Re: **Electric Vehicle Integration (EVI) Initiative (EB-2023-0071)**  
**Electric Delivery Rates for Electric Vehicle (EV) Charging Report: Feedback Extension**

---

The Ontario Energy Board (OEB) is extending the deadline to June 14, 2023 for feedback on its consultant report on [Electricity Delivery Rates for EV Charging](#) (the Report) released on April 13, 2023. The Report presented an analysis of the impact delivery costs have on EV charging service providers and owners of EV fleets, and explored alternative delivery rate designs to determine how they may support EV adoption while adhering to sound ratemaking principles. Along with the Report, the OEB released an accompanying [letter](#) which invited stakeholders/interested parties to attend a stakeholder engagement meeting on May 24, 2023 and to provide written comments by June 7, 2023.

The OEB would like to thank those who participated in the May 24, 2023 meeting and remind all stakeholders/interested parties that the materials from the meeting are posted on the Engage with Us Electric Vehicle Integration [website](#).

On May 25, 2023, the Electricity Distributors Association (EDA) filed a written request for an extension to the deadline for written comments to June 14, 2023 to best facilitate feedback from EDA members.

The OEB has decided to grant the requested extension to June 14, 2023 for all parties and encourages the filing of written comments as soon as possible to help inform next steps. Instructions on making a written submission were provided in the original invitation letter and are repeated in Appendix A of this letter, below.

Any questions relating to this letter should be directed to [evintegration@oeb.ca](mailto:evintegration@oeb.ca).

Yours truly,

Nancy Marconi  
Registrar

Appendix A: Filing Instructions

## Appendix A: Filing Instructions

Stakeholders are responsible for ensuring that any documents they file with the OEB **do not include personal information** (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*), unless filed in accordance with rule 9A of the OEB's [Rules of Practice and Procedure](#).

Please quote file number **EB-2023-0071** for all materials filed and submit them in searchable/unrestricted PDF format with a digital signature through the [OEB's online filing portal](#).

- Filings should clearly state the sender's name, postal address, telephone number and email address.
- Please use the document naming conventions and document submission standards outlined in the [Regulatory Electronic Submission System \(RESS\) Document Guidelines](#) found at the [File documents online page](#) on the OEB's website.
- Stakeholders are encouraged to use RESS. Those who have not yet [set up an account](#) or require assistance using the online filing portal can contact [registrar@oeb.ca](mailto:registrar@oeb.ca) for assistance.
- Cost claims are filed through the OEB's online filing portal. Please visit the [File documents online page](#) of the OEB's website for more information. All participants shall download a copy of their submitted cost claim and serve it on all required parties as per the [Practice Direction on Cost Awards](#).

All communications should be directed to the attention of the Registrar and be received by end of business, 4:45 p.m., on the required date.

With respect to distribution lists for all electronic correspondence and materials related to Electric Delivery Rates for Electric Vehicle Charging Report, stakeholders should include Justin Malecki at [evintegration@oeb.ca](mailto:evintegration@oeb.ca).
