Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas, or the Company)  
EB-2022-0200 – 2024 Rebasing – Phase 1 Undertaking Responses**

Enbridge Gas filed its 2024 Rates Application and the majority of its supporting evidence on October 31, 2022 and the balance of its evidence on November 30, 2022. In this Application, Enbridge Gas requests approval of rates for the sale, distribution, transmission, and storage of gas commencing January 1, 2024. Enbridge Gas also applies for approval of an incentive rate-making mechanism (IRM) for the years from 2025 to 2028.

In Procedural Order No. 5 the OEB made a provision for a one-day Technical Conference on April 27, 2023, to address updates related to the Guidehouse report entitled “Pathways to Net Zero Emissions for Ontario”. The one-day session was labeled Day 9 of the Technical Conference. On May 4, 2023 Enbridge Gas filed its Day 9 undertaking responses, indicating that it would file a response to Exhibit JT9.16 on May 26, 2023. Enclosed is the response.

Enbridge Gas will post the updated responses to Exhibit JT9.16 on its website at [www.enbridgegas.com/about-enbridge-gas/regulatory](http://www.enbridgegas.com/about-enbridge-gas/regulatory). Enbridge Gas will send a copy of this letter, and a link to the website page, to all parties to the proceeding.

Should you have any questions, please let us know.

Sincerely,

Vanessa Innis
