Dear Mr. Sasso:

**Re: Toronto Hydro-Electric System Limited (Toronto Hydro)
Application for Rates
OEB File Number EB-2018-0071**

The Ontario Energy Board (OEB) scheduled a teleconference on October 12, 2018 where OEB staff asked questions regarding Toronto Hydro's application. OEB staff provided Toronto Hydro with a set of follow-up questions, which were answered through written responses on October 20, 2018.

The case information letter stipulated that OEB staff would provide an updated model to Toronto Hydro by October 19, 2018, which did not happen. OEB staff sent an updated model for Toronto Hydro to review on October 26, 2018 along with additional follow-up questions.

The OEB set out in the case information letter that Toronto Hydro should provide comments regarding the updated models no later than October 26, 2018. To allow sufficient time to review the written responses and updates to the models the OEB reschedules the date Toronto Hydro should provide comments regarding the updated models to **November 6, 2018**.

Following this, the delegated decision maker will provide you with a draft of the decision that he or she proposes to make. You may comment on the draft decision within 7 days. Where possible, a draft rate order and all applicable models will be enclosed for comment. In some circumstances you may be required to file a separate draft rate order. The delegated decision maker will consider your comments and issue a final decision and rate order.

Please note that the timely processing of the application depends on the receipt of information within the specified timelines. Any questions relating to this letter or the process for your application should be directed to Donald Lau, Project Advisor at 416-440-7681 or Donald.Lau@oeb.ca. Please also copy the Board Secretary at BoardSec@oeb.ca, with any future correspondence.

Yours truly,
