Dear Mr. Ruppenstein:

**Re: Multi-year Electricity Distribution Rate Setting Plan
2013 Electricity Distribution Rates EB-2012-0083**

By letter dated August 2, 2012, you were notified that the Board would be conducting a review of the circumstances of Fort Frances Power Corporation ("Fort Frances") before making a final determination of whether you would be required to file a cost of service rate application for 2013 rates. Based on the review, the Board will not require Fort Frances to file a 2013 cost of service rate application.

This does not mean that all of the concerns expressed in the August 2nd letter have been satisfied. Fort Frances should consider these matters carefully in formulating its future plans. The Board understands that Fort Frances is currently planning on filing a cost of service application for 2014 rates. This will permit Fort Frances to address remaining concerns at that time. The Board will place Fort Frances on the list of distributors scheduled to file a cost of service rate application for 2014 rates.

Feel free to contact Lynne Anderson at 416-440-7720 if you wish to discuss this matter.

Yours truly,
