To: Union Gas Limited and all other Intervenors in EB-2012-0206

**Re: Ontario Energy Board
Motion to Review EB-2011-0038 Decision and Rate Order
Board File No. EB-2012-0206**

Union Gas Limited ("Union") filed a letter on May 14, 2012 requesting that it be granted an extension until May, 23, 2012 to file its submissions in the EB-2012-0206 proceeding. Union noted that through this process it will be given the opportunity to review all the filed submissions and provide a full and accurate reply.

The School Energy Coalition ("SEC") filed a letter (dated May 14, 2012) and the Canadian Manufacturers & Exporters ("CME") filed a letter (dated May 15, 2012) in response to Union's request. Both parties argued that all interested parties to the EB-2012-0206 proceeding should be treated equally (as all interested parties can be considered respondents to the Motion to Review proceeding initiated by the Board). As such, both parties noted that if Union is granted the right to reply, all other parties should also be granted the same opportunity.

The Board has decided that it will grant all parties an opportunity to reply to the submissions filed by other parties. Therefore, initial submissions in the proceeding are still due on **May 18, 2012**. Any party that wishes to file a reply submission to any or all other initial submissions may do so on or before **May 30, 2012**.

Yours truly,
