Dear Mr. Stevens:

**Re: Enbridge Gas Inc. – Motion to Review the December 21, 2023
Decision and Order in EB-2022-0200
Ontario Energy Board File Number: EB-2024-0078**

On January 29, 2024, Enbridge Gas filed a Motion for Review and Variance (Motion) of the December 21, 2023 Decision and Order in the EB-2022-0200 proceeding (Enbridge Decision). On February 12, 2024, the Ontario Energy Board (OEB) issued an Order for a Partial Stay of the Enbridge Decision as it pertains to the Customer Revenue Horizon Issue, until April 30, 2024. Subsequently, as requested by Enbridge Gas, the OEB put the Motion in abeyance until April 30, 2024.

In granting the Partial Stay, the OEB concluded that it would be inefficient to spend time on the Customer Revenue Horizon Issue pending legislation proposed by the Minister of Energy which could make this portion of the Enbridge Decision moot. This legislation (Bill 165) has now been tabled in the legislature and has been ordered for third reading. If passed, the legislation would enable regulations to be made on the Customer Revenue Horizon issue. The same reason for issuing the stay persists, therefore the OEB is extending the stay until June 28, 2024.

The abeyance period for the Motion is also being extended to June 28, 2024. If Enbridge Gas has any submissions on the further abeyance of the Motion, they should be filed no later than June 18, 2024, ten days before the abeyance period ends.

Yours truly,

Nancy Marconi
Registrar
