Dear Ms. Walli:

In accordance with PO #3 issued November 8, 2012, AMPCO intends to ask questions on the following matters at the Technical Conference:

- Issue 2.2 with respect to Reliability Statistics, Underground Infrastructure Cable, Network Infrastructure and Equipment, Station Infrastructure and Equipment and Operations Portfolio Capital; and
- Issue 4.2 regarding THESL's proposed rate adder.

The issues above provide an indication of areas of interest and does not mean AMPCO will ask questions on all of the referenced issues, or preclude the possibility that some of AMPCO's questions may relate to issues not on the above list.
