Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (“Enbridge Gas” or the “Company”)
Ontario Energy Board (“OEB”) File: EB-2022-0086
Dawn to Corunna Replacement Project
Response to August 18, 2022 FRPO Correspondence**

This correspondence is in response to FRPO’s letter of August 18, 2022. Enbridge Gas clearly stated, at page 2 of its August 17, 2022 correspondence, that, as set out in Exhibit JT1.5, the document referred to by Ms. Thompson is the Enbridge Gas Utility Leadership Team presentation already produced on the record in this proceeding (see Exhibit JT2.6). Enbridge Gas also explained that the engineering studies and technical reports that informed decision making with regard to alternatives assessment and the appropriate scope of replacement facilities were the QRA and AHR/RAM Study documents which also form part of pre-filed evidence and responses to interrogatories. As previously stated in the Company’s August 17, 2022 correspondence, Enbridge Gas has produced the entirety of the documentation that informed Enbridge Gas decision makers with regard to the proposed Project.

Please contact the undersigned if you have any questions.

Yours truly,

Brittany Zimmer
