Re: Horizon Utilities Corporation Second Annual Filing – 5 Year Custom IR
AMPCO Intervention Request
Board File No. EB-2016-0077

Dear Ms. Walli:

I am writing pursuant to the Board's Notice of Application and Hearing regarding the above proceeding to request intervenor status.

AMPCO's Interest

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to Ontario's large electricity consumers are being addressed. AMPCO's interest in the Board's regulation of distribution and transmission companies relates generally to the interests of consumers with respect to price, adequacy, reliability and quality of electricity service, and, more particularly, to how costs are allocated to, and rates are designed to recover costs from, industrial customers.

This application is Horizon's second annual filing to its 5-year Custom Incentive Rate-making (Custom IR) Application (EB-2014-0002) for electricity distribution rates effective January 1, 2017. The filing has been updated with the annual adjustments as agreed upon in the Settlement Agreement and the Decision to the Custom IR Application. Generic changes have also been included where applicable, as identified in the Settlement Agreement. AMPCO is interested in reviewing Horizon's proposed annual adjustments in relation to the Settlement Agreement and the Board's recent policy changes, and the resulting impact on customers.

We respectfully request that the Board please confirm AMPCO's eligibility for an award of costs in this matter. AMPCO has been granted intervenor cost awards in other OEB proceedings including Horizon proceedings.
