Dear Registrar:

**RE: EB-2022-0086 – Enbridge Gas Inc. – Dawn to Corunna Replacement Project
Update on Status of Settlement Negotiations – OEB Procedural Order No. 5**

We are the lawyers for CAEPLA-DCLC in the above noted proceeding. In our letter to the OEB dated September 26, 2022, we reported that CAEPLA-DCLC and Enbridge Gas Inc. (“Enbridge”) had reached a settlement in principle regarding CAEPLA-DCLC landowner issues. We are pleased to report that the settlement was ratified by the directly affected landowner members of CAEPLA-DCLC at their ratification meeting held on Wednesday, September 28, 2022.

In accordance with the settlement, Enbridge and CAEPLA-DCLC will be filing with the OEB in this proceeding copies of the agreed forms of Pipeline Easement, Temporary Land Use Agreement and Letter of Understanding. Also in accordance with the settlement, CAEPLA-DCLC will not be filing written submissions but will be applying for a cost award in the proceeding.

Yours truly,
