Dear Ms. Marconi,

**RE: Hydro Hawkesbury Inc.
2025 Cost of Service Application
Ontario Energy Board File Number: EB-2024-0031**

This is a follow-up to the letter of cost-of-service deferral sent on November 23, 2023, in which Hydro Hawkesbury Inc. ("HHI") respectfully requests that it be scheduled for a 2025 Test Year with rates effective January 1, 2025.

HHI is writing to the Ontario Energy Board to inform them that it is working diligently on its Cost-of-Service Application for rates starting January 1, 2025. Unfortunately, HHI has determined that it will not be able to meet the May 1, 2024, deadline, but it believes it will be able to file its Cost-of-Service rate application with the OEB by the end of June 2024. HHI commits to keep its assigned Board Staff updated on its progress toward fulfilling the new deadline.

If you have any questions regarding the foregoing, please contact the undersigned. Please do not hesitate to contact the signatories if additional information is required.

Regards.
