NOTICE OF AMENDMENT TO A CODE

**AMENDMENT TO THE
STANDARD SUPPLY SERVICE CODE**

OEB FILE NO.: EB-2016-0201

**To: All Licensed Electricity Distributors
All Other Interested Parties**

The Ontario Energy Board (OEB) is giving notice under section 70.2 of the *Ontario Energy Board Act, 1998* of the adoption of amendments to the Standard Supply Service Code (SSSC).

A. Background

On January 26, 2017, the OEB issued a [Notice of Proposal](#) (January Notice) in which it proposed to amend the SSSC in order to enable electricity distributors to charge Regulated Price Plan (RPP) customers OEB-approved commodity prices that differ from then-prevailing RPP prices. Such alternative commodity prices would only apply to customers enrolled as participants in a pilot project approved by the OEB, whether those identified in the OEB's [Guidelines for Pilot Projects on RPP Pricing](#) or others.

The OEB received no written comments from stakeholders in response to the January Notice.

B. Adoption of the Proposed Amendments and Coming into Force

The OEB has determined that the amendments to the SSSC as set out in Attachment A to the January Notice will be adopted without modification. The amendments as adopted are set out in Attachment A to this Notice.

As indicated in the January Notice, the amendments to the SSSC come into force today, being the date on which they are published on the OEB's website after having been made by the OEB.

This Notice, including the amendments to the SSSC set out in Attachment A, will be available for public viewing on the OEB's web site at www.ontarioenergyboard.ca and at the office of the OEB during normal business hours.

Questions regarding the amendments described in this Notice should be directed to IndustryRelations@ontarioenergyboard.ca, or by phone at 416-314-2455 or 1-877-632-2727 (toll-free within Ontario).

DATED March 15, 2017

ONTARIO ENERGY BOARD

Kirsten Walli
Board Secretary

Attachments: Attachment A – Amendments to the Standard Supply Service Code

Attachment A

Amendments to Standard Supply Service Code

1. Section 1.6 of the Standard Supply Service Code is amended by adding the following new section 1.6.6:

1.6.6 The amendments to section 3.9 come into force on March 15, 2017.

2. Section 3.9 of the Standard Supply Service Code is deleted and replaced with the following:

3.9 Pilot Projects

- 3.9.1 Where a distributor implements a Board-approved pilot project relating to eligible time-of-use meters, the distributor may charge an RPP consumer that has an eligible time-of-use meter and that is participating in the pilot project the commodity price for electricity referred to in either section 3.3 or 3.4 or any other commodity price that the Board approves as part of the pilot project.
