Dear Ms. Walli:

**Re: Hydro Hawkesbury Inc. 2012, 3rd Generation IRM adjustment Application.**

HHI is scheduled to file an IRM application for 2012 Electricity Distribution Rates and remains committed to submitting a complete application that conforms to the most recent filing requirements issued by the Board.

HHI's high level explanation for the delay is:

- Professional Engineers reports to form part of the application are still pending
- Account 1562 review by HHI's chartered accountants.
- completion of PIL's model by Accountants

In order to prepare a thorough application HHI, sincerely regrets that we will not be able to meet the September 16, 2011 filing deadline. HHI will continue to work diligently to submit the application at the earliest possible date.

Sincerely

Michel Poulin  
Manager  
Hydro Hawkesbury Inc.
