**Attention: Ms. K. Walli**  
**Board Secretary**

Dear Ms. Walli:

**Re: EB-2011-0140 - East West Tie Designation Process**

---

Great Lakes Power Transmission LP ("GLPT") is writing to request intervenor status so that it may participate in this proceeding.

Given the proximity of GLPT's transmission network to the East West Tie and its role as of one the incumbent transmission companies in the Province, GLPT wishes to intervene in this proceeding for two primary purposes:

1. to provide information and assistance to the Board; and
2. to provide submissions with respect to any issue, filing requirement, proponent plan, or any other aspect of this proceeding which might have an impact on GLPT's system.

Please note that GLPT does not propose to express preference for any particular plan put forth in this proceeding, but merely to provide information and submissions where called for and relevant in respect of items 1 and 2, above.

Please provide copies of relevant communications to me and to Gary Gazankas, Manager of Transmission System Planning, at the following contact information:

Gary Gazankas, BSc., Electrical Engineering  
Manager, Transmission System Planning  
System Planning and Engineering Dept.  
Great Lakes Power Transmission
