Dear Ms. Marconi,

**EB-2023-0061 – Hydro One Sault Ste. Marie Limited Partnership Leave to Construct Application – Sault #3 Transmission Line Refurbishment Project – Confirmation of FIPPA Compliance**

Pursuant to s.92 of the *Ontario Energy Board Act, 1998* (the “Act”) Hydro One Sault Ste. Marie Limited Partnership (“HOSSM”) applied to the Ontario Energy Board (“OEB”) for an Order or Orders granting leave to refurbish the existing Sault #3 transmission line (“Sault #3”), as part of the (“**Sault #3 Transmission Line Refurbishment Project**” or the “**Project**”) between Third Line Transformer Station (“TS”) and Mackay TS connecting the Montreal River area with the Sault Ste. Marie area.

Additionally, pursuant to s.97 of the Ontario Energy Board Act, 1998, HOSSM sought OEB approval for an Order granting approval of the forms of the agreement offered or to be offered to affected landowners.

HOSSM is confirming that the documents filed in support of the referenced application do not include any personal information under the *Freedom of Information and Protection of Privacy Act* (Ontario) (“FIPPA”) with respect to this application.

An electronic copy of this letter has been filed through the OEB’s Regulatory Electronic Submission System.

Sincerely,

Joanne Richardson
