Dear: Ms. Innis:

**Re: Enbridge Gas Inc. (Enbridge Gas)
2024 Rebasing Application
OEB File Number: EB-2022-0200**

On October 31, 2022, Enbridge Gas filed a portion of its 2024 Rebasing application with the Ontario Energy Board (OEB) and informed the OEB that it intends to file the remaining two sections of its application, related to cost allocation and rate design, by November 30, 2022. Enbridge Gas stated that its October 31, 2022 filing includes all the information needed for the preparation and publication of the OEB's Notice of Hearing (Notice) and requested that the OEB proceed with issuing its Notice on the basis of the October 31, 2022, filing.

The OEB has completed its preliminary review of Enbridge Gas's October 31, 2022 filing and has decided to commence the processing of the application. The OEB is satisfied that the information provided in the October 31, 2022 filing is adequate to proceed with the Notice and the OEB will communicate next steps in its Letter of Direction.

The OEB notes that Enbridge Gas has committed to filing the remaining sections of its application by November 30, 2022. If the remaining sections of the application are not filed by November 30, 2022, the OEB may not be able to continue processing the application and could place Enbridge Gas's application in abeyance.

Please direct any questions relating to this application to Case Manager, Khalil Viraney, Senior Advisor at 416-440-7729 or Khalil.Viraney@oeb.ca.

Yours truly,

Nancy Marconi
Registrar
