Hi I have the following concerns about THESL_JT1.7 - TC Undertaking responses -_redacted

1. The asset - underground cable is missing ? Again why is there no asset condition assessments on this very important and expensive asset?

2. Toronto Hydro using Metsco as a third party. The principals of the company and some staff worked for Toronto Hydro before . As a rate payer how can I be assured that non bias exists with third party reports that are funded by utilities who have control of the output?

3-  THESL_JT1.7_TC Undertaking Responses_redacted_20240422

3-  po4_THESL_COS 2025-2029

3. Can you please explain why the redactions exist?

Thank you.
