Dear Ms. Walli:

**Re: Toronto Hydro-Electric System Limited's ("THESL")
Application for 2012, 2013 and 2014 IRM Rate Adjustments and ICM Rate Adders –
Expanded Index and Corrections
OEB File No. EB-2012-0064**

Enclosed is an expanded index to THESL's May 10, 2012 IRM Application, which THESL provides for the convenience of the OEB and all parties.

Also enclosed are THESL's corrections to its Evidence. An incorrect drop down choice for the Non-Payment of Account information for each of the OEB IRM Rate Generator Models was used in the May 10, 2012 version. This has now been corrected and marked with /C. The affected documents in Tab 3 are provided in blue paper.

- Schedule B1 2012 Tariff, page 13
- Schedule B2 2013 Tariff, page 15
- Schedule B3 2013 Tariff page 14
- Tab 3, Schedule C1.1 2012 IRM Rate Generator Model, page 33
- Tab 3, Schedule C2.1 2013 IRM Rate Generator Model, page 34
- Tab 3, Schedule C3.1 2014 IRM Rate Generator Model page 32

For completeness of the record, the excel version of these models are also being submitted.

In addition, THESL encloses a revised version of Appendix 3 to the Managers Summary together with a revised version of page 12 of the Managers Summary reflecting consequential changes. The revised Appendix 3 sets out a comparative analysis of revenue requirements under the OEB's Standard Approach versus the Alternative Approach. Appendix 3 should be replaced in its entirety with the revised version, which includes explanatory notes. Both documents are provided in blue paper.

Also enclosed are binder covers for Volumes 1 to 3 of the Application where the references have now been corrected. Please replace your binder covers with these enclosures.

Please direct any questions or comments to my attention.

Yours truly,
