RE: EB 2021-0052 Ottawa River Power Corporation Filing Extension

Dear Board Secretary,

Ottawa River Power Corporation is scheduled to file a Cost of Service application on August 31st, 2021 for rates effective May 1st, 2022. ORPC had been planning to submit this application on or before the filing deadline, however our staff resources have been involved in multiple efforts related to an SSSC exemption application, PILS audit, as well as an OEB requested review of accounts 1588 and 1589. This has caused some delays with the preparation of our Cost of Service application.

ORPC does not anticipate being able to meet the filing date of August 31st, 2021 and requests an extension to the filing deadline to September 30th, 2021. ORPC still intends to seek an effective date of May 1st, 2022 for its new rates, and will strive to file its application as soon as practicable under the circumstances.

If there are any questions or concerns, please do not hesitate to contact me.

Yours sincerely,

Justin Allen
President and CEO
