PWU was denied intervenor status in EB-2023-0004 and EB-2023-0059.

Issues:

The PWU is directly affected by the proceeding in that the payments at issue in the application bear on the financial affairs of the utility and the utility's investment plans and deferral of

work, all of which directly bears on workforce issues such as new hiring and retirement.

Additionally, the PWU is impacted by policies and programs involving renewable energy. PWU advocates for policies that promote reliable systems through long-term and bulk investment in infrastructure.

Policy Interests:

Not applicable

Hearings:

No position.

Evidence:

The PWU expects to participate in interrogatories but not to file evidence of its own.

Coordination with Other Intervenors:

The PWU and its representatives will draw on their long history of participation in OEB proceedings, as well as their established working relationships with representatives of the other frequent intervenors, to coordinate its intervention in an efficient manner.

In particular, the PWU has a track record of working closely with representatives of the Society of Unionized Professionals to coordinate the parties' respective participation in OEB proceedings.
