Oshawa PUC Networks Inc. has applied to the Ontario Energy Board to raise its electricity distribution rates for the years 2018 and 2019. If the application is approved, a typical Oshawa PUC customer, using 750 kWh would see the following increases, in each month, starting on January 1 in each of the years:

2018	2019
\$0.81	\$0.84

Other customers, including businesses, may also be affected.

The requested rate increase is based on a framework approved by the Ontario Energy Board for the period 2015-2019 and is tied to Oshawa PUC's costs for 2018 and 2019, which includes measures to promote efficiency. The rates proposed in this application represent a slight decrease from those previously approved by the Ontario Energy Board on an interim basis for the years 2018 and 2019.
