Dear Ms. Marconi,

RE: London Hydro Inc. (“LHI”) – 2022 Cost of Service Application Update on Status of Settlement EB-2021-0041-

On December 3, 2021, London Hydro informed the Ontario Energy Board (“OEB”) that, as a result of the November 29-December 2, 2021, settlement conference, London Hydro and the parties were working towards filing a complete settlement agreement on all issues by January 10, 2022.

While the parties have been working on the drafting of a complete settlement agreement and continue to do so, we are not in a position to file a completed settlement proposal within the current deadline. London Hydro is therefore writing on behalf of the parties to seek a further extension for the filing of a Settlement Proposal to January 24, 2021, which will provide the parties a further two weeks to complete the drafting of a complete settlement agreement.

Please direct any questions or correspondence in this matter to the undersigned.

Respectfully submitted,

A handwritten signature in black ink that reads "M Benum".
