NOTICE OF APPLICATION AND WRITTEN HEARING FOR AN ELECTRICITY DISTRIBUTION RATE CHANGE

Middlesex Power Distribution Corporation - Dutton

The Ontario Energy Board (the “Board”) received an application on June 25, 2010, under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15 (Schedule B), seeking approval for changes to the rates that Middlesex Power Distribution Corporation – Dutton (“Middlesex - Dutton”) charges for electricity distribution, to be effective May 1, 2010. The Board has assigned the application file number EB-2010-0226. The Board’s decision on this application may have an effect on all of Middlesex - Dutton’s customers. The application was filed under the Board’s guidelines for 2nd Generation Incentive Regulation, which provides for a mechanistic and formulaic adjustment to rates between cost of service applications.

Any change to the rates that Middlesex - Dutton charges for electricity distribution will be reflected in the delivery charges. Delivery charges are one of four regular items on residential and general service customers’ electricity bills and vary depending on the amount of electricity consumed.

Middlesex - Dutton indicates that if the application is approved as filed, a residential customer consuming 800 kWh per month would experience an approximate 19.9% increase in delivery charges. This is a \$6.60 per month increase on the total bill. A small general service customer consuming 2,000 kWh per month and having a monthly demand of 50 kW or lower would experience an approximate 40.4% increase in delivery charges. This is a \$24.74 per month increase on the total bill.
