NOTICE OF APPLICATION AND HEARING FOR AN ELECTRICITY DISTRIBUTION RATE CHANGE

Parry Sound Power Corporation

Parry Sound Power Corporation ("Parry Sound Power") has applied to the Ontario Energy Board (the "Board") for permission to increase its delivery charges beginning January 1, 2013 to reflect the recovery of costs for deployed smart meters. The application was filed on August 3, 2012 under section 78 of the *Ontario Energy Board Act, 1998* (the "Act"), S.O. 1998, c.15 (Schedule B), under the Board's *Guideline G-2011-0001: Smart Meter Funding and Cost Recovery – Final Disposition*. Parry Sound Power filed a revision to the application on September 6, 2012.

By way of separate application, Parry Sound Power also applied on August 3, 2012 to change its delivery charges beginning January 1, 2013 under the Board's Guidelines for 3rd Generation Incentive Regulation Mechanism which provides for a mechanistic and formulaic adjustment to distribution rates.

Pursuant to its powers under section 21(5) of the Act, the Board has decided to combine and hear both applications at the same time.

Delivery charges are one of four regular items on Residential and General Service customers' electricity bills and vary depending on the amount of electricity consumed. **If the combined application is approved as submitted, the monthly bill for a Residential customer who uses 800 kWh per month would increase by about \$3.53. The monthly bill for a General Service customer consuming 2,000 kWh per month and having a monthly demand of less than 50 kW would increase by about \$10.40.** These proposed changes to the delivery charges are separate from other potential changes to the electricity bills, which are not affected by this application.

For additional information on billing items visit the Consumer page of the Board's website at www.ontarioenergyboard.ca.

The Board has assigned the application File No. EB-2012-0344/EB-2012-0159. The Board's decision on this application may have an effect on Parry Sound Power's metered customers.
