OEB STAFF SUBMISSION ON DRAFT RATE ORDER

2023 ELECTRICITY DISTRIBUTION RATES

Elexicon Energy Inc.

EB-2022-0024

December 14, 2022

On December 13, 2022, Elexicon Energy Inc. (Elexicon Energy) filed a Draft Rate Order (DRO) arising from the Partial Decision and Order of the Ontario Energy Board (OEB) dated December 8, 2022. In doing so, Elexicon Energy noted a small discrepancy in the incentive-rate setting mechanism rate generator for the Whitby rate zone. Specifically, the “Notice of Switch Letter charge” of \$2.23 was not pulled correctly into Final Tariff Schedule set out at tab 19 of the rate generator. Elexicon stated that the tariff of rates and charges, submitted with the DRO, includes the correct amount for this charge.

OEB staff has reviewed the DRO filed by Elexicon Energy and agrees that Elexicon Energy has implemented the OEB’s findings and the direction set out in the Partial Decision and Order.

- All of which is respectfully submitted -
