Dear Ms. Long,

RE: Brantford Power Inc. Price Cap IRM Application, OEB Case No.: EB-2020-0006

Brantford Power Inc. (BPI) has selected to the Price Cap IR method for rate-setting for its 2021 distribution rates, proposed to be effective January 1, 2021. Accordingly in the Price Cap IR Tranche Assignments letter issued July 14, 2020, BPI has been assigned the filing deadline of August 17, 2020.

BPI has made best efforts to provide the OEB with a filing by this deadline, however due to an issue identified while finalizing the Global Adjustment Reconciliation, BPI has discovered the need for adjustments to its Deferral and Variance Account balances for disposition which require some further investigation to properly assess and document, and to properly incorporate into the rate-setting models. As a result, BPI is requesting a one-week extension to its deadline, and plans to file its Application on August 24, 2020.

Please let me know if you have any questions.

Sincerely,

*Original Signed by*

Oana Stefan
