Dear Ms. Walli:

**Re: Natural Gas Market Review EB-2010-0199
Response to request by City of Timmins**

Please find attached Union's response to a request made by Mr. Peter Scully on behalf of the City of Timmins at the EB-2010-0199 proceeding. At slide 6 of their presentation TCPL provided a graph showing the profile titled "Ontario Consumer Cost of Gas" which was based on Enbridge QRAM filings. Mr. Scully requested that Union provide a similar graph for a customer in Timmins based on Union's QRAM filings. The "Union Gas Limited Residential Bill – Northern Zone" graph is attached.

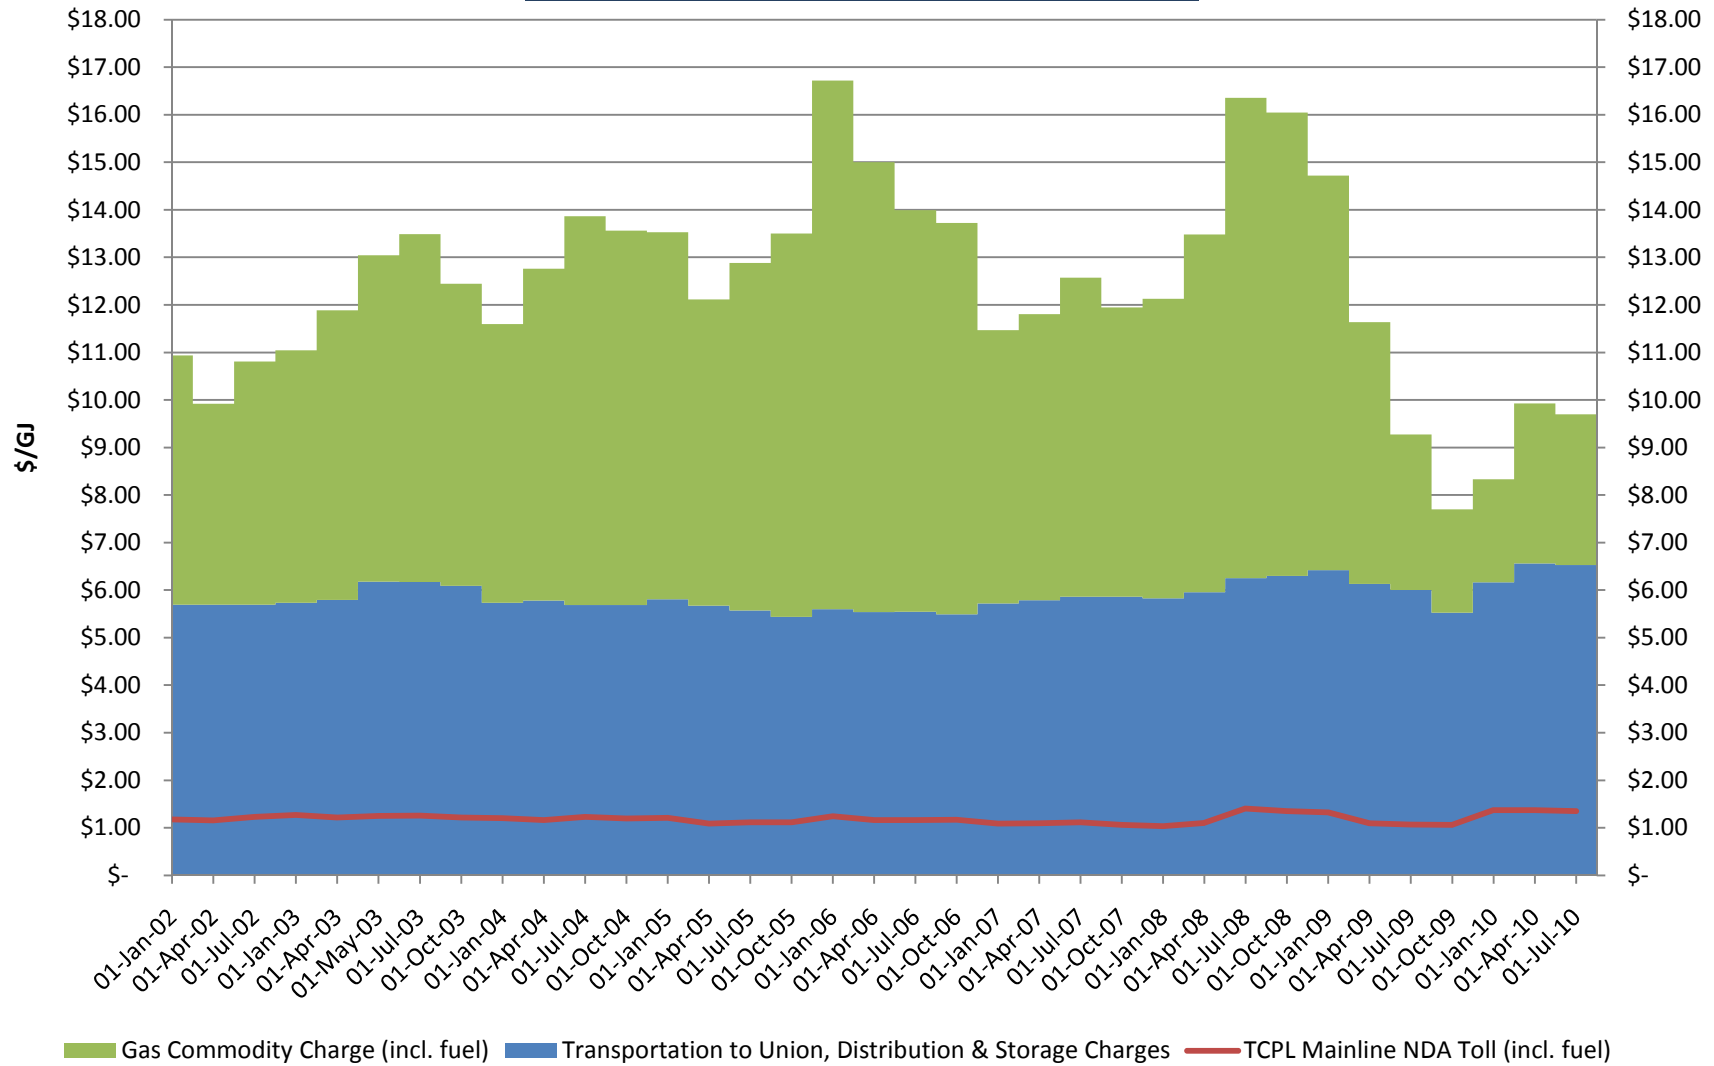

Yours truly,
