Dear Ms. Marconi,

**Re: Kingston Hydro Corporation _Electricity Distribution License ED-2003-0057
2023 Cost of Service Rate Application (EB-2022-0044) _Delay in Filing**

Kingston Hydro Corporation ("Kingston") is scheduled to file a rebasing application for distribution rates effective January 1, 2023, and has a filing date of April 30, 2022.

Kingston has been diligently working on its rebasing application however in light of, *inter alia*, the Covid-19 pandemic Omicron variant wave impact on the Kingston community, Kingston does not anticipate being able to meet the rate rebasing application filing date of April 30, 2022. Kingston believes it will be able to file its cost of service rate application with the OEB by end of day Friday, June 3, 2022.

Despite the application filing delay, Kingston is hopeful that its application can still be processed in time for rebased rates to be effective and implemented for January 1, 2023.

Yours truly,

Randy Murphy
Chief Financial Officer and Corporate Secretary
