Dear Ms. Marconi:

Re: Ultra-Low Overnight Time-of-Use (“ULO TOU”) Price Plan Implementation – Toronto Hydro-Electric System Limited (“Toronto Hydro”) Report on Compliance

On March 21, 2023, the OEB issued a letter concerning the implementation of the ULO TOU price plan. The OEB letter required licensed distributors to confirm implementation by notifying the OEB no later than five business days after the distributor has begun allowing eligible RPP consumers to elect to switch to the ULO TOU price plan.

Toronto Hydro hereby confirms that it has begun allowing eligible RPP consumers to elect to switch to the ULO TOU price plan as of May 1, 2023. The utility regrets the inadvertent delay in providing this confirmation to the OEB.

Please contact me directly if you have any questions or concerns.

Respectfully,
