Dear Ms. Marconi:

Re: EB-2022-0156 – Enbridge Gas Inc. – Selwyn Pipeline Project
EB-2022-0248 – Enbridge Gas Inc. – Mohawks of the Bay of Quinte First
Nation Pipeline Project
EB-2022-0249 – Enbridge Gas Inc. – Hidden Valley Pipeline Project

I am writing on behalf of Environmental Defence to submit the attached supplementary interrogatories. These are provided pursuant to the *Decision on Intervenor Evidence* dated April 17, 2023 which stated that “the impact of cold climate heat pumps on, and relevance to, the economics of the proposed natural gas expansion projects may be explored without the necessity of the Environmental Defence evidence, but rather through interrogatories or by further discovery or follow-up as the OEB may require.”

We understand that Enbridge may require additional time to answer these interrogatories and we would consent to an extension of the time for it to provide interrogatory responses should it request one.

Yours truly,

Kent Elson
