Dear Ms. Walli:

**Re: Toronto Hydro-Electric System Limited (“THESL”)
2014 Distribution Rates, Phase 2, OEB File No. EB-2012-0064
Response to Intervenor Cost Claims**

THESL writes to the Ontario Energy Board (“OEB”) in respect of the above-noted matter.

By January 7, 2013, THESL had received cost claims from the Association of Major Power Consumers in Ontario, the Building Owners and Managers of the Greater Toronto Area (“BOMA”), the Consumers Council of Canada, Energy Probe Research Foundation (“EP”), School Energy Coalition and Vulnerable Energy Consumers Coalition. Pursuant to the OEB’s direction on December 19, 2013, THESL hereby submits its comments on intervenors’ cost claims.

THESL raises only one issue regarding the cost claims it has received. With BOMA’s consent, THESL requests that BOMA’s claim be reduced by \$1,320.00. BOMA has claimed attendance costs in connection with the Technical Conference on November 27 and November 28. However, the Technical Conference did not carry over into November 28, 2013. THESL identified this issue and discussed it with BOMA’s counsel. BOMA has identified the docket entry on November 28 as an administrative error. BOMA requested that THESL note the error in these submissions and consents to a corresponding reduction in its cost claim.

Please do not hesitate to contact me if you have any questions.

Yours truly,
