RE: EB-2022-0058 Ottawa River Power Corporation Extension Request

Ottawa River Power Corporation (ORPC) is scheduled to file an Incentive Rate-setting Mechanism (IRM) application on November 2nd, 2022, for rates effective May 1st, 2023. ORPC kindly requests a 2-week extension to November 16th, 2022, to file its IRM application with the Ontario Energy Board. The utility requires additional time to analyze and calculate principal adjustments from 2015 to 2020 on RSVA Power and Global Adjustment accounts in response to recommendations made by the Ontario Energy Board during its review of ORPC's 1588 and 1589 accounts. Ottawa River Power Corporation believes a 2-week extension to November 16th, 2022 would allow sufficient time to properly analyze the accounts and principal adjustments.

Should the board have any questions or concerns, please find my contact information below.

Sincerely,

Justin Allen
