Re: Post-2020 Natural Gas Demand Side Management Framework
Board File Number: EB-2019-0003

This letter provides further information on Phase 1 of the Ontario Energy Board's (OEB) consultation process to develop a Demand Side Management (DSM) framework for natural gas distributors beginning in 2021.

The Stakeholder Meeting will take place on Thursday, June 13, 2019 from 9:30 a.m. to 12:00 p.m. at the OEB's offices at 2300 Yonge Street, Toronto in the West Hearing Room on the 25th Floor. The OEB will seek input and comments from interested stakeholders on underlying guiding principles, on the goals and objectives to be achieved and on the scope of the review.

For those participants that are not able to attend in person, the Stakeholder Meeting will be available remotely. Details on how to participate remotely are below:

As a reminder, the OEB will provide an opportunity for interested parties to submit written comments following the Stakeholder Meeting. The three specific issues that interested parties are invited to comment on as part of Phase 1 are as follows:

1. **Principles:** Do the guiding principles from the 2015-2020 DSM Framework remain appropriate? If not, what principles are needed and why?
2. **Goals and objectives:** What should be the primary goal(s) and objective(s) of the post-2020 DSM Framework?
3. **Scope:** Should the OEB undertake major revisions to the 2015-2020 DSM Framework or focus on specific updates that are more minor in nature?

Written comments are to be submitted by **Thursday, June 27, 2019**.
