B2M Limited Partnership

Application for updated transmission revenue requirement effective January 1, 2018

DECISION ON INTERIM RATES

December 28, 2017

B2M Limited Partnership (B2M LP) filed an application with the Ontario Energy Board (OEB) on December 20, 2017, seeking approval for an updated revenue requirement for electricity transmission to be effective January 1, 2018.

B2M LP requested that the existing Uniform Transmission Rates (UTRs) as approved for 2017 be declared interim as of January 1, 2018, as there is insufficient time to issue an Order or Orders fixing final rates in time to allow a January 1, 2018 implementation.

The OEB notes that B2M filed its application for the update to the 2018 revenue requirement shortly before the requested effective date, with insufficient time for the proceeding to be completed and a decision made. Therefore the OEB will not declare the 2017 UTRs interim at this time. Once the OEB has determined the appropriate process for hearing the application, the issue of interim rates can be reconsidered, on a prospective basis.
