Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas)
Ontario Energy Board (OEB) File: EB-2022-0248
Mohawks of the Bay of Quinte Community Expansion Project
Intervention Requests**

Enbridge Gas has reviewed the intervenor request letters for the above noted proceeding from the following parties:

- Environmental Defence (ED)
- Pollution Probe (PP)
- Federation of Rental-housing Providers of Ontario (FRPO)

Enbridge Gas does not object to the intervention requests made by ED, PP and FRPO, but will comment on two statements from ED's intervention request letter filed February 15, 2023. In its letter, ED requests that the OEB consider scheduling a Technical Conference in the next procedural order. Regarding this request, Enbridge Gas submits that it is premature for the OEB to make decisions concerning further process steps at this time and that a more appropriate time to make such decisions is after the initial discovery phase of the OEB's review. ED also makes a request to file evidence in this proceeding. Since no details are provided regarding the nature of the proposed evidence, Enbridge Gas is not able to comment on its relevance at this time. However, the Company reserves its rights to challenge the proposed evidence on that basis once clarity is provided.

Please contact the undersigned if you have any questions.

Yours truly,
