Dear Ms. Marconi:

**Re: EB-2022-0024 – Elexicon Energy Inc. (“Elexicon”) ICM  
Application (the “Application”): Witness Panel Details**

Elexicon has included in Attachment 1 to this letter, the names of its witness panel and the topic areas of coverage for each witness who will participate in the Technical Conference scheduled for January 12, 2023. Also in attendance at the Technical Conference is Elexicon’s legal counsel, John Vellone and Colm Boyle.

As identified in Procedural Order No. 2 dated November 1, 2022, the OEB determined that the January 12, 2023 Technical Conference would allow parties to ask clarification questions on ICM-related interrogatory responses. To this end, Elexicon’s witness panel is organized to clarify any matters arising from the ICM interrogatories.

Yours Truly,

Cynthia Chan, CPA, CA  
Chief Financial Officer  
Elexicon Energy Inc.

cc: John Vellone
