**Re: Hydro One Sault Ste. Marie Limited Partnership  
Leave to Construct Application - Sault #3 Transmission Line Refurbishment  
Project  
OEB File Number: EB-2023-0061 - Interrogatory Filing Extension**

On August 18, 2023, the Ontario Energy Board (OEB) issued Procedural Order No. 1 in this proceeding which among other matters established the date for parties to file interrogatories. Procedural Order No.1 was amended on September 19, 2023 --- to correct for a typographical error.

On September 18, 2023, Batchewana First Nation (BFN) filed a letter requesting the OEB accept its interrogatories if filed by September 25, 2023, which is after the September 11, 2023 deadline established in Procedural Order No. 1. BFN explained that the delay in filing was due to their newly appointed Chief and Council members being in the process of getting up to date on various matters.

On September 21, 2023, Perimeter Forest Limited Partnership (PFLP) also requested an extension for filing interrogatories to September 21, 2023.

The OEB grants the requests made by BFN and PFLP. The OEB has accordingly revised the dates for the filing of interrogatories and interrogatory responses as follows:

1. OEB staff and intervenors shall request any relevant information and documentation from HOSSM that is in addition to the evidence already filed, by written interrogatories filed with the OEB and served on all parties by **September 25, 2023**.
2. HOSSM shall file with the OEB complete written responses to all interrogatories and serve them on all parties by **October 2, 2023**.

Yours truly,
