Dear Ms Marconi:

**EB-2022-0024–Elexicon Energy Inc. – 2023 Electricity Distribution Rates- ICM**

We are representing the Consumers Council of Canada (Council) in the above-referenced proceeding. In its Procedural No. 3 dated December 22, 2022, the Ontario Energy Board (OEB) made a provision for parties to file submissions on the type of hearing for each of the three ICM requests included in the Application. The Council submits that the ICM requests should be considered by the OEB through an oral hearing process. The nature of the ICM requests and the potential rate impacts of such requests on Elexicon's customers warrant a full oral hearing process. A complete evidentiary record will be important for the OEB's consideration of these unprecedented requests.

Please feel free to contact me if you have questions.

Yours truly,

**Julie E. Girvan**
