants Association.

The Ontario Coalition of Senior Citizens' Organizations (OCSCO) is a coalition of over 120 senior groups as well as individual members across Ontario. OCSCO represents the concerns of over 500,000 senior citizens through its group and individual members. OCSCO's mission is to improve the quality of life for Ontario's seniors. OCSCO's address is:

660 Briar Hill Avenue, Suite 207  
Toronto, ON  
M6B 4B7

The Federation of the Metro Tenants Association is a non-profit corporation composed of over ninety-two affiliated tenants associations, individual tenants, housing organizations, and members of non-profit housing co-ops. In addition to encouraging the organization of tenants and the promotion of decent and affordable housing, the Federation provides general information, advice, and assistance to tenants. The address is:

500-27 Carlton Street  
Toronto, ON  
M5B 1L2

Although the organization is not itself a member of VECC, the Public Interest Advocacy Centre (PIAC) in Ottawa assists in the representation of the interests of vulnerable consumers by ensuring the availability of competent representation and advice.

### **VECC's Interest in the Issue**

VECC's constituents' general concerns are that electricity rates should be kept as low possible consistent with the need to maintain the reliability and quality of service.

The issues that the Board is seeking comment on deal with the fundamentals of rate setting for natural gas and electricity distributors and could have profound implications for ratepayers such as VECC's constituents.

VECC would request that both its counsel and its consultant be placed on the distribution list for future developments. The contact information for both is provided below:

### **VECC's Intention to Request an Award of Costs**

VECC will be requesting an award of costs for its participation in this proceeding and believes that it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure and its Practice Direction on Cost Awards.

As noted in PIAC's letter of July 14, 2004 on the matter of Stakeholder Participation in the Board's regulatory policy development processes, there are two types of customer and public interest organizations:

- Those that are member sponsored and can allocate a limited amount of staff resources paid out of membership fees to respond to the economic or political interests of their members and
- Public interest groups that are not generally member funded or do not have funds available for tribunal interventions,

VECC is in the latter category and uses the Public Interest Advocacy Centre to provide and co-ordinate the representation of its interests. VECC's constituent organizations, which consist of over one half million members, belong primarily to seniors and tenant groups. In order to provide meaningful and informed

comment on the issues on which the Board is seeking input, VECC must rely on cost awards to fund the participation of its counsel, consultants and advisors.

Yours truly,

Michael Buonaguro  
Counsel for VECC
