Dear Ms. Marconi:

**Re: OEB File No. EB-2023-0195, Toronto Hydro-Electric System Limited (“Toronto Hydro”)
2025-2029 Custom Rate Application for Electricity Distribution Rates and Charges –
Interrogatory Responses**

On February 12, 2024, Toronto Hydro received approximately 2500 interrogatories, including subparts, from OEB Staff and various parties in this proceeding.

Some interrogatories requested live excel models to be filed. Where applicable, the excel models are provided as appendices to the response and the files are named accordingly.

Toronto Hydro notes that some interrogatories asked for copies of third-party agreements and reports to be filed, specifically interrogatories 1B-SEC-05, 1B-SEC-11, 2B-SEC-64 and 2B-Staff-237. The utility is in the process of obtaining consent from the third-parties in question, and will file any outstanding information by March 20, 2024, or sooner if possible.

In addition, a number of interrogatories requested 2023 actual results. Toronto Hydro has provided this information, where possible, and intends to file any outstanding information by April 2, 2024.

Lastly, a number of interrogatory responses contain confidential information. Under separate cover, Toronto Hydro requests that these responses be treated confidentially, pursuant to the OEB’s Rules of Practice and Procedure and the OEB’s Practice Direction on Confidential Filings.

Please do not hesitate to contact us if you have any questions.

Sincerely,
