April 30, 2021

Dear Ms. Long:

RE: EB-2021-0009 Brantford Power Inc.
Application to the Ontario Energy Board for Electricity Distribution Rates and Charges

Brantford Power Inc. has worked diligently over the past several months to prepare its Cost of Service(COS) Application (assigned Case No. EB-2021-0009), however the ongoing COVID-19 pandemic has added incremental challenges to the application process, both through the current working from home environment and by shifting focus from key internal subject matter experts involved in the COS.

BPI is writing to request an extension to its filing deadline. BPI aims to file its Application no later than May 7, 2021 (which would represent a one week delay). BPI wishes to maintain the proposed implementation date for new distribution rates of January 1, 2022.

Please do not hesitate to contact if you have any questions.

Sincerely,

Oana Stefan
