## 1 INTRODUCTION AND SUMMARY

Hydro One Remote Communities Inc. (Hydro One Remotes) filed a cost of service application dated August 28, 2017 with the Ontario Energy Board (OEB) pursuant to section 78 of the *Ontario Energy Board Act, 1998*, for an order or orders approving its 2018 revenue requirement and customer rates for the distribution and generation of electricity, effective May 1, 2018.

This is a Final Rate Order of the OEB on the application and settlement proposal filed by Hydro One Remotes to change its electricity generation and distribution rates as of May 1, 2018.

The OEB has reviewed the revised Tariff of Rates and Charges submitted on March 28, 2018, and is satisfied that the documents accurately reflect the settlement proposal and the amendment.

The reductions agreed to in the settlement proposal do not impact the rates proposed by Hydro One Remotes. Most customers within Hydro One Remotes pay rates below the cost of service. The rates for residential and general service customers are financially supported through a cross-subsidy from government customers within Hydro One Remotes, through Indigenous and Northern Affairs Canada (INAC) capital contributions and the Rural or Remote Electricity Rate Protection (RRRP) fund. The reductions in the settlement proposal impact the amount drawn from the RRRP.

In the application, Hydro One Remotes proposed to increase the total bill by 1.8% across all customer rate classes. The table below shows the bill impacts as a result of this Final Rate Order.

**MONTHLY BILL IMPACT**

<b>CUSTOMER CLASS</b>	<b>Current Bill</b>	<b>Proposed Bill</b>	<b>Increase</b>
Residential Year Round (RRRP Funded)	\$88.08	\$89.63	1.8%
Residential Seasonal	\$101.50	\$103.29	1.8%
Residential – Road/Rail (Standard A – not RRRP funded)	\$494.83	\$503.73	1.8%
Residential – Air Access (Standard A – not RRRP funded)	\$725.15	\$738.20	1.8%

## 2 THE PROCESS

The OEB held a settlement conference on February 6 and 7, 2018 to enable the parties to reach a settlement on the issues in the proceeding. The parties reached a settlement on all issues in the proceeding with the exception of Issue 5.4 that related to Hydro One Remotes' proposed plan for First Nation relations<sup>1</sup>. Opiikapawiin Services LP opposed the settlement on this one issue. On March 16, 2018, Hydro One Remotes submitted an amendment to the original settlement proposal<sup>2</sup> reaching agreement on Issue 5.4 by all the intervenors.

The OEB accepted the settlement proposal and the amendment at the oral proceeding held on March 19, 2018 subject to certain minor corrections. The OEB directed Hydro One Remotes to file a corrected version of the settlement proposal and the amendment. The OEB also directed Hydro One Remotes to file a draft rate order on March 26, 2018. Comments on the draft rate order were due April 3, 2018 and reply from Hydro One Remotes to the comments was due April 9, 2018.

Hydro One Remotes filed a corrected version of the original settlement proposal and the amendment on March 19, 2018 following the conclusion of the oral proceeding and filed the draft rate order on March 26, 2018.

OEB staff suggested minor corrections to the draft rate order. Hydro One Remotes filed a revised draft rate order on March 28, 2018. OEB staff submitted comments on April 2, 2018 recommending that the draft rate order be approved as filed.
