Dear Ms. Walli:

**Re: Application by Toronto Hydro-Electric System Limited; EB-2012-0064**

---

We are writing on behalf of Toronto Hydro-Electric System Limited (Toronto Hydro) to advise the Board of an update to Toronto Hydro's evidence in EB-2012-0064.

In particular, in its oral evidence and argument-in-chief during the Bremner sub-phase of this proceeding, Toronto Hydro asked the OEB to consider the April 4, 2013 date of the Hydro One corporate board meeting in the context of the OEB's timeline for releasing its decision in this proceeding.

Toronto Hydro submits that an update is necessary and appropriate at this time due to a change in the administrative processes associated with Hydro One's consideration and decision regarding the Bremner project. In particular, Toronto Hydro understands that the Hydro One Board will now consider the Bremner project at a meeting that will take place after April, 2013.

Toronto Hydro notes that this change in the timing of the Hydro One corporate board meeting does not affect Toronto Hydro's ability to complete the Bremner
