Toronto, ON M4P 1E4

Dear Ms. Marconi:

**Re: EB-2022-0028: EPCOR Electricity Distribution Ontario Inc.
Delay in Filing of Cost of Service – Extension Request**

EPCOR Electricity Distribution Ontario Inc. (EEDO) is currently scheduled to file an application for January 1, 2023 distribution rates by April 30, 2022. EEDO has not filed a cost of service application since 2013.

EEDO staff have been working diligently on the application, however we anticipate that we will not be able to meet the filing deadline of April 30, 2022 as a key project resource has been unavailable due to an unanticipated extended leave.

As a result, EEDO requests an extension to the application filing deadline until the end of day, Friday, May 27, 2022. Despite the application filing delay, EEDO is hopeful that its application can still be processed in time for rebased rates to be effective and implemented for January 1, 2023.

Please feel free to contact me if you have any questions regarding this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "T. Hesselink".
