Dear Ms Walli:

**Re: Ontario Energy Board File No. EB-2012-0064
Application by Toronto Hydro-Electric System Limited
Intervenor Status Request of the Consumers Council of Canada**

We are counsel to the Consumers Council of Canada (the "Council").

We have been instructed by our client to request intervenor status for it in the above-captioned application of Toronto Hydro-Electric System Limited to the Ontario Energy Board for permission to increase its delivery charges effective June 1, 2012, May 1, 2013 and May 1, 2014. This is the Council's request for intervenor status in that application.

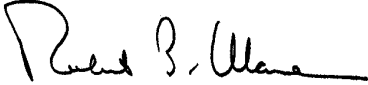

The Council is a non-profit, public interest organization which represents the interests of the broad spectrum of residential consumers of electricity in Ontario, including ratepayers in Toronto Hydro-Electric System Limited's distribution area. The outcome of the application will have a direct impact on the rates paid by residential consumers of electricity.

The Council intends to seek an order, at the conclusion of the proceeding, for its costs. As a non-profit public interest group, the Council has no funds to support its participation in the application. The Council has, in all other Board proceedings dealing with electricity matters, been found to be eligible to claim an award of 100% of its reasonably-incurred costs.

We would appreciate your having all notices with respect to the proceeding, and copies of any other materials, delivered to the writer. In addition, copies of all materials should be sent to the Council's consultant, Julie Girvan. Ms. Girvan's contact information is: 62 Hillside Avenue East Toronto, ON, M4S 1T5, telephone: (416) 322-7936, fax: (416) 322-9703, e-mail: jgirvan@ca.inter.net.

Yours very truly,

WeirFoulds LLP

A handwritten signature in black ink, appearing to read "Robert B. Warren". The signature is fluid and cursive, with a long horizontal stroke at the end.
