

ONTARIO ENERGY BOARD NOTICE TO ALL ONTARIO ELECTRICITY CONSUMERS

Hydro One Networks Inc. has applied for approval of the allocation of construction costs of the Supply to Essex County Transmission Reinforcement project.

Learn more. Have your say.

In 2015, the Ontario Energy Board (OEB) granted Hydro One Networks Inc. (Hydro One Networks) approval to build the Supply to Essex County Transmission Reinforcement project and to record the construction costs in a deferral account for recovery at a later date (EB-2013-0421).

Hydro One Networks has applied to the OEB for approval of the allocation of the project's costs between the triggering transmission customer and all Ontario electricity consumers. If the application is approved as filed, it would result in approximately 73% of the total project cost of \$54.3 million being recovered from the triggering transmission customer and the remaining 27% recovered from all Ontario electricity consumers.

The OEB's decision on this application will have an effect on all Ontario electricity consumers.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The OEB will hold a public hearing to consider the application filed by Hydro One Networks. At the end of this hearing, the OEB will decide what, if any, change should be made to the proposed allocation of costs.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
