2.6 Exhibit 6: Revenue Requirement and Revenue Deficiency or Sufficiency

Table of Contents

2.6 Exhibit 6: Revenue Requirement and Revenue Deficiency or Sufficiency	2
2.6.0 Overview	3
2.6.1 Revenue Requirement Work Form	11
2.6.2 Taxes or Payments in Lieu of Taxes (PILs) and Property Taxes	12
2.6.2.1 Income Taxes or PILs	12
2.6.2.2 Other Taxes	19
2.6.2.3 Non-Recoverable and Disallowed Expenses	20
2.6.3 Other Revenue	20

2.6.0 Overview

2

1

- 3 Festival Hydro Inc. ("FHI") has included the following information in this Exhibit, excluding
- 4 energy costs (i.e. Cost of Power and associated costs) and revenues:
- Determination of Net Utility Income
- Statement of Rate Base
- Actual Utility Return on Rate Base
- Indicated Rate of Return
- Requested Rate of Return
- Deficiency or Sufficiency in Revenue
- Gross Deficiency or Sufficiency in Revenue
- The information in this Exhibit supports FHI's request in this Application for an increase
- in its Revenue Requirement to support the proposed capital and operating budgets for
- 2025 to service debt, to pay deemed PILs and to return the allowed Return on Equity.
- FHI has determined that the Revenue Deficiency for the 2025 Test Year is \$2,813,456.
- 16 The calculations on which this determination is based are set out below. The Revenue
- 17 Deficiency calculation does not include the following:
 - Recovery of Deferral and Variance Accounts
 - Other electricity charges which include Energy Commodity, Transmission Charges
- 20 and Wholesale Market Service Charges
- These items are considered elsewhere in this Application and are treated either as
- recoveries of regulatory assets or regulatory liabilities on the Balance Sheet, or as energy
- related costs recorded in the OEB-prescribed Retail Settlement Variance Accounts.

18

Revenue Requirement

- 2 FHI's Revenue Requirement consists of the following:
- Operations, Maintenance and Administration (OM&A) Expense
- 4 Property Taxes
- Depreciation/Amortization Expense
- 6 PILs

1

- Return on Rate Base (Deemed Interest & Return on Equity)
- 8 FHI's Revenue Requirement is primarily received through electricity distribution rates with
- 9 Other Revenue from Board-approved specific service charges such as Late Payment
- 10 Charges and Other Miscellaneous Charges.
- 11 These Other Revenues, as described in 2.6.3, are treated as offsets against FHI's Service
- 12 Revenue Requirement to calculate the Base Revenue Requirement upon which class-
- specific distribution rates are calculated.
- 14 FHI has included the OEB's Revenue Requirement Work Form ("RRWF") as Attachment
- 15 6-2 of this Exhibit as a PDF document and has also included an Excel version.
- 16 FHI has ensured that numbers entered in the RRWF reconcile with the appropriate
- 17 numbers in other Exhibits of this Application.

18 **Determination of Net Utility Income**

- 19 FHI has determined its allowable 2025 Net Income as \$2,658,876. Table 6-1 provides the
- 20 detailed Net Income calculation for the 2025 Test Year.

21

22

23

Table 6-1 - Determination of Net Income

Details	Initial Application
Operating Revenues:	
Distribution Revenue (at Proposed Rates)	16,210,710
Other Revenue	1,166,332
Total Operating Revenues	17,377,042
Operating Expenses:	
OM&A Expenses	9,275,584
Depreciation/Amortization	2,969,170
Property Taxes	154,677
Total Operating Expenses	12,399,431
Deemed Interest Expense	2,097,975
Total Expenses	14,497,406
Utility income before income taxes	2,879,635
PILs (grossed-up)	220,759

Utility Net Income \$ 2,658,876

Statement of Rate Base

- 5 A summary of FHI's Rate Base for the 2025 Test Year, calculated on FHI's deemed
- 6 capital structure in accordance with the OEB Filing Requirements, is summarized in Table
- 7 6-2. FHI's 2025 Rate Base is \$72,173,625.

8

3

4

1

9

10

11

Table 6-2 – Rate Base

Rate Base							
Details							
Net Fixed Assets							
Fixed Assets Opening Balance 2025	64,251,162						
Fixed Assets Closing Balance 2025	68,637,983						
Net Fixed Assets (Average)	66,444,572						
Allowance for Working Capital	5,729,053						
Total Rate Base	72,173,625						
Allowance for Working Capital - Derivation							
Controllable Expenses	9,298,129						
Cost of Power	67,089,241						
Working Capital Base	76,387,370						
Working Capital Rate (%)	7.5%						
Working Capital Allowance	5,729,053						

1 Actual Utility Return on Rate Base

- 2 Table 6-3 summarizes the computation of FHI's 2025 Test Year at Existing Rates and the
- 3 2025 Test Year at Proposed Rates in order to achieve the Required Revenue.

5 **Table 6-3 – Return on Rate Base**

Description	2025 Test Existing Rates	2025 Test Required Revenue	
Actual Return on Rate Base			
Rate Base	72,173,625	72,173,625	
Interest Base	2,097,975	2,097,975	
Net Income	777,279	2,658,876	
Total Actual Return on Rate Base	2,875,255	4,756,852	
Actual Return on Rate Base	3.98%	6.59%	

Required Return on Rate Base		
Rate Base	72,173,625	72,173,625
Return Rates:		
Return on Debt (Weighted)	4.84%	4.84%
Return on Equity	9.21%	9.21%
Deemed Interest Expense	2,097,975	2,097,975
Return on Equity	2,658,876	2,658,876
Total Return	4,756,852	4,756,852
Actual Return on Rate Base	6.59%	6.59%

1 Indicated Rate of Return

- 2 FHI's 2025 Indicated Rate of Return is 6.59% as presented in Table 6-4 and is calculated
- as the sum of Utility Net Income and Deemed Interest Expense divided by the Utility Rate
- 4 of Return on Rate Base.

5 Requested Rate of Return

- 6 FHI has determined its requested Rate of Return on Base to be 6.59% or \$4,756,852.
- 7 Table 6-3 above summarizes the computation of FHI's 2025 Requested Rate of Return
- 8 on Rate Base of 6.59%.
- 9 As summarized in Table 6-3, in the absence of a change to distribution rates for 2025, as
- proposed in this Application, and assuming that the 2025 Approved rates remained
- unchanged, FHI's Return on Rate Base would be \$2,875,255 or 3.98%.

12 Deficiency or Sufficiency in Revenue

- FHI has provided a detailed calculation supporting its 2025 Revenue Deficiency in Table
- 14 6-4 in this Exhibit.

15 Gross Deficiency or Sufficiency in Revenue

- FHI has provided a detailed calculation supporting its 2025 Revenue Deficiency in Table
- 17 6-4. The Gross Revenue Deficiency is calculated at \$2,813,456. Table 6-4 provides the
- 18 Revenue Deficiency calculation for the 2025 Test Year at Proposed Rates, which
- balances the Revenue Deficiency, Net Income and Total Return on Rate Base.

Cost Drivers on Revenue Deficiency

Table 6-5 below outlines the contributors to the Revenue Deficiency by Revenue Requirement component. Column A lists the 2015 Approved amounts. Column B lists the 2025 Revenue at Existing Rates shown in Table 6-4 allocated to Revenue Requirement component based on the proportions in Column A. It is FHI's view that Column B estimates the Revenue Requirement components for revenue at existing rates based on the components assumed in existing rates. Column C lists the 2025 Proposed

- 1 Components. Finally, Column D represents the difference between Column C and
- 2 Column B which provides an estimate of the revenue requirement components for the
- 3 Revenue Deficiency of \$2,813,456. Column B does not represent actual costs and are
- 4 allocated in proportion to 2015 Board Approved.

Table 6-5 – Revenue Deficiency by Revenue Requirement Component

Description	2015 Approved (A)	2025 Revenue at Existing Rates Allocated in Proportion to 2015 Approved (B)	2025 Proposed (C)	Revenue Deficiency (D = C - B)
OM&A	5,156,282	6,698,342	9,255,534	2,557,192
LEAP	13,000	16,888	20,050	3,162
Property Tax	19,225	24,975	154,677	129,702
Depreciation	2,082,559	2,705,378	2,969,170	263,792
Return on Deemed Equity	2,298,170	2,985,471	2,658,876	-326,594
PILs	142,098	184,594	220,759	36,165
Deemed Interest	1,499,494	1,947,939	2,097,975	150,036
Total	11,210,828	14,563,586	17,377,042	2,813,456

Description	2015 Approved (A)	2025 Proposed (C)	Difference (C - A)
Rate Base	61,778,759	72,173,625	10,394,866

- 8 There are two main contributors to the revenue deficiency of \$2,813,456 for the 2025 Test
- 9 Year:

6

7

- The main contributor is the increase in Depreciation as detailed in Exhibit 2. The 2015
- Board Approved average net fixed assets was \$52,171,405 compared to \$66,444,572 in
- the 2025 Test Year (Table 2-1). Details with respect to the increases in the net fixed
- assets are provided as evidence in Exhibit 2.
- The second contributor is the increase in OM&A as detailed in Exhibit 4. Please refer to
- 15 Exhibit 4, Table 4-3- Summary of OM&A Increases for 2025 Test Year OM&A

- 1 Expenditures and the supporting explanation for the increase of \$4,241,756 in OM&A
- 2 inclusive of LEAP and property taxes since 2015 Board Approved balances.

3

4 Change in Methodology

5 FHI has not made any changes to methodologies to deficiency / sufficiency.

6

7 2.6.1 Revenue Requirement Work Form

- 8 The RRWF (Revenue Requirement Work Form) has been included in this Exhibit as
- 9 Attachment 6-2 FHI_2025_Rev_Reqt_Workform_1.0_20240426.
- 10 The 2024 Bridge Year forecast of distribution revenue at existing rates, including
- transformer allowance is \$13,685,003, as presented in Table 6-6 below.

Table 6-6 – Calculation of 2024 Bridge Year Forecast at Existing Rates

Rate Class	Current ixed Rate	Current riable Rate	Annual kWh	Annual kW	Customer/ Connection Count	Fixed Distribution Revenue	Variable Distribution Revenue	Dist. Rev. Including Transformer
Residential	\$ 32.16	\$ -	20,299		20,299	7,833,721	-	7,833,721
General Service < 50 kW	\$ 36.86	\$ 0.0182	62,309,194		2,136	944,715	1,134,027	2,078,743

5

1

6 2.6.2 Taxes or Payments in Lieu of Taxes (PILs) and Property

7 Taxes

8

9 2.6.2.1 Income Taxes or PILs

10 Overview

- 11 FHI is subject to the payment of PILs under Section 93 of the Electricity Act, 1998, as
- amended. FHI does not pay Section proxy taxes and is exempt from the payment of
- income and capital taxes under the Income Tax Act (Canada) and the Ontario
- 14 Corporations Tax Act. Table 6-9 below provides a summary of 2015 Board Approved,
- 2016-2022 Actual income taxes included in audited statements, 2023 and 2024 Bridge

- Year estimate using current rates, and 2025 Test Year income taxes based on revised
- 2 rates. In this Application, FHI is forecasting a taxable income of \$637,098 and is
- 3 requesting \$162,258 in PILs for recovery, grossed up to \$220,759 for revenue
- 4 requirement purposes. The Financial Statements that have been included with this
- 5 Application are the same as those provided with the tax returns.
- 6 FHI notes that it pays dividends each year to its shareholders; however, since the
- 5 shareholders are municipalities and not subject to income taxes, the dividends are treated
- 8 as non-taxable and do not affect the PILs return.
- 9 Table 6-9 below provides a summary of the 2015 through 2022 Actuals, 2023 Forecast
- and the 2024 Bridge and 2025 Test Year PILs estimates. The historical years' balance
- 11 represents the actual numbers per the general ledger which are a mix of year-end
- provision estimates and prior year adjustments made when the tax returns were actually
- filed. The 2023 through 2025 estimates are based on the rates prescribed by the Board
- in the Board's Income Tax /PILs Work Form for 2024 filers as provided in Attachment 6-
- 15 3.

16

Table 6-9 – Summary of PILs

Description	2015	2016	2017	2018	2019	2020	2021	2022
Description	Actual	Actual	Actual	Actual	Actual	Actual	Actual	Actual
Income Taxes (Current)	65,000	266,000	225,630	325,400	207,361	234,092	322,507	160,945
Income Taxes (Prior Years)	29,000		5,370		(19,135)		3,923	(56,545)
Total Taxes per GL	94,000	266,000	231,000	325,400	188,226	234,092	326,430	104,400

- The 2025 Test Year PILs have been determined by applying substantively enacted 2023
- 19 rates against taxable regulatory income.
- 20 A copy of 2022 Federal and Provincial (Ontario) tax return (with Notice of Assessment)
- 21 has been provided in Attachment 6-4. PILs amounts included in the 2022 financial
- statements are based on the estimates in the audited year-end financial statements and
- will differ from the actual PILs return. The difference between actual and estimate will be
- recorded in the 2023 financial statements.

- 1 At the time of filing this Application, FHI has not filed its 2023 corporate income tax
- 2 returns. FHI does not expect significant changes between the final 2023 corporate income
- tax returns and the 2023 forecast income tax provision. FHI will provide a copy of the final
- 4 2023 tax returns as soon as they are available and update the Board's Income Tax/PILs
- 5 Work Form model for the 2023 Actuals.
- A summary of the variances between the recorded amounts in the General Ledger (GL)
- 7 and the actual tax returns is shown below in Table 6-10.

Table 6-10 Variance of PILs to the General Ledger

Description	2015	2016	2017	2018	2019	2020	2021	2022
	Actual	Actual	Actual	Actual	Actual	Actual	Actual	Actual
Income Taxes (Actual)	51,813	279,802	225,820	323,397	207,788	241,608	282,822	247,957
Income Taxes (per GL)	94,000	266,000	231,000	325,400	188,226	234,092	326,430	104,400
Variance Return per GL	(42,187)	13,802	(5,180)	(2,003)	19,562	7,516	(43,608)	143,557

- Variances of PILs to the GL are due to audited financial statements being prepared and
- approved in April of the following year however PILs returns are filed June 30 of the
- following year. PILs balances are estimated by FHI, and the estimate is audited by KPMG
- for reasonability for financial statement purposes. No variance between 2015 and 2021
- has exceeded materiality. In 2022, early auditor estimates included a higher amount of
- 15 CCA than was calculated on the final return.
- 16 FHI has used the most recent tax rates available at present, which are provided in Table
- 17 6-11.

18

19

20

21

22

8

Table 6-11 Corporate Tax Rates for Tax Year

Corrected Tay Bates for Tay Veer	2024	2025
Corporate Tax Rates for Tax Year	Bridge	Test
Small Business Deduction	7.0%	7.0%
Federal Income Tax	15.0%	15.0%
Ontario Income Tax	11.5%	11.5%
Combined Income Tax	26.5%	26.5%

- 1 FHI has calculated PILs using the Board approved model Income Tax/PILs Work Form
- and has attached it as a live spreadsheet to this Application. A summary of the calculation
- 3 of Regulatory Taxable Income is provided in Table 6-12 below.

4 5

Table 6-12 Taxable Income Calculation

Description	2024 Bridge	2025 Test
Determination of Taxable Income		
Utility Income Before Taxes	1,978,027	2,658,876
Additions to Accounting Income		
Amortization of Tangible Assets	2,708,261	3,022,529
Non-Deductible Interest and Penalties	39,990	
Charitable Donations	50,300	50,300
Non-Deductible Meals and Entertainment Expense	5,500	5,500
Inducement Under ITA 12(1)(x)	6,000	6,000
Total Additions	2,810,051	3,084,329
Deductions from Accounting Income		
Capital Cost Allowance From Schedule 8	4,516,068	4,978,956
Contributions to Deferred Income Plans		
Amortization of Deferred Revenue	76,869	76,851
Overhead Capitalized for Accounting		
Non-Capital Losses of Previous Tax Years		
Total Deductions	4,592,937	5,055,807
Net Income For Tax Purposes	195,141	687,398
Charitable Donations	55,150	50,300
Regulatory Taxable Income	139,991	637,098

7

- 8 The table presents the calculation of taxable income for the 2025 Test Year. Regulatory
- 9 Taxable Income is before donation. Tax adjustments are made for both temporary and
- permanent differences and reserves. The most significant temporary variance relates to

- the difference between depreciation for accounting purposes versus capital cost
- 2 allowance (CCA) for tax purposes.

Loss Carry Forwards

4 FHI does not have any non-capital loss carryforwards as of 2022.

5

Other Additions and Deductions

- 7 In accordance with the Filing Requirements, FHI has excluded the deferral and variance
- 8 accounts for Regulatory Assets and Liabilities from the reserve balances for 2024 Bridge
- 9 Year and 2025 Test Year.

10

11

Tax Credits

- 12 FHI takes advantage of tax credits where available to minimize taxes payable. Table 6-
- 13 summarizes the tax credits for the historical years 2015-2022 Actuals and 2023
- Forecast. FHI has forecasted tax credits of \$6,573 for the 2025 Test Year. Every year,
- 15 FHI claims tax credits for co-op students. In addition, FHI also claims tax credits for
- SR&ED in years where there are expenditures of that type. FHI does not budget for the
- SR&ED tax credits as they are sporadic and not consistent year to year. FHI does not
- anticipate SR&ED applicable projects in 2023, 2024 and 2025.

1 Accelerated CCA

- 2 On June 21, 2019, Bill C-97, the Budget Implementation Act, 2019, No. 1, was given
- Royal Assent. Included in Bill C-97 are various changes to the federal income tax regime.
- 4 One of the changes introduced by Bill C-97 is the Accelerated Investment Incentive
- 5 Program, which provides for a first-year increase in CCA deductions on eligible capital
- 6 assets acquired after November 20, 2018.
- As per the OEB's July 25, 2019, letter, the OEB expected distributors to:
- 1. Record the impacts of CCA rule changes in Account 1592 PILs and Tax

 Variances CCA Changes for the period November 21, 2018, until the effective
 date of the distributor's next cost-based rate order.
 - Record the full revenue requirement impact of any changes in CCA rules that are not reflected in base rates in Account 1592 – PILs and Tax Variances – CCA Changes.
- 3. Bring forward any amounts tracked in Account 1592 PILs and Tax Variances –

 CCA Changes for review and disposition in accordance with the OEB's filing

 requirements for the disposition of deferral and variance accounts, which would

 generally coincide with a distributor's next cost-based rate application.
- 18 FHI has included the balance from 2019-2023 in Account 1592 to be cleared in this
- Application. FHI has also projected the balance from 2024 and is requesting that this
- 20 estimate be cleared through Account 1592. Any material variances from the projected
- amount will be carried forward in Account 1592. FHI is applying the revised accelerated
- 22 CCA changes to revenue requirement in 2025. This tax being phased out beginning in
- 23 2024. FHI is requesting that any rate base implications from the phase out beyond the
- test year be tracked in a 1592 sub-account to be recovered at the next Cost of Service
- 25 Application.

11

- FHI completed the integrity checks for the following information as detailed in the filing requirements:
 - The depreciation and amortization added back in the PILs model agree with the numbers disclosed in the rate base section of the Application. Note that these depreciation amounts for tax purposes include recognized deferred revenues in USoA 2440.
 - The capital additions and deductions in the UCC/CCA Schedule 8 agree with the rate base section for Historical, Bridge and Test Years.

- Schedule 8 of the most recent federal T2 tax return filed as a closing December 31, 2022, agrees with the opening 2023 Forecast Year UCC. FHI confirms that there were no non-distribution tax amounts on Schedule 8 on the December 31, 2022, tax return. The 2023 T2 tax return has not been filed as of the submission date of this Application. 2022 T2 tax return balances have been used with 2023 taxes estimated using figures from the audited financial statements.
 - The CCA deductions in the PILs tax model for Historic, Bridge and Test Years agree with the numbers in the UCC schedules for the same years filed in the Application.
 - FHI does not have any loss carry forwards from prior years.
 - CCA is maximized each year except 2024 Bridge Year as there was a loss triggered so full CCA was not taken.
 - Post-retirement benefit obligations added back on Schedule 1, the reconciliation
 of accounting income to net income for tax purposes, agree with the amounts
 provided in the OM&A analysis for compensation.
 - The income tax rate used to calculate the tax expense is consistent with FHI's actual tax facts and the evidence filed in the Application.

2.6.2.2 Other Taxes

Property Taxes

- 22 FHI pays property taxes to the City of Stratford and the Township of Seaforth for its
- 23 Service Centre and Administration premises and the Municipal Substations and
- 24 Transformer Stations. In addition, FHI makes annual payments to the Ontario Electricity
- 25 Financial Corporation for "Payments in Lieu of Property Taxes". Property taxes for the
- 26 2015 Board Approved, Historical years 2015-2023, the 2024 Bridge Year and the 2025
- 27 Test Year are provided in Table 6-15 below.

Table 6-15 Property Taxes

ltem	2015 Board Approved	2015 Actual	2016 Actual	2017 Actual	2018 Actual	2019 Actual
Property Taxes	\$ 19,225	\$ 96,756	\$ 38,017	\$ 55,726	\$ 82,847	\$ 74,054
ltem	2020 Actual	2021 Actual	2022 Actual	2023 Actual	2024 Bridge	2025 Test
Property Taxes	\$135,993	\$126,934	\$126,868	\$151,191	\$143,937	\$154,677

Property taxes for the 2025 Test Year are based on 2024's estimate with cost increase of 5%, which was an estimate when the budget was created. FHI may update this figure through the process of the Application. In 2023 there was a reassessment done that required back payment. In the 2015 Board Approved amount as well as to a lesser degree

through to 2019, Property Taxes were partially built into or allocated other OM&A

accounts. From 2020 and on, the full Property Taxes have been separated into USoA

9 6105.

2.6.2.3 Non-Recoverable and Disallowed Expenses

10 11

14

7

8

12 FHI has not included donations, other than LEAP, in the calculation of revenue

requirement. FHI does not have any additional expenses that are deductible for general

tax purposes, but for which recovery in 2025 distribution rates would be partially or fully

15 disallowed.

2.6.3 Other Revenue

16 17

- 18 Other Distribution Revenues are revenues that are distribution related but are sourced
- from means other than distribution rates. For this reason, other revenues are deducted
- 20 from FHI's proposed Revenue Requirement.
- 21 Other Distribution Revenues includes:
 - Specific Service Charges

 Late Payment Charges 1 Other Distribution Revenues 2 Other Income and Expenses 3 FHI has incorporated all changes to Customer Service Rules and any amendments to the 4 5 Distribution System Code, Standard Supply Service Code, Unit Submetering Code, and other applicable codes since its last COS. 6 7 FHI has not proposed any new specific service charges or incorporated new rates or rules that would impact Other Revenue. 8 9 Table 6-16 below provides details on the Other Revenue included in FHI's Operating Revenue which agrees to the Other Revenue component of Table 3-1 in Exhibit 3. Each 10 variance that is above the materiality threshold of \$80,000 as calculated in Exhibit 1, Table 11 1-13, is highlighted in blue and an explanation for this variance is provided below in Tables 12 13 6-14 to 6-20. 14 15 16

4

- 5 FHI notes that in the tables below and in Appendix 2-H, revenue and expenses from
- 6 affiliate transactions are recorded appropriately in Account 4375 and 4380, respectively
- 7 with the exception of Affiliate Rental Revenues which are included in 4210.
- 8 These balances have been reconciled to Appendix 2-N Shared Services and Corporate
- 9 Cost Allocation and are reconciled below in Table 6-22.

- 1 FHI confirms that microFIT charges are recorded as a revenue off-set in Account 4235–
- 2 Miscellaneous Service Revenue.
- 3 FHI confirms that its allocation of cost methods does not result in the cross-subsidization
- 4 between regulated and non-regulated lines of business, products, or services.
- 5 FHI does not deviate from Article 340 of the APH in any of the following disclosures.
- 6 FHI confirms that there are no discrete customer groups that will be materially impacted
- 7 by changes to other rates and charges.
- 8 FHI confirms that revenues or costs (including interest) associated with deferral and
- 9 variance accounts are not included in other revenues.

10 Variance Analysis of Other Revenue

Table 6-17 2015 Actual vs 2015 Board Approved

USoA	Other Revenue	2015 Actual	2015 Board Approved	2015 Actual vs 2015 Board Approved
4305	Regulatory Debits	(322,166)	-	(322,166)
4375	Revenues from Non-Utility Operations	1,050,422	759,408	255,778

- 12 The material changes include the following:
 - In 2015, \$322K of interest related to the ICM was recorded, this was not included in 2015 Board Approved.
 - In 2015, there was \$221K of CDM incentives received that was not included in the 2015 Board Approved.

Table 6-18 2016 Actual vs 2015 Actual

USoA	Other Revenue	2016 Actual	2015 Actual	2016 Actual vs 2015 Actual
4305	Regulatory Debits	_	(322,166)	322,166
4375	Revenues from Non-Utility Operations	770,088	1,050,422	(280,334)

The material changes include the following:

19

11

13

14

15

16

- As noted above there was \$322K of interest related to the ICM recorded, this was a one-time entry.
 - Similarly, as noted above, there was a \$221K CDM incentive recorded in 2015 but not received in 2016.

2017 Actual vs 2016 Actual

16

20

There are no material variances between 2017 Actual and 2016 Actual.

Table 6-19 2018 Actual vs 2017 Actual

USoA	Other Revenue	2017 Actual	2018 Actual	2018 Actual vs. 2017 Actual
4220	Other Electric Revenues	54,510	228,425	173,915
4375	Revenues for Non-Utility Operations	815,446	1,282,507	467,061

9 The material changes include the following:

- In 2018 there was a large amount of billable work completed which in turn increased the administrative markup recorded in other electric revenue. There was also an increase of \$62K in third party engineering costs that were billed to customers.
- 2018 Actuals included a \$433K CDM incentive compared to \$2K in 2017.

Table 6-20 2019 Actual vs 2018 Actual

USoA	Other Revenue	2018 Actual	2019 Actual	2019 Actual vs. 2018 Actual
4375	Revenues for Non-Utility Operations	1,282,507	898,613	(383,894)

- 17 The material changes include the following:
- This is the reverse as above, 2018 included a \$433K CDM incentive compared to \$0 in 2019.

2020 Actual vs 2019 Actual

There are no material variances between 2020 Actual and 2019 Actual.

Table 6-21 2021 Actual vs 2020 Actual

Revenue Requirement Work Form

Revenue Requirement Workform (RRWF) for 2025 Filers

Version 1.10

Utility Name	Festival Hydro Inc.	
Service Territory		
Assigned EB Number	EB-2024-0023	
Name and Title	Alyson Conrad, Chief Financial Officer	
Phone Number	519-271-4700 ext 221	
Email Address	aconradfestivalhydro.com	
Test Year	2025	
Bridge Year	2024	
Last Rebasing Year	<u>2015</u>	

The RRWF has been enhanced commencing with 2017 rate applications to provide estimated base distribution rates. The enhanced RRWF is not intended to replace a utility's formal rate generator model which should continue to be the source of the proposed rates as well as the final ones at the conclusion of the proceeding. The load forecasting addition made to this model is intended to be demonstrative only and does not replace the information filed in the utility's application. In an effort to minimize the incremental work required from utilities, the cost allocation and rate design additions to this model do in fact replace former appendices that were required to be filed as part of the cost of service (Chapter 2) filing requirements.

Commencing with 2023 rate applications, the RRWF has been enhanced with an additional column, so that two stages of processing of an application (e.g. interrogatory responses and settlement agreement) between the initial application filing and the OEB decision and draft rate order ("Per Board Decision") can be used. Functionality of the RRWF is the same as in previous versions of the RRWF. (May 2022)

This Workbook Model is protected by copyright and is being made available to you solely for the purpose of filing your application. You may use and copy this model for that purpose, and provide a copy of this model to any person that is advising or assisting you in that regard. Except as indicated above, any copying, reproduction, publication, sale, adaptation, translation, modification, reverse engineering or other use or dissemination of this model without the express written consent of the Ontario Energy Board is prohibited. If you provide a copy of this model to a person that is advising or assisting you in preparing the application or reviewing your draft rate order, you must ensure that the person understands and agrees to the restrictions noted above.

While this model has been provided in Excel format and is required to be filed with the applications, the onus remains on the applicant to ensure the accuracy of the data and

Notes:

General Data inputs are required on Sheets 3. Data from Sheet 3 will automatically complete calculations on sheets 4 through 9 (Rate Base through Revenue Requirement). Sheets 4 through 9 do not require any inputs except for notes that the Applicant may wish to enter to support the results. Pale green cells are available on sheets 4 through 9 to enter both footnotes beside key cells and the related text for the notes at the bottom of each sheet.

- (1) Some Applicants may have a unique rate as a result of a lead-lag study. The default rate for cost of service applications is 7.5%, per the letter issued by the Board on June 3, 2015.
- Data in column E is for Application as originally filed. For updated revenue requirement as a result of interrogatory responses, technical or settlement conferences, etc., use column M and Adjustments in column I
- (3) Net of addbacks and deductions to arrive at taxable income.

Common Equity Cost Rate (%)

Prefered Shares Cost Rate (%)

- (4) Average of Gross Fixed Assets at beginning and end of the Test Year
- (5) Average of Accumulated Depreciation at the beginning and end of the Test Year. Enter as a negative amount.

9.21%

- (6) Select option from drop-down list by clicking on cell M12 or U12. This column allows for the application update reflecting the end of discovery or Argument-in-Chief. Also, the outcome of any Settlement Process can be reflected. Beginning for 2023, two intermediate stages can be shown (e.g., Interrogatory Responses and Settlement Agreement).
- (7) Input total revenue offsets for deriving the base revenue requirement from the service revenue requirement
- (8) 4.0% unless an Applicant has proposed or been approved another amount.
- (9) The default Working Capital Allowance factor is 7.5% (of Cost of Power plus controllable expenses), per the letter issued by the Board on June 3, 2015. Alternatively, a WCA factor based on lead-lag study with supporting rationale could be provided.

Some Applicants may have a unique rate as a result of a lead-lag study. The default rate for cost of service applications is 7.5%, per the letter issued by the Board on June 3, 2015.

(2) Average of opening and closing balances for the year.

Utility Income

Line No.	Particulars	Initial Application	Adjustments	Interrogatory Responses	Adjustments	Settlement Agreement	Adjustments	Per Board Decision

Load Forecast Summary

This spreadsheet provides a summary of the customer and load forecast on which the test year revenue requirement is derived. The amounts serve as the denominators for deriving the rates to recover the test year revenue requirement for purposes of this RRWF.

The information to be input is inclusive of any adjustments to kWh and kW to reflect the impacts of CDM programs up to and including CDM programs planned to be executed in the test year. i.e., the load forecast adjustments determined in **Appendix 2-I** should be incorporated into the entries. The inputs should correspond with the summary of the Load Forecast for the Test Year in **Appendix 2-IB** and in Exhibit 3 of the application.

Appendix 2-IB is still required to be filled out, as it also provides a year-over-year variance analysis of demand growth andf trends from historical actuals to the Bridge and Test Year forecasts.

	Stage in Process:	In	nitial Application										
	Customer Class	Ini	itial Application		Inter	rrogatory Responses	•	Settl	lement Agreement		Pe	r Board Decision	
	Input the name of each customer class.	Customer / Connections Test Year average or mid-year	kWh Annual	kW/kVA ⁽¹⁾ Annual	Customer / Connections Test Year average or mid-year	kW h Annual	kW/kVA ⁽¹⁾ Annual	Customer / Connections Test Year average or mid-year	kWh Annual	kW/kVA ⁽¹⁾ Annual	Customer / Connections Test Year average or mid-year	kWh Annual	kW/kVA ⁽¹⁾ Annual

	Total		605,446,761	948,612		-	-			-			

Notes

⁽¹⁾ Input kW or kVA for those customer classes for which billing is based on demand (kW or kVA) versus energy consumption (kWh)

Cost Allocation and Rate Design

This spreadsheet replaces **Appendix 2-P** and provides a summary of the results from the Cost Allocation spreadsheet, and is used in the determination of the class revenue requirement and, hence, ultimately, the determination of rates from customers in all classes to recover the revenue requirement.

Stage in Application Process: Initial Application

A) Allocated Costs

Name of Customer Class ⁽³⁾ From Sheet 10. Load Forecast	Costs Allocated from Previous Study ⁽¹⁾		%	% Allocated Class Revenue Requirement (1) (7A)		%
1 Residential 2 General Service < 50 kW 3 General Service 50 to 4,999 kW 4 Large Use 5 Senitnel Lighting 6 Street Lighting 7 Unmetered Scattered Load 9 10 11 12 13 14 15 16	\$ \$ \$ \$ \$ \$ \$	6,276,333 1,549,402 3,098,954 143,298 6,747 111,896 24,199	55.98° 13.82° 27.64° 1.28° 0.06° 1.00° 0.22°	% \$ % \$ % \$ % \$	11,070,046 2,031,850 3,769,277 208,065 7,127 224,514 66,163	63.71% 11.69% 21.69% 1.20% 0.04% 1.29% 0.38%

17 18 19 20							
	Total	\$	11,210,828	100.00%	\$ 17,377,041	100.00%	
		Servic	e Revenue Requi	rement (from Sheet 9)	\$ 17,377,041.72		

- (1) Class Allocated Revenue Requirement, from Sheet O-1, Revenue to Cost || RR, row 40, from the Cost Allocation Study in this application. This excludes costs in deferral and variance accounts. For Embedded Distributors, Account 4750 Low Voltage (LV) Costs are also excluded.
- (2) Host Distributors Provide information on any embedded distributor(s) as a separate class, if applicable. If embedded distributors are billed in a General Service class, include the allocated costs and revenues of the embedded distributor(s) in the applicable class, and also complete Appendix 2-Q.
- (3) Customer Classes If these differ from those in place in the previous cost allocation study, modify the customer classes to match the proposal in the current application as closely as possible.

B) Calculated Class Revenues

Name of Customer Class		Load Forecast (LF) X current approved rates		LF X current approved rates X (1+d)		LF X Proposed Rates		Miscellaneous Revenues	
		(7B)		(7C)		(7D)		(7E)	
1 Residential	\$	7,927,314	\$	9,592,069	\$	9,759,676	\$	836,713	
2 General Service < 50 kW	\$	2,084,785	\$	2,522,595	\$	2,316,887	\$	121,333	
General Service 50 to 4,999 kW	\$	2,997,154	\$	3,626,564	\$	3,626,564	\$	175,468	
4 Large Use	\$ \$	190,840 4,866	\$ \$	230,917 5,887	\$ \$	230,456 6,214	\$ \$	8,818 608	
5 Senitnel Lighting 6 Street Lighting	\$ \$	126,082	э \$	152,560	\$ \$	196,758	\$	18,150	
7 Unmetered Scattered Load	\$	66,212	\$	80,117	\$	74,155	\$	5,241	
9 0 1 2 3 4 5 6 7 8 9									
Total	\$	13,397,254	\$	16,210,710	\$	16,210,710	\$	1,166,332	

- (4) In columns 7B to 7D, LF means Load Forecast of Annual Billing Quantities (i.e., customers or connections, as applicable X 12 months, and kWh, kW or kVA as applicable. Revenue quantities should be net of the Transformer Ownership Allowance for applicable customer classes. Exclude revenues from rate adders and rate riders.
- (5) Columns 7C and 7D Column Total should equal the Base Revenue Requirement for each.

 Column 7C The OEB-issued cost allocation model calculates "1+d" on worksheet O-1, cell C22. "d" is defined as Revenue Deficiency/Revenue at Current Rates.
- (7) Column 7E If using the OEB-issued cost allocation model, enter Miscellaneous Revenues as it appears on worksheet O-1, row 19.

C) Rebalancing Revenue-to-Cost Ratios

Name of Customer Class	Previously Approved Ratios	Status Quo Ratios	Proposed Ratios	Policy Range
	Most Recent Year:	(7C + 7E) / (7A)	(7D + 7E) / (7A)	
	2015	, , ,		
	%	%	%	%
Residential	101.88%	94.21%	95.72%	85 - 115
General Service < 50 kW	118.16%	130.12%	120.00%	80 - 120
General Service 50 to 4,999 kW	86.25%	100.87%	100.87%	80 - 120
Large Use	106.38%	115.22%	115.00%	85 - 115
Senitnel Lighting	86.25%	91.14%	95.72%	80 - 120
Street Lighting	120.00%	76.04%	95.72%	80 - 120
7 Unmetered Scattered Load 3 9	120.00%	129.01%	120.00%	80 - 120

⁽⁸⁾ Previously Approved Revenue-to-Cost (R/C) Ratios - For most applicants, the most recent year would be the third year (at the latest) of the Price Cap IR period. For example, if the applicant, rebased in 2020 with further adjustments to move within the range over two years, the Most Recent Year would be 2023. However, the ratios in 2023 would be equal to those after the adjustment in 2022.

⁽⁹⁾ Status Quo Ratios - The OEB-issued cost allocation model provides the Status Quo Ratios on Worksheet O-1. The Status Quo means "Before Rebalancing".

⁽¹⁰⁾ Ratios shown in red are outside of the allowed range. Applies to both Tables C and D.

(D) Proposed Revenue-to-Cost Ratios (11)

Name of Customer Class	Propose	d Revenue-to-Cost Ratio		Policy Range
	Test Year	Price Cap IR F	Period	
	2025	2026	2027	
Residential	95.72%	95.72%	95.72%	85 - 115
General Service < 50 kW	120.00%	120.00%	120.00%	80 - 120
General Service 50 to 4,999 kW	100.87%	100.87%	100.87%	80 - 120
Large Use	115.00%	115.00%	115.00%	85 - 115
Senitnel Lighting	95.72%	95.72%	95.72%	80 - 120
Street Lighting	95.72%	95.72%	95.72%	80 - 120
Unmetered Scattered Load	120.00%	120.00%	120.00%	80 - 120

(11) The applicant should complete Table D if it is applying for approval of a revenue-to-cost ratio in 2025 that is outside of the OEB's policy range for any customer class. Table D will show that the distributor is likely to enter into the 2026 and 2027 Price Cap IR models, as necessary. For 2026 and 2027, enter the planned revenue-to-cost ratios that will be "Change" or "No Change" in 2026 (in the current Revenue/Cost Ratio Adjustment Workform, Worksheet C1.1 'Decision - Cost Revenue Adjustment, column d), and enter TBD for class(es) that will be entered as 'Rebalance'.

New Rate Design Policy For Residential Customers

Please complete the following tables.

A Data Inputs (from Sheet 10. Load Forecast)

Test Year Billing Determinants for Residential Class								
Customers		20,541						
kWh		153,701,712						
Proposed Residential Class Specific Revenue	\$	9,759,676.34						
Requirement ¹

TOTAL	-	-	•	

Checks ³	
Change in Fixed Rate	
Difference Between Revenues @ Proposed Rates	
and Class Specific Revenue Requirement	

Notes:

- ¹ The final residential class specific revenue requirement, excluding allocated Miscellaneous Revenues, as shown on Sheet 11. Cost Allocation, should be used (i.e. the revenue requirement after any proposed adjustments to R/C ratios).
- The distributor should enter the number of years remaining before the transition to fully fixed rates is completed. The change in residential rate design is almost complete and distributors should have either 0 or 1 year remaining. If the distributor has fully transitioned to fixed rates put "0" in cell D40. If the distributor has proposed an additional transition year because the change in the residential rate design will result in the fixed charge increasing by more than \$4/year, put "1" in cell D40.
- ³ Change in fixed rate due to rate design policy should be less than \$4. The difference between the proposed class revenue requirement and the revenue at calculated base rates should be minimal (i.e. should be reasonably considered as a rounding error)

Rate Design and Revenue Reconciliation

This sheet replaces Appendix 2-V, and provides a simplified model for calculating the standard monthly and voluentric rates based on the allocated class revenues and fixed/variable split resulting from the cost allocation study and rate design and as proposed by the applicant. However, the RRWF does not replace the rate generator model that an applicant distributor may use in support of its application. The RRWF provides a demonstrative check on the derivation of the revenue requirement and on the proposed base distribution rates to recover the revenue requirement, based on summary information from a more detailed rate generator model and other models that applicants use for cost allocation, load forecasting, taxes/PILs, etc.

Stage in Process:			Initial Application		Clas	s Allocated Reve	nues					Dist	ribution Rates		Rev	venue Reconciliation	on

Notes:													Rates recover revenue r	equirement	Base Revenue Require	ement	\$16,210,709.91
Transformer Ownership Allowance is	e entered as a nositive a	mount and only for t	those classes to whi	ch it annliee											Difference % Difference		-\$ 2,372.84 -0.015%

² The Fixed/Variable split, for each customer class, drives the "rate generator" portion of this sheet of the RRWF. Only the "fixed" fraction is entered, as the sum of the "fixed" and "variable" portions must sum to 100%. For a distributor that may set the Monthly Service Charge, the "fixed" ratio is calcutated as: [MSC x (average number of customers or connections) x 12 months] / (Class Allocated Revenue Requirement).

The Volumetric rate is calculated as [[allocated volumetric revenue requirement for the class + transformer allowance credit for the class)[(annual estimate of the charge determinant for the test year (either kW or kVA for demand-billed customer classes, or kWh for non-demand-billed classes)]

Tracking Form

The first row shown, labelled "Original Application", summarizes key statistics based on the data inputs into the RRWF. After the original application filing, the applicant provides key changes in capital and operating expenses, load forecasts, cost of capital, etc., as revised through the processing of the application. This could be due to revisions or responses to interrogatories. The last row shown is the most current estimate of the cost of service data reflecting the original application and any updates provided by the applicant distributor (for updated evidence, responses to interrogatories, undertakings, etc.)

Please ensure a Reference (Column B) and/or Item Description (Column C) is entered. Please note that unused rows will automatically be hidden and the PRINT AREA set when the PRINT BUTTON on Sheet 1 is activated.

(1) Short reference to evidence material (interrogatory response, undertaking, exhibit number, Board Decision, Code, Guideline, Report of the Board, etc.)

(2) Short description of change, issue, etc.

2022 FHI Annual Tax Return

KPMG LLP 1400-140 Fullarton Street London ON N6A 5P2 Canada Telephone (519) 672-4880 Fax (519) 672-5684

PRIVATE AND CONFIDENTIAL

Ms Alyson Conrad CFO Festival Hydro Inc. 187 Erie Street Stratford ON N5A 2M6

June 12, 2023

Dear MsConrad:

Subject: Festival Hydro Inc. - Corporate Income Tax Returns

We have enclosed the corporate income tax return(s) (the "Returns") of Festival Hydro Inc. (the "Company") for the period ended December 31, 2022.

- ☑ T2 Corporation Income Tax Return EXEMPT
- ☑ T183 Information Return for Corporations Filing Electronically

(Federal - to be e-filed with CRA) - EXEMPT

- ☑ T2 Corporations Income Tax Return (to be filed with Ministry of Finance) PILS
- ☑ T661 Scientific Research and Experimental Development (SR&ED) Expenditures
 Claim PILS
- ☑ Instalment Schedule
- ☑ Client copy for your records

We have prepared these Returns based on our understanding of and reliance upon the facts, data, materials, assumptions and other information (collectively, the "Information") provided to us by the Company and/or its representatives, and we have not independently investigated or verified the accuracy or completeness of such Information. We accept no responsibility or liability for any errors attributable to our reliance upon inaccurate or incomplete Information. We recommend that you carefully review the Returns in their entirety to ensure that all of the relevant Information is correctly and completely disclosed.

When you are satisfied that the Returns are in order they must be filed (electronically or in paper format) with the respective taxing authorities by the due date (as set out in the following instructions) if late filing penalties are to be avoided or minimized, or if losses are carried back to a prior taxation year. One copy of each Return should be retained for your records (the "Client Copy") and the remaining copies should be completed by an authorized signing officer of the Company and filed as described below.

We would like to remind you that tax-deductible inter-corporate dividends that are received subsequent to April 20, 2015 and that are otherwise tax-free under Part I of the Income Tax Act may be re-characterized, under an expanded anti-avoidance rule in subsection 55(2) of the Income Tax Act, as capital gains that are subject to tax if, in general terms, there is insufficient safe income on hand.

You have advised us that either there is sufficient safe income on hand to support the position that the anti-avoidance rule does not apply to the inter-corporate dividends reported in the Returns, or that the anti-avoidance rule does not apply to the inter-corporate dividends reported in the Returns and that safe income on hand is not required to support the position that the anti-avoidance rule does not apply. If you wish to engage KPMG to prepare a safe income on hand calculation, please contact us and we would be pleased to discuss this with you.

FOREIGN PROPERTY

The information return, which reports the Company's specified foreign property, is Form T1135 - *Foreign Income Verification Statement*. Form T1135 should be completed if at any time during 2022 the total cost of all specified foreign property the Company owned or held a beneficial interest in was more than Cdn\$100,000.

According to the information you have provided to us, the Company did not hold specified foreign property at any time in 2022 with a total cost of more than Cdn\$100,000. As such, we have **not** marked an X in box 259 on page 3 of your return and **we have not completed the Form T1135**. If the information on specified foreign property is incorrect, please let us know immediately.

The Form T1135 is due by **June 30, 2023**. The implications of late filing and/or failure to properly report specified foreign property on the Form T1135 and failure to report income from a specified foreign property on your income tax return are substantial. They include significant penalties and an increase to the normal reassessment period by an additional 3 years. Further, the reassessment period extension would impact otherwise statute-barred tax years and would impact the entire income tax return, not just the foreign income and reporting sections.

DUE DATE OF RETURNS AND PAYMENTS

All returns must be filed with the respective taxing authorities by June 30, 2023 if late filing penalties are to be avoided. We recommend the returns be sent by registered mail and the mailing receipt be kept on file in order to have evidence of the date of filing.

Any balances owing must be remitted as soon as possible if interest charges are to be minimized.

T2 – T183 – INFORMATION RETURN FOR CORPORATIONS FILING ELECTRONICALLY (FEDERAL-EXEMPT)

In order for us to electronically file the Company's corporate exempt income tax return, a signed copy of Form T183CORP – *Information Return for Corporations Filing Electronically* must be returned to us. Please note that we will not electronically file the Company's corporate income tax return until we receive the signed Form T183 Corp.

The Form T183CORP – *Information Return for Corporations Filing Electronically* includes information from your Company's income tax return and all applicable schedules.

Signature

Form T183CORP – Information Return for Corporations Filing Electronically should be completed and signed

No amount is payable for the 2022 taxation year.

Mailing

One copy of the signed Form T183 Corp should be returned to KPMG by fax at (519) 672-5684, as soon as possible, no later than June 30, 2023, in order to have the Company's Return filed on or before the due date for filing. We will not electronically file the Return until we receive a copy of the signed T183CORP. The Form T183CORP must not be sent to the CRA.

T2 - CORPORATION INCOME TAX RETURN - MINISTRY OF FINANCE

Signature

Form T2, the certification section on page 9 should be completed and signed.

Enclosure

A cheque in the amount of **\$5,608** made payable to the Minister of Finance should be attached to the return for the **2022** taxation year. You should write the company's tax account number on the back of the cheque and the taxation year for which the payment is made. Alternatively, you may make the payment at any branch of a chartered bank.

Mailing

One copy of the Return and one copy of the Company's financial statements must be <u>received</u> by The Ministry of Finance, HYDRO PIL DIVISION, PO Box 620, 33 King Street West, Oshawa, ON, L1H 8E9 no later than **June 30, 2023**. For greater certainty, KPMG will not be mailing this Return.

NOTICES OF ASSESSMENT

If your Company receives a Notice of Assessment that does not agree with the returns prepared by us, please contact us so that we can determine whether any action should be taken. The Company has only 90 days (180 days in the case of Ontario) from the date of mailing of the Assessment in which to object. Failure to respond within the prescribed time limit will cause the Company to lose its right to object to the Assessment.

Any balances owing must be remitted by the due date (as set out in the Filing Instructions), or as soon as possible, if interest charges are to be minimized.

SUMMARY OF SCIENTIFIC RESEARCH & EXPERIMENTAL DEVELOPMENT ("SR&ED") CLAIM

We have prepared the SR&ED claim based on our understanding of the information provided to us by the Company and we recommend that you review the claim to ensure that all of the relevant facts are properly disclosed.

The nature of our service is to assist the Company in filing claims for SR&ED investment tax credits. We cannot guarantee CRA will accept the Company's research and development activities as qualifying SR&ED activities or that CRA will approve all the Company's research and development expenditures as qualifying SR&ED expenditures. However, the SR&ED claim was prepared based on our professional judgment that the identified activities constitute qualifying SR&ED and all of the appropriate expenditures relating to those activities have been identified. Much of the success of the submission will depend on the integrity and validity of the data collected.

To mitigate the risk of penalties, Part 9 (Claim preparer information) of Form T661 Scientific Research and Experimental Development (SR&ED) Expenditures Claim must be fully completed (except where the Company has chosen to separately file under CRA's administrative measure). If any of the prescribed claim preparer information is missing, incomplete, or inaccurate, a penalty of \$1,000 may be assessed and the processing of your SR&ED claim may be delayed.

GENERAL RATE INCOME POOL ("GRIP")

Shareholders receiving eligible dividends as compared to non-eligible dividends, are subject to a reduced rate of income tax. Eligible dividends are paid out of the Company's GRIP balance, which at December 31, 2022 is estimated to be \$14,850,790. The supporting calculation is summarized in Schedule 53 of the federal corporate tax return.

In addition, designation of eligible dividends is required, with each shareholder recipient being formally notified in writing <u>at time of payment</u>.

The Company did not designate the payment of an eligible dividend for the current taxation year.

INSTALMENTS

We have prepared and enclose an estimate of tax instalments as applicable for the Company for the taxation year ending on December 31, 2023. The amounts were computed with reference to the Company's taxable income and taxes payable for prior years.

If during the year it is evident that the taxable income or taxable capital for the current year will be substantially less than for the previous taxation year, your instalments may be recalculated. Overpaid instalments may, in certain circumstances, be transferred to other accounts or applied to other liabilities such as payroll withholdings. Please call your KPMG advisor in order that we may determine what course of action should be taken.

In order to avoid interest charges, the tax authorities must receive the instalment payments no later than the date indicated on the attached schedule.

If you have any questions concerning these returns, or if we may be of any further assistance, please feel free to contact us.

Yours truly,

Stephen M. Sauve, CPA, CA Senior Manager

Scientific Research and Experimental Development (SR&ED) Expenditures Claim

Use this form:

- · to provide technical information on your SR&ED projects;
- · to calculate your SR&ED expenditures; and
- to calculate your qualified SR&ED expenditures for investment tax credits (ITC).

To claim an ITC, use either:

- Schedule T2SCH31, Investment Tax Credit Corporations; or
- Form T2038(IND), Investment Tax Credit (Individuals).

The information requested in this form and documents supporting your expenditures and project information (Part 2) are prescribed information.

In Part 6, a new box is added: Box 758 that must be filled if traditional method is used. The information is required for tax year ends after 2020 and optional for tax year ends before 2021.

Your SR&ED claim must be filed within 12 months of the filing due date of your income tax return.

To help you fill out this form, use the T4088, Guide to Form T661, which is available on our website: canada.ca/taxes-sred.

Part 3 - Calculation of SR&ED expenditures

What did you spend on your SR&ED projects?

Section A – Select the method to calculate the SR&ED expenditures	
I elect (choose) to use the following method to calculate my SR&ED expenditures and related investment tax credits (ITC) for this tax year. I understand that my election is irrevocable (cannot be changed) for this tax year.	
160 X I elect to use the proxy method (Enter "0" on line 360 and complete Part 5.)	
I choose to use the traditional method (Enter "0" on line 502. Complete line 360.)	
Section B – Calculation of allowable SR&ED expenditures (to the nearest dollar) • SR&ED portion of salary or wages of employees directly engaged in the SR&ED:	
[39,566
a) Employees other than specified employees for work performed in Canada	39,300
	39,566
	39,300
d) Specified employees for work performed outside Canada (subject to limitations – see guide)	
• Salary or wages identified on line 315 in prior years that were paid in this tax year	
Salary or wages incurred in the year but not paid within 180 days of the tax year end	
• Cost of materials consumed in performing SR&ED	
• Cost of materials transformed in performing SR&ED	
Contract expenditures for SR&ED performed on your behalf:	
a) Arm's length contracts	51,300
b) Non-arm's length contracts	
Overhead and other expenditures (enter "0" if you elected to use the proxy method at line 160)	
• Third-party payments (complete Form T1263*)	
Total allowable SR&ED expenditures (add lines 306 to 370; do not add line 3/15)	90,866
If the above expenditures have been included in your income statement, enter this amount on line 118 of Schedule T2SCH1 or, if you are an inc	lividual, include
this amount in your self-employment income (lines 135 to 143) reported on your individual income tax and benefit return.	
Section C - Calculation of pool of deductible SR&ED expenditures (to the nearest dollar)	
Amount from line 380	90,866
	50,000
Deduct	2 224
provincial government assistance for expenditures included on line 380	2,821
other government assistance for expenditures included on line 380	
non-government assistance for expenditures included on line 380	
SR&ED ITCs applied and/or refunded in the prior year (do not include ITCs allocated from a partnership)	
• sale of SR&ED capital assets and other deductions	100,000
Subtotal (line 420 minus lines 429 to 440) 442 =	88,045
Add	
• repayments of government and non-government assistance that previously reduced the SR&ED expenditure pool 445 +	
• prior year's pool balance of deductible SR&ED expenditures (from line 470 of prior year T661)	
SR&ED expenditure pool transfer from amalgamation or wind-up	
amount of SR&ED ITC recaptured in the prior year	
Amount available for deduction (add lines 442 to 453)	88,045
(enter positive amount only, include negative amount in income)	
● Deduction claimed in the year	88,045
(Corporations should enter this amount on line 411 of schedule T2SCH1)	

Pool balance of deductible SR&ED expenditures to be carried forward to future years (line 455 minus 460)

..... 470 =

^{*} Form T1263, Third-Party Payments for Scientific Research and Experimental Development (SR&ED)

Part 4 - Calculation of qualified SR&ED expenditures for investment tax credit (ITC) purposes (to the nearest dollar)

The resulting amount is used to calculate your refundable and/or non refundable ITC.

Total allowable SR&ED expenditures (from line 380)	492	90,866
Add		
• payment of prior years' unpaid amounts (other than salary or wages) (see note 1)	500 +	
• prescribed proxy amount (complete Part 5)		
	502 +	21,475
	508 +	
Subtotal (add lines 492 to 508)	511 =	112,341
Deduct		
• provincial government assistance	513	3,573
• other government assistance	515	
• non-government assistance and contract payments	517	
• current expenditures (other than salary or wages) not paid within 180 days of the tax year end (see note 1)	520 –	
• 80% of the amounts paid in respect of an SR&ED contract to a person or partnership that is not a taxable supplier	528 –	
• 000% of the consequent on the co 040 and 070	529 –	10.260
• 20% of the amount on lines 340 and 370		10,260
prescribed expenditures not allowed by regulations (see guide)	530	
• other deductions (see guide)	533 -	
• non-arm's length transactions	500	
	538	
- expenditures for non-arm's length SR&ED contracts (from line 345)	541	
	542	
- qualified expenditures you transferred (complete Form T1146**)	544 –	
Qualified SR&ED expenditures (line 511 minus lines 513 to 544)	559 =	98,508
Add		
• repayments of assistance and contract payments made in the year	560 +	
Total qualified SR&ED expenditures for ITC purposes (add lines 559 and 560)	570 =	98,508

^{*} Form T1145, Agreement to Allocate Assistance for SR&ED Between Persons Not Dealing at Arm's Length

Note 1 – For arm's length contracts, only include 80% of the contract amount.

^{**} Form T1146, Agreement to Transfer Qualified Expenditures Incurred in Respect of SR&ED Contracts Between Persons Not Dealing at Arm's Length

Part 5 - Calculation of prescribed proxy amount (PPA)

A notional amount representing your overhead and other expenditures.

This part calculates the PPA to enter on line 502 in Part 4. Do not complete this part if you have chosen to use the traditional method in Part 3 (line 162). You can only claim a PPA if you elected to use the proxy method for the year in Part 3 (line 160).

Special rules apply for specified employees. Calculate your salary base in Section A and the PPA in Section B.

	810	+	39,566
310	812		520
			39,046
	310	810 812	

Salary or wages of specified employees

850	852	854	856	858	860
Column 1	Column 2	Column 3	Column 4	Column 5	Column 6
Name of specified employee	Total salary or wages for the year (SR&ED and non-SR&ED) excluding bonuses, remuneration based on profits, and taxable benefits (to the nearest dollar)	% of time spent on SR&ED (maximum 75%)	Amount in column 2 multiplied by percentage in column 3	2,5 x A x B/365 A = Year's maximum pensionable earnings B = Number of days employed in tax year	Amount in column 4 or 5 whichever amount is les

(Enter total of column 6 on line 816)

Salary base (total of lines 814 and 816)

39,046

Section B - Prescribed proxy amount (PPA)

Enter 55 % of the salary base (line 818)

. 820 =

816

21,475

Enter the amount from line 820 on to line 502 in Part 4 unless the overall cap on PPA applies to you. (See the guide for explanation and example of the overall cap on PPA)

Part 6 - Project costs

Information requested in this part must be provided for **all** SR&ED projects claimed in the year. Expenditures should be recorded and allocated on a project basis.

* For Box 758, the information is required for tax year ends after 2020 and optional for tax year ends before 2021.

Yes If you answered yes to line 218, complete lines 220 and 221 220 221 BN Names of the businesses 2 Section B - Project descriptions 242 What scientific or technological uncertainties did you attempt to overcome? (Maximum 50 lines) With a goal of improving the Outage management techniques in the smart grid, 2. an initiative that was taken in FY22 by Festival Hydro was to integrate a third-party analytics tool (SmartMAP) with various subsystems. Attempts were 3. made to integrate SmartMAP with CIS, GIS, AMY, and SCADA subsystems. It was 4. 5. thought that by doing so, the analytic mode/ of the distribution system could be effectively combined with the data from smart meters, wholesale meter 6. points, and other sensors as part of developing a simulation model of the 7. distribution system. This in turn will provide a higher degree of visibility 8. to respond to voltage sags and swells, 9. erloaded transformers, network losses and power outages. However, as initial tests were carried out, 10. Festival Hydro encountered significant challenges while attempting to 11. 12. integrate the 3rd party analytical tool with each sub-system. Subsequently, the work in FY22 was mainly focused on how to reliably integrate the proposed 13. SmartMAP tool with the MDM and other existing proprietary electrical and 14. 15. software sub-systems, as phese systems were not inherently designed to work 16. 17. As another attempt, Festival Mydy also sought to improve the protection 18. control capabilities of the smart grid through the implementation of an additional relay (IEC61850) | Festival Hydro noted some instances where the 19. 20. fault isolation was not able to operate in the intended manner. Further 21. investigations revealed some missing configuration with the existing logical operations associated with the relay. Systematic investigations were 22. necessary to address this issue. 23. What work did you perform in the tax year to overcome the scientific or technological uncertainties described in line 242? (Summarize the systematic investigation or search) (Maximum 100 lines) Festival Hydro's efforts in FY22 were mainly focused on how to develop methods to successfully integrate SmartMAP with the CIS, AMI, GIS and SACADA 3. sub systems. At the metering level, the main challenge was how to receive the "Power Status Check (PSC) Messages/Alerts" as the meters and associated 4. 5. metering network infrastructure were not inherently designed to provide the 6. "Power Check" messages. To address this issue, web services were integrated 7. using the Multispeak protocol to enable SmartMAP users and application 8. algorithms to check and receive power status from the AMI system in near real-

244	What work did you perform in the tax year to overcome the scientific or technological uncertainties described in line 242? (Summarize the systematic investigation or search) (Maximum 100 lines)
9.	time. In addition, to quickly respond to outage events, efforts were
10.	undertaken to customize the SmartMAP tool to receive and process outage
11.	messages from the AMI head-end system (HES). The next iteration was focused
12.	on developing methods to integrate the GIS subsystem with the SmartMAP tool.
13.	To this end, a synchronization software was installed in the customer's GIS
14.	workstation to send the GIS updates to the SmartMAP tool. For the SCADA-
15.	SmartMAP integration, logic was developed to export the SCADA points analog
16.	values from the SCADA system to SmartMAP through Multispeak webservices. With
17.	respect to integrations with the CIS and MDM subsystems, the work entailed
18.	structuring the automatic daily export of meter/account information (USync)
19.	to synchronize data between the CIS and SmartMAP. Furthermore, the automatic
20.	daily export of "ON" and "OFF" register reads were also configured to
21.	effectively analyze the last and first register read from the uninstalled
22.	meter. Several tests were carried out to ensure the reliability of each
23.	integration point. By the end of FY22, Festival Hydro had successfully
24.	integrated the SmartMAP tool with various sub-systems and tests were still
25.	ongoing to automate the processes associated with the SCADA subsystem.
26.	With respect to the challenges that were encountered in the fault isolation
27.	with the relay, Festival Hydro's efforts were focused on developing
28.	appropriate logic functions to successfully isolate the faults in the event
29.	of circuit breaker failures. A messaging protocol was developed and tested to
30.	ensure isolations are successful. By the end of FY22, restival Hydro had
31.	successfully implemented the logic in the relay, thus significantly improving
32.	the protection and control capabilities of the smart grid.
246	What scientific or technological advancements did you achieve or attempt to achieve as a result of the work described in line 244? (Maximum 50 lines)
1.	The work performed by Festival Hydro in FY22 represents a technological
2.	advancement in the field of Electrical and Electronic Engineering with
3.	respect to grid technology. Festival Hydro successfully integrated SmartMAP
4.	with the GIS, AMI, SCADA and CIS subsystems to enrich the situational-
5.	awareness capability of their outage map framework and outage management.
6.	The Company also developed logic functions in the relay to improve the
7.	protection and control mechanisms of the smart grid.

Federal Tax Instalments

Federal	tax	insta	Iments
----------------	-----	-------	--------

For the taxation year ended 2023-12-31

Business number 89957 1814 RC0002

The following is a list of instalments payable for the current taxation year, and the last column indicates the instalments payable to the Canada Revenue Agency (CRA). The instalments must be paid on each of the dates indicated below, otherwise non-deductible interest might be charged.

You can pay using one of the methods listed at **canada.ca/payments**. However, when a remittance must mandatorily be made using electronic means, use one of the following electronic payment methods:

- a Canadian financial institution's services;
- the CRA's My Payment service, at canada.ca/cra-my-payment;
- a pre-authorized debit agreement set up in the CRA's My Business Account service, at canada.ca/my-cra-business-account;
- a wire transfer.

Do you want to calculate the tax instalments according to the extended payment date (COVID-19)?*

Yes X No

* The answer to this question is **Yes** when at least one of the dates entered in the **Monthly instalment workchart** or the **Quarterly instalment** workchart sections is after March 17, 2020, and before September 30, 2020.

T2 Corporation Income Tax Return

200

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporation return.

All legislative references on this return are to the federal Income Tax Act and Income Tax Regulations. This return may contain changes that had not yet become law at the time of publication.

Send one completed copy of this return, including schedules and the General Index of Financial Information (GIFI), to your tax centre. You have to file the return within six months after the end of the corporation's tax year.

For more information see **<u>canada.ca/taxes</u>** or Guide T4012, T2 Corporation – Income Tax Guide.

If the corporation is not associated with any corporations in both the current at (total taxable capital employed in Canada for the prior year minus \$10,000,0 If the corporation is not associated with appropriations in the current tax year	00) x 0.225%.

- entered on line 415 is: (total taxable capital employed in Canada for the current year minus \$10,000,000) x 0.225%.

For corporations associated in the current tax year, see Schedule 23 for the special rules that apply.
 ***** Enter the total adjusted aggregate investment income of the corporation and all associated corporations for each tax year that ended in the preceding calendar year. Each corporation with such income has to file a Schedule 7. For a corporation's first tax year that starts after 2018, this amount is reported at line 744 of the corresponding Schedule 7. Otherwise, this amount is the total of all amounts reported at line 745 of the corresponding Schedule 7 of the corporation for each tax year that ended in the preceding calendar year.

Financial Statements of

Year ended December 31, 2022

KPMG LLP 140 Fullarton Street, Suite 1400 London ON N6A 5P2 Canada Tel 519 672-4880 Fax 519 672-5684

INDEPENDENT AUDITOR'S REPORT

To the Shareholder of Festival Hydro Inc.

Opinion

We have audited the financial statements of Festival Hydro Inc. (the Entity), which comprise:

- the statement of financial position as at December 31, 2022
- the statement of comprehensive income for the year then ended
- the statement of changes in equity for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at December 31, 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS).

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Page 2

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRS), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
 - The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the Entity's internal control.

Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the
 planned scope and timing of the audit and significant audit findings, including any
 significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

1. Reporting entity:

Festival Hydro Inc. (the "Corporation") is a wholly owned subsidiary of the City of Stratford. The Corporation was incorporated on July 11, 2000 under the Business Corporations Act (Ontario) pursuant to Section 142 of the Electricity Act Laws of the Province of Ontario, Canada. The address of the Corporation's registered office is 187 Erie Street, Stratford, Ontario, Canada.

The principal activity of the Corporation is to distribute electricity to the residents and businesses in the City of Stratford and the towns of Brussels, Dashwood, Hensall, Seaforth, St. Marys and Zurich, under a license issued by the Ontario Energy Board ("OEB"). The Corporation is regulated by the Ontario Energy Board and adjustments to the Corporation's distribution and power rates require OEB approval.

The financial statements are for the Corporation as at and for the year ended December 31, 2022.

2. Basis of preparation:

(a) Statement of compliance

The Corporation's financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"). These financial statements were approved by the Board of Directors on April 27, 2023.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis, unless otherwise stated.

(c) Functional and presentation currency

These financial statements are presented in Canadian dollars, which is the Corporation's functional currency.

(d) Use of estimates and judgements

Information about judgements made in applying accounting policies that have an effect on the amounts recognized in the financial statements is included in the following notes:

Note 3(I)	Determination of the performance obligation for contribution and the related amortization period
Note 3(m)	Whether an arrangement contains a lease
Note 6	Estimate for impairment for uncollected amounts, based on the lifetime expected credit losses
Note 8	Property, plant and equipment: useful lives and the identification of significant components of
	property, plant and equipment.
Note 9	Intangible assets: useful lives and goodwill impairment testing.
Note 12	Measurement of the defined benefit obligation – actuarial assumptions
Note 23	Recognition and measurement of commitments and contingencies.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

2. Basis of preparation (continued)

(e) Rate regulation

The Corporation is regulated by the Ontario Energy Board, under the authority granted by the Ontario Energy Board Act, 1998. Among other things, the OEB has the power and responsibility to approve or set rates for the transmission and distribution of electricity, providing continued rate protection for electricity consumers in Ontario, and ensuring that transmission and distribution companies fulfill obligations to connect and service customers. The OEB may also prescribe license requirements and conditions of service to local distribution companies ("LDCs"), such as the Corporation, which may include, amongst other things, record keeping, regulatory accounting principles, separation of accounts for distinct businesses, and filing and process requirements for rate setting purposes.

The Corporation is required to bill certain classes of customers for the debt retirement charges. The Corporation may file to recover uncollected debt retirement charges from Ontario Electricity Financial Corporation ("OEFC") once each year.

(f) Rate setting

Distribution revenue

For the distribution revenue included in sale of energy, the Corporation files a "Cost of Service" ("COS") rate application with the OEB where rates are determined through a review of the forecasted annual amount of operating and capital expenditures, debt and shareholder's equity required to support the Corporation's business. The Corporation estimates electricity usage and the costs to service each customer class to determine the appropriate rates to be charged to each class. The COS application is reviewed by the OEB and interveners on record. Rates are approved based upon this review, including any revisions resulting from that review.

In the intervening years, the Corporation has chosen to file a Price Cap Incentive Rate Mechanism ("IRM") application. An IRM application results in a formulaic adjustment to distribution rates that were set under the last COS application. The previous year's rates are adjusted for the annual change in the Gross Domestic Product Implicit Price Inflator for Final Domestic Demand ("GDP IPI-FDD") net of a productivity factor and a "stretch factor" determined by the relative efficiency of an electricity distributor.

As a licensed distributor, the Corporation is responsible for billing customers for electricity generated by third parties and the related costs of providing electricity service, such as transmission services and other services provided by third parties. The Corporation is required, pursuant to regulation, to remit such amounts to these third parties, irrespective of whether the Corporation ultimately collects these amounts from customers.

On May 27, 2014, the Corporation filed its 2015 Cost of Service application. The OEB issued its final Decision and Order dated June 5, 2015. The decision allows for a total service revenue requirement of \$11,210,828 based on a total rate base of \$61,778,759. The deemed debt portion of the rate base (60%) at \$27,067,256 earns a weighted average rate of 4.05%. The deemed equity portion of the rate base (40%) at \$24,711,504 earns a deemed return on equity of 9.30%. The rates were effective May 1, 2015 with an implementation date of June 1, 2015.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

2. Basis of preparation (continued)

(f) Rate setting (continued)

Distribution revenue (continued)

Festival filed its 2021 IRM application for distribution rates and was approved new rates by the OEB effective January 1, 2021. The Corporation's approved adjustment to distribution rates was 1.90%, as a result of an OEB approved inflation factor of 2.20%, less a stretch factor of 0.30% determined by the relative efficiency of the Corporation. The application included the approval of rate riders for the disposition of certain deferral and variance balances.

Festival filed its 2022 IRM application for distribution rates and was approved new rates by the OEB effective January 1, 2022. The Corporation's approved adjustment to distribution rates was 3.00%, as a result of an OEB approved inflation factor of 3.30%, less a stretch factor of 0.30% determined by the relative efficiency of the Corporation. The application included the approval of rate riders for the disposition of certain deferral and variance balances.

Electricity rates

The OEB sets electricity prices for low-volume consumers twice each year based on an estimate of how much it will cost to supply the province with electricity for the next year. All remaining consumers pay the market price for electricity and the global adjustment. The Corporation is billed for the cost of the electricity that its customers use and passes this cost on to the customer at cost without a mark-up.

3. Significant accounting policies:

The accounting policies set out below have been applied consistently for both years presented in these financial statements in accordance with IFRS.

(a) Regulatory balances

Regulatory deferral account debit balances represent costs incurred in excess of amounts billed to the customer at OEB approved rates. Regulatory deferral account credit balances represent amounts billed to the customer at OEB approved rates in excess of costs incurred by the Corporation.

Regulatory deferral account debit balances are recognized if it is probable that future billings in an amount at least equal to the deferred cost will result from inclusion of that cost in allowable costs for rate-making purposes. The offsetting amount is recognized in net movement in regulatory balances in profit or loss or other comprehensive income ("OCI"). When the customer is billed at rates approved by the OEB for the recovery of the deferred costs, the customer billings are recognized in revenue. The regulatory debit balance is reduced by the amount of these customer billings with the offset to net movement in regulatory balances in profit or loss or OCI.

The probability of recovery of the regulatory deferral account debit balances is assessed annually based upon the likelihood that the OEB will approve the change in rates to recover the balance. The assessment of likelihood of recovery is based upon previous decisions made by the OEB for similar circumstances, policies or guidelines issued by the OEB. Any resulting impairment loss is recognized in profit or loss in the year incurred.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

3. Significant accounting policies (continue):

(a) Regulatory balances (continued)

When the Corporation is required to refund amounts to ratepayers in the future, the Corporation recognizes a regulatory deferral account credit balance. The offsetting amount is recognized in net movement in regulatory balances in profit or loss or OCI. The amounts returned to the customers are recognized as a reduction of revenue. The credit balance is reduced by the amount of these customer repayments with the offset to net movement in regulatory balances in profit or loss or OCI.

(b) Cash and cash equivalents

Cash and cash equivalents include cash in bank accounts. On the statement of cash flows, cash and cash equivalents includes bank overdrafts (revolving credit facility) that are repayable on demand and form an integral part of the Corporation's cash management.

(c) Financial instruments

All financial assets are classified as loans and receivables, except for marketable securities which are classified as available for sale and derivatives which are measured as fair value through profit and loss. All financial liabilities are classified as other financial liabilities. These financial instruments are recognized initially at fair value adjusted for any directly attributable transaction costs.

Loans and receivables and other financial liabilities are subsequently measured at amortized cost using the effective interest method less any impairment for the financial assets.

Available for sale financial assets are subsequently measured at fair value, within the changes therein recognized in other comprehensive income until the assets are sold. Upon sale of an available for sale asset, the Corporation has elected to record the accumulated unrealized change in value of the asset as a transfer through other comprehensive income into profit and loss.

The Corporation holds derivative financial instruments to manage its interest rate risk exposures. Derivatives are initially measured at fair value; any directly attributable transaction costs are recognized in profit or loss as incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein, are recognized in the statement of comprehensive income. Hedge accounting has not been used in the preparation of these financial statements.

(d) Inventories

Inventories are stated at lower of cost and net realizable value and consist of maintenance materials and supplies. Cost is determined on a weighted average basis, net of a provision for obsolescence, as applicable. The Corporation classifies all major construction related component of its electricity distribution infrastructure to property, plant and equipment.

(e) Property, plant and equipment ("PP&E")

Items of property, plant and equipment used in rate-regulated activities and acquired prior to January 1, 2014 are measured at deemed cost, or, where the item is transferred from customers, its fair value, less accumulated depreciation and accumulated impairment losses. All other items of PP&E are measured at cost, or, where the item is contributed by customers, its fair value, less accumulated depreciation.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

3. Significant accounting policies (continued):

(e) Property, plant and equipment ("PP&E")

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour and any other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs on qualifying assets are capitalized as part of the cost of the asset and are based on the Corporation's cost of borrowing. For construction projects of less than one year in length, borrowing costs are not capitalized unless specific identifiable loans are acquired for the express purpose of financing a specific construction activity.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Corporation and its cost can be measured reliably. The carrying amount of the replaced part is derecognized.

The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred. Depreciation is recognized in profit or loss on a straight-line basis over the estimated useful life of each part or component of an item of property, plant and equipment. Land is not depreciated. Construction in progress assets are not amortized until the project is complete and in service.

Depreciation begins when an asset becomes available for use. Depreciation is provided on a straight-line basis over the estimated useful lives. Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate. The estimated useful lives for the current and comparative years are as follows:

Buildings	10 to 60 years
Distribution substation equipment	30 to 60 years
Distribution system equipment	30 to 60 years
Transformers	35 to 40 years
Meters	15 to 40 years
Other capital assets	4 to 20 years

Other capital assets include vehicles, office and computer equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized within other income in the statement of comprehensive income.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

3. Significant accounting policies (continued):

(f) Intangible assets

Intangible assets include goodwill, computer software and capital contributions paid under capital cost recovery agreements ("CCRAs").

(i) Goodwill

Goodwill represents the excess of cost over fair value of net assets which arose upon amalgamation of the former electrical distribution entities. Goodwill is measured at cost less accumulated impairment losses.

(ii) Computer software

Computer software acquired prior to January 1, 2014, is measured at deemed cost less accumulated depreciation. All other software that is acquired or developed by the Corporation, including software that is not integral to the functionality of equipment purchased which has finite useful lives, is measured at cost less accumulated amortization and accumulated impairment losses.

(iii) Capital contributions paid under capital cost recovery agreements

Capital contributions paid under CCRAs are measured at cost less accumulated amortization and accumulated impairment losses.

(iv) Amortization

Amortization is recognized in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use. The estimated useful lives for the current and comparative years are:

Computer software	5 years
CCRAs	15 to 25 years

Amortization methods and useful lives of all intangible assets are reviewed at each reporting date and adjusted if appropriate.

(g) Impairment

(i) Financial assets measured at amortized cost

A loss allowance for expected credit losses on financial assets measured at amortized cost is recognized at the reporting date. The loss allowance is measured at an amount equal to the lifetime expected credit losses for the asset.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

3. Significant accounting policies (continued):

(ii) Non-financial assets

The carrying amounts of the Corporation's non-financial assets, other than regulatory assets, inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill, the recoverable amount is estimated as at December 31 of each year.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit"). The Corporation has determined that it has one cash generating unit. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

The goodwill acquired in a business combination, for the purpose of impairment testing, is allocated to cash-generating units that are expected to benefit from the synergies of the combination.

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(h) Provisions

A provision is recognized if, as a result of a past event, the Corporation has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

(i) Employee benefits

(i) Pension plan

The Corporation provides a pension plan for all its full-time employees through Ontario Municipal Employees Retirement System (OMERS). OMERS is a multi-employer pension plan which operates as the Ontario Municipal Employees Retirement Fund ("Fund"). The Fund is a contributory defined benefit pension plan which is financed by equal contributions from participating employers and employees, and by the investment earnings of the Fund.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

3. Significant accounting policies (continued):

(i) Pension plan (continued)

OMERS is a defined benefit plan, however, as the plan assets and pension obligations are not segregated in separate accounts for each member entity, sufficient information is not available to enable the Corporation to directly account for the plan. As such, the plan has been accounted for as a defined contribution plan. The contribution payable is recognized as an employee benefit expense in the statement of comprehensive income in the period in which the service was rendered by the employee, since it is not practicable to determine the Corporation's portion of person obligations of the fair value of plan assets.

(ii) Employee future benefits, other than pension

The Corporation has an unfunded benefit plan providing post-employment benefits (other than pension) to its employees. The Corporation provides its retired employees (20 years service; less than age 65) with life insurance and medical benefits beyond those provided by government sponsored plans. Life insurance is provided for current retirees including those over age 65.

The obligations for these post-employment benefit plans are actuarially determined by applying the projected unit credit method and reflect management's best estimate of certain underlying assumptions. Remeasurements of the net defined benefit obligations, including actuarial gains and losses, are recognized immediately in other comprehensive income. When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized immediately in profit or loss.

(j) Deferred revenue and assets transferred from customers

Certain customers and developers are required to contribute towards the capital cost of construction in order to provide ongoing service. Cash contributions are initially recorded under current liabilities as customer deposits. Once the distribution system asset is completed or modified, as outlined in the terms of the contract, the contribution amount is transferred to deferred revenue.

When an asset is received as a capital contribution, the asset is initially recognized at its fair value, with the corresponding amount recognized as contributions in aid of construction. The contributions in aid of construction account, which represents the Corporation's obligation to continue to provide the customers access to the supply of electricity, is reported as deferred revenue, and is amortized to other income on a straight-line basis over the terms of the agreement with the customer or the economic useful life of the acquired or contributed asset, which represents the period of ongoing service to the customer.

(k) Customer deposits

Security deposits from electricity customers are cash collections to guarantee the payment of electricity bills. The electricity customer security deposits liability includes related interest amounts, calculated using OEB prescribed interest rates, and owed to the customers with a corresponding amount charged to finance costs. Deposits that are refundable upon demand are classified as a current liability. Annually, accrued interest is applied directly to the customers' accounts.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

3. Significant accounting policies (continued):

(k) Customer deposits (continued)

Security deposits on offers to connect are cash collections from specific customers to guarantee the payment of additional costs relating to expansion projects. This liability includes related interest amounts owed to the customers with a corresponding amount charged to finance costs. Deposits are classified as a current liability when the Corporation no longer has an unconditional right to defer payment of the liability for at least 12 months after the reporting period.

(I) Revenue Recognition

(i) Sale and distribution of electricity

The performance obligations for the sale and distribution of electricity are recognized over time using an output method to measure the satisfaction of the performance obligation. The value of the electricity services transferred to the customer is determined on the basis of cyclical meter readings plus estimated customer usage since the last meter reading date to the end of the year and represents the amount that the Corporation has the right to bill. Revenue includes the cost of electricity supplied, distribution, and any other regulatory charges. The related cost of power is recorded on the basis of power used.

For customer billings related to electricity generated by third parties and the related costs of providing electricity service, such as transmission services and other services provided by third parties, the Corporation has determined that it is acting as a principal for these electricity charges and, therefore, has presented electricity revenue on a gross basis.

Customer billings for debt retirement charges are recorded on a net basis as the Corporation is acting as an agent for this billing stream.

(ii) Capital contributions

Developers are required to contribute towards the capital cost of construction of distribution assets in order to provide ongoing service. The developer is not a customer and therefore the contributions are scoped out of IFRS 15 Revenue from Contracts with Customers. Cash contributions, received from developers are recorded as deferred revenue. When an asset other than cash is received as a capital contribution, the asset is initially recognized at its fair value, with a corresponding amount recognized as deferred revenue. The deferred revenue, which represents the Corporation's obligation to continue to provide the customers access to the supply of electricity, is amortized to income on a straight-line basis over the useful life of the related asset.

Certain customers are also required to contribute towards the capital cost of construction of distribution assets in order to provide ongoing service. These contributions fall within the scope of IFRS 15 Revenue from Contracts with Customers. The contributions are received to obtain a connection to the distribution system in order receive ongoing access to electricity. The Corporation has concluded that the performance obligation is the supply of electricity over the life of the relationship with the customer which is satisfied over time as the customer receives and consumes the electricity. Revenue is recognized on a straight-line basis over the useful life of the related asset.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

3. Significant accounting policies (continued):

(I) Revenue Recognition (continued)

(ii) Other revenue

Revenue earned from the provision of services is recognized as the service is rendered. Government grants and the related performance incentive payments under Conservation and Demand Management ("CDM") programs are recognized as revenue in the year when there is reasonable assurance that the program conditions have been satisfied and the payment will be received.

(m) Leased assets

At inception of a contract, the Corporation assess whether the contract is or contains a lease. A contract is determined to contain a lease if it provides the Corporation with the right to control the use of an identified asset for a period of time in exchange for consideration. Contracts determined to contain a lease are accounted for as leases. For leases and contracts that contain a lease, the Corporation recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Subsequent to initial recognition, the right-of-use asset is recognized at cost less any accumulated depreciation and any accumulated impairment losses, adjusted for certain remeasurements of the corresponding lease liability.

The lease liability is initially measured at the present value of lease payments plus the present value of lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Corporation's incremental borrowing rate.

The lease liability is subsequently measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Corporation's estimate of the amount expected to be payable under a residual value guarantee, or if the Corporation changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Corporation has elected not to recognize right-of-use assets and lease liabilities for leases that have a lease term of 12 months or less or for leases of low value assets. The Corporation recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

3. Significant accounting policies (continued):

(n) Finance income and finance costs

Finance income is recognized as it accrues in profit or loss, using the effective interest method. Finance income comprises interest earned on cash and cash equivalents.

Finance costs comprise interest expense on customer deposits, the demand notes payable, revolving credit facility and long-term borrowings.

Changes in the fair value of interest rate swap agreements are recorded either in finance income, or costs, depending on whether an unrealized gain or loss is required.

(o) Income taxes

The Corporation is currently exempt from taxes under the Income Tax Act (Canada) and the Ontario Corporations Tax Act. Pursuant to the Electricity Act, 1998 (Ontario), the Corporation makes payments in lieu of corporate taxes to the Ontario Electricity Financial Corporation (OEFC). These payments are calculated in accordance with the rules for computing taxable income and taxable capital and other relevant amounts contained in the Income Tax Act (Canada) and the Corporations Tax Act (Ontario) as modified by the Electricity Act, 1998, and related regulations. Prior to October 1, 2001, the Corporation was not subject to income or capital taxes.

The income tax expense comprises current and deferred tax. Income tax expense is recognized in profit or loss except to the extent that it relates to other comprehensive income or items recognized directly in equity, in which case, it is recognized in accumulated comprehensive income or retained earnings, respectively.

Current tax is the tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognized using the balance sheet method. Under this method, deferred income taxes reflect the net tax effects of temporary differences between the tax basis of assets and liabilities and their carrying amounts for accounting purposes, as well as for tax losses available to be carried forward to future years that are likely to be realized. Deferred tax assets and liabilities are measured using enacted or substantively enacted tax rates, at the reporting date, expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the year that includes the date of enactment or substantive enactment.

Rate-regulated accounting requires the recognition of regulatory balances and related deferred tax assets and liabilities for the amount of deferred taxes expected to be refunded to or recovered from customers through future electricity distribution rates. A gross up to reflect the income tax benefits associated with reduced revenues resulting from the realization of deferred tax assets is recorded within regulatory credit or debt balances. Deferred taxes that are not included in the rate-setting process are charged or credited to the statements of comprehensive income.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

3. Significant accounting policies (continued):

(o) Income taxes (continued)

The benefits of the refundable and non-refundable apprenticeship and other ITCs are credited against the related expense in the statements of comprehensive income.

4. Standards issued but not yet adopted:

There are new standards, amendments to standards and interpretations which have not been applied in preparing these financial statements. These standards or amendments relate to the measurement and disclosure of financial assets and liabilities. The extent of the impact on adoption of these standards and amendments has not yet been determined.

- i. Classification of Liabilities as Current or Non-current (Amendments to IAS 1)
- ii. Definition of Accounting Estimates (Amendments to IAS 8)
- iii. Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)
- Classification of Liabilities as Current or Non-current (Amendments to IAS 1):

On January 23, 2020, the IASB issued amendments to IAS 1 Presentation of Financial Statements, to clarify the classification of liabilities as current or non-current. On July 15, 2020 the IASB issued an amendment to defer the effective date by one year. The amendments are effective for annual periods beginning on or after January 1, 2024. Early adoption is permitted.

For the purposes of non-current classification, the amendments removed the requirement for a right to defer settlement or roll over of a liability for at least twelve months to be unconditional. Instead, such a right must have substance and exist at the end of the reporting period. The amendments also clarify how a company classifies a liability that includes a counterparty conversion option.

The amendments state that settlement of a liability includes transferring a company's own equity instruments to the counterparty, and when classifying liabilities as current or non-current, a company can ignore only those conversion options that are recognized as equity.

The Corporation intends to adopt this standard in its financial statements for the annual period beginning January 1, 2023. The extent of the impact of adoption of the standard has not yet been determined

ii. Definition of Accounting Estimates (Amendments to IAS 8):

On February 12, 2021, the IASB issued Definition of Accounting Estimates (Amendments to IAS 8). The amendments are effective for annual periods beginning on or after January 1, 2023. Early adoption is permitted.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

4. Standards issued but not yet adopted (continued):

The amendments introduce a new definition for accounting estimates, clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy.

The Company intends to adopt this standard in its financial statements for the annual period beginning January 1, 2023. The extent of the impact of adoption of the standard has not yet been determined.

iii. Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2):

On February 12, 2021, the IASB issued Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements). The amendments are effective for annual periods beginning on or after January 1, 2023. Early adoption is permitted.

The amendments help companies provide useful accounting policy disclosures. The key amendments include:

- requiring companies to disclose their material accounting policies rather than their significant accounting policies;
- clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The Company intends to adopt this standard in its financial statements for the annual period beginning January 1, 2023. The Company does not expect this standard to have a material impact on the financial statements.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

5. Bank indebtedness:

	2022	2021		
Cash	\$ 660	\$ 1,660		
Revolving credit facility	(3,741,355)	(17,428)		
Bank indebtedness	\$ (3,740,695)	\$ (15,768)		

6. Accounts receivable:

	2022	2021
Energy, water and sewer	\$ 6,523,810	\$ 6,223,521
Other	1,555,845	1,901,380
Total	\$ 8,079,655	\$ 8,124,901

Included in accounts receivable is \$1,230,333 (2021 - \$1,193,417) of customer receivables for water consumption and sewer ("water & sewer") that the Corporation bills and collects on behalf of the City of Stratford and the Town of St. Marys. As the Corporation does not assume liability for collection of these amounts, any amount related to City of Stratford and Town of St. Marys water & sewer charges that are determined to be uncollectible are charged to the City of Stratford and Town of St. Marys, respectively. At year end, there is nil (2021 - nil) included in the provision for impairment for uncollectable amounts relating to water and sewer.

7. Inventories:

The amount of inventories consumed by the Corporation and recognized as an expense during 2022 was \$149,137 (2021 - \$166,873). During 2022, an amount of nil (2021 – nil) was recorded as an expense for the write-down of obsolete or damaged inventory to net realizable value.

d) Goodwill impairment

Management has determined that the Corporation's rate regulated operations are one cash generating unit. Therefore, the goodwill was allocated to the Corporation as a whole. The annual impairment test is based on the Corporation's value in use. Value in use was determined by discounting the future cash flows of the Corporation and was based on the following key assumptions:

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

9. Intangible assets and goodwill:

d) Goodwill impairment (continued)

A detailed valuation of the Corporation was undertaken during 2022 based on financial results of the Corporation as at December 31, 2022. Cash flows were projected based on actual operating results and the cost of capital and rate of return as approved in the 2015 Cost of Service application. A discounted cash flow model was utilized based on free cash flows for 20 years, followed by a terminal value calculated based on a steady-state cash flow, with the terminal value within range of market-based terminal multiples. The recoverable amount of the Corporation was determined to be greater than the carrying value of goodwill and no impairment was recorded as at December 31, 2022 or December 31, 2021.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

10. Income taxes (continued):

	2022	2021
Deferred tax assets (liabilities):		
Property, plant, equipment and intangible assets	(\$2,488,634)	(\$1,968,063)
Employee future benefits	267,618	360,835
Other	(160,354)	298,241
	(\$2,381,370)	(\$1,308,987)

11. Customer deposits:

Customer deposits represent cash deposits from electricity distribution customers as well as construction deposits. These customer deposits bear interest at the OEB's prescribed interest rate, which is the Bank of Canada's prime business rate less 2%.

Deposits from electricity distribution customers are refundable to customers demonstrating an acceptable level of credit risk as determined by the Corporation in accordance with policies set out by the OEB or upon termination of their electricity distribution service. Due to the demand nature of these deposits, they are classified as current liabilities.

Construction deposits represent cash prepayments for the estimated cost of capital projects recoverable from customers and developers. Upon completion of the capital project, these deposits are transferred to deferred revenue.

Customer deposits comprise:

	2022	2021
Electricity deposits	\$ 957,164	\$1,061,051
Construction deposits	1,039,378	702,802
Total customer deposits	\$1,996,542	\$1,763,853
Consisting of:		
Short-term	\$ 1,016,175	\$ 1,169,542
Long-term	980,367	594,311

12. Employee future benefits:

(a) Employee future benefits, other than pension

The Corporation provides certain unfunded health, dental and life insurance benefits on behalf of its retired employees. These benefits are provided through a group defined benefit plan. The Corporation has reflected its share of the defined benefit costs and related liabilities, as calculated by the actuary, in these financial statements. The accrued benefit liability and the corresponding expense were based on results and assumptions determined by actuarial valuation as at December 31, 2022.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

12. Employee future benefits (continued):

Changes in the present value of the defined benefit unfunded obligation and the accrued benefit liability:

	2022	2021
Defined benefit obligation, beginning of year	\$ 1,361,643	\$ 1,492,917
Included in profit or loss:		
Current service cost	36,217	39,189
Interest cost	38,994	37,165
	75,211	76,354
Included in OCI:		
Actuarial (gains) losses arising from		
changes in financial assumptions	(303,258)	(80,606)
Benefits paid during the year	(123,718)	(127,022)
Defined benefit obligation, end of year	\$1,009,878	\$1,361,643

The significant actuarial assumptions used in the valuation are as follows:

	2022	2021
Discount rate	5.05%	3.00%
Rate of compensation increase	3.30%	2.50%
Initial health care cost trend rate	4.70%	4.70%
Initial dental cost trend rate	4.90%	4.90%
Year that rate reaches the rate it is assumed to be	2040	2040
Cost trend rate declines to	4.00%	4.00%

Significant actuarial assumptions for benefit obligation measurement purposes are the discount rate and assumed medical and dental cost trend rates. The sensitivity analysis below has been determined based on reasonably possible changes in the assumptions, in isolation of one another, occurring at the end of the reporting period. This analysis may not be representative of the actual change since it is unlikely these changes in assumptions would occur in isolation from each other. The approximate effect on the accrued benefit obligation of the entire plan and the estimated net benefit expense of the entire plan if the health care trend rate assumption was increased or decreased by 1%, and all other assumptions were held constant, is as follows:

	2022	2021
Benefit Obligation, end of year	\$1,009,878	\$1,361,644
1% increase in health care trend rate	26,900	50,156
1% decrease in health care trend rate	(24,300)	(44,744)
1% increase in discount rate	(96,500)	(167,544)
1% decrease in discount rate	119,000	215,456

(b) Pension plan

The Corporation provides a pension plan for its employees through the Ontario Municipal Employees Retirement System. The plan is a multi-employer, contributory defined benefit pension plan. In 2022, the Corporation made employer contributions of \$365,116 to OMERS (2021 - \$353,752). The Corporation's net benefit expense has been allocated as follows:

- \$138,744 (2021 \$134,426) capitalized as part of PP&E
- \$186,209 (2021 \$180,413) charged to operating expenses
- \$40,163 (2021 \$38,913) charged to CDM and billable work

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

12. Employee future benefits (continued):

(b) Pension plan (continued)

As at December 31, 2022, OMERS states that their plan was 95% funded (2021 – 97%). OMERS has a strategy to return the plan to a fully funded position. The Corporation is not able to assess the implications, if any, of this strategy or of the withdrawal of other participating entities from the OMERS plan on its future contributions. The Corporation's contributions represent less than 1% of the total annual contributions to the OMERS plan.

13. Regulatory assets and liabilities:

The regulatory balances are recovered or settled through rates approved by the OEB which are determined using estimates of future consumption of electricity by its customers. Future consumption is impacted by various factors including the economy and weather. The Corporation has received approval from the OEB to establish its regulatory balances.

In the tables below, the "Additions" column consists of new additions to regulatory balances (for both debits and credits). The "Recovery/reversal" column consists of amounts collected through rate riders or transactions reversing an existing regulatory balance. The "Other movements" column consists of reclassification between the regulatory debit and credit balances. For the years ended December 31, 2022 and 2021, the Corporation did not record any impairments related to regulatory debit balances.

	January 1, 2022	Additions	Recovery/ reversal	Other Movements	December 31, 2022	Notes

	January 1, 2021	Additions	Recovery/ reversal	Other Movements	December 31, 2021	Notes
Regulatory deferral accoun	t credit balances					
Settlement (Group 1) variances	\$ (1,507,500)	11,714	\$ 208,865	\$ 345	(1,286,576)	(1)
IFRS transition adjustments	(10,783)	-	-	-	(10,783)	(5)
PILS	(272,186)	(162,032)	-	-	(434,218)	
	\$ (1,790,469)	\$ (150,318)	\$ 208,865	\$ 345	\$ (1,731,577)	

- 1) The changes in settlement (Group 1) and LRAM balances outstanding from December 31, 2021 were approved for disposition as part of the 2022 IRM application with rates effective January 1, 2022 to be collected over a 12-month period.
- 2) As part of the 2015 COS application, the OEB approved the disposition of stranded meters through a rate rider effective May 1, 2015 (implemented June 1, 2015) with recovery over a 7-month period ending December 31, 2015. Since the residual balance is not material, it will remain in place until the next COS application.
- 3) The 2015 COS rate application costs were approved for recovery by the OEB and have been amortized over a forty-three-month period ending December 31, 2019.
- 4) Disposition is not requested for the deferred tax balance as it is being reversed through timing differences in the recognition of deferred tax assets. No carrying charges are calculated on this balance.
- 5) As part of the 2015 COS application, the OEB approved the disposition of the account 1575/76 IFRS transition account balance used to record the difference arising on adoption of new asset useful lives and overhead rates and write off of end-of-life assets. These account balances were included as a rate rider effective May 1, 2015 (implemented June 1, 2015) and were recovered over a 7-month period ended December 31, 2015. Since the residual balance is not material, it will remain in place until the next COS application.

Carrying charges are applied to all regulatory account balances at the OEB prescribed interest rates, with the exception of the deferred tax assets on which no carrying charges are applied.

As part of the Corporation's 2022 IRM application, the change in debit and credit balance settlement (Group 1) variance accounts occurring during fiscal 2021 were approved as part of 2022 distribution rates for recovery over a 12-month period commencing January 1, 2022. As such, the risk associated with the recovery of variance accounts is limited to the incremental value of non-settlement variances arising since 2021.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

14. Long-term debt:

Long-term debt consists of the following:

	2022	2021
Royal Bank revolving term loan, bearing interest at 2.93%, plus a stamping fee of 0.42%, payable in monthly principal instalments of approximately \$35,000 plus interest, increasing by \$1,000 yearly until maturity on May 31, 2038, secured by a general security agreement.	9,875,000	10,366,000
Royal Bank loan, bearing interest at 2.62%, payable in monthly principal instalments of \$19,768, maturing November 25, 2025, secured by a general security agreement.	665,476	882,194
Notes payable to shareholder, bearing interest at 7.25% per annum, with interest payments only, due on demand, unsecured.	15,600,000	15,600,000
	26,140,476	26,848,194
Less: current portion	16,328,464	16,307,717
Long-term debt	\$9,812,012	\$10,540,477

Interest rate swaps

The Corporation entered into an interest rate swap agreement on a notional principal of \$14,000,000 effective May 31, 2013, which matures May 31, 2038. The swap is a receive-variable, pay-fixed swap with the Royal Bank. This agreement has effectively converted variable interest rates to an effective fixed interest rate of 2.93% plus stamping fee of 0.42% on the Royal Bank revolving term loan. The stamping fee is subject to change every 10 years, with the first maturity being May 31, 2023.

Additionally, the Corporation entered into an interest rate swap agreement on a notional principal of \$5,000,000. The Corporation has not yet made any draws on this available credit and is not required to do so until the effective date of December 31, 2024. This agreement has effectively converted variable interest rates to an effective fixed interest rate of 2.51% plus stamping fee of 0.42% on the Royal Bank revolving term loan.

The Corporation has determined these swaps do not meet the standard to apply hedge accounting. Since the standard is not met, the interest rate swap contracts have been recorded at their fair value at December 31, 2022 with the combined unrealized gain for the year of \$1,723,834 (2021 – \$646,085) recorded as finance cost in the statement of comprehensive income.

Balance at December 31, 2022	\$ 26,140,476	\$ 248,269	\$ 18,525,126	\$ -

15. Share capital:

	2022	2021
Authorized:		
Unlimited Class A special shares, non-cumulative, 5.0%		
Unlimited Class B special shares		
Unlimited Common shares		
Issued:		
6,100 Class A special shares	\$ 6,100,000	\$ 6,100,000
6,995 Common shares	9,468,388	9,468,388
	\$ 15,568,388	\$15,568,388

Dividends paid on the 6,100 class A special shares during the year totalled \$152,500 (2021 - \$152,500). Dividends paid on the 6,995 common shares during the year totalled \$486,099 (2021 - \$738,386). A common share dividend was declared on December 15, 2022 and is payable on all common shares on record at December 31, 2022, with the dividend to be paid in 2023. The dividend amount payable at December 31, 2022 is \$248,269 (2021 - \$500,556).

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

16. Revenue from Contracts with Customer:

The Corporation generates revenue primarily from the sale and distribution of electricity to its customers. Sources of revenue are as documented in the table below.

	2022 Sale of Energy	2022 Distribution Revenue	2021 Sale of	2021 Distribution
	Lifergy	Nevenue	Energy	Revenue
Residential	\$ 17,226,469	\$ 6,928,900	\$ 16,035,245	\$ 6,695,809
Commercial	35,806,876	4,757,459	39,685,538	4,553,668
Large Users	2,762,863	314,993	2,653,924	321,241
Other	(207,133)	172,733	1,185,095	11,980
	\$ 55,589,074	\$ 12,174,085	\$ 59,559,802	\$ 11,582,698

17. Other income:

	2022	2021
Collection, late payment and other service charges	\$ 124,331	\$ 187,699
Pole attachment and other rental income	108,836	128,767
Miscellaneous	853,362	852,693
Solar generation	31,992	26,725
	\$ 1,118,521	\$ 1,195,884

Collection, late payment and other service charges are based on service charge rates and retailer rates as approved by the OEB. Pole attachment and other rentals consist primarily of pole attachment charges and charges for office and service centre space.

Miscellaneous includes revenues from City of Stratford and Town of St. Marys water and sewage billing services, street lighting services, management fees charged to Festival Hydro Services Inc. and other revenue sources.

18. Operating expenses:

	2022	2021
Salaries and benefits	\$ 3,329,138	\$ 3,003,417
External services	1,924,106	1,664,018
Materials and supplies	584,647	624,585
Other support costs	921,154	722,794
	\$ 6,759,045	\$ 6,014,814

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

19. Finance income and costs:

	2022	2021
Interest income on loan to corporation under common control	\$ 10,862	\$ 13,587
Interest on bank account	12,036	2,991
Interest on written off trade receivables	442	1,867

Finance income	\$ 1,747,174	\$ 664,530
Interest expense on demand notes payable	\$1,131,000	\$1,131,000
Interest expense on long-term debt	338,185	378,136
Interest on revolving credit facility	84,552	24,449
Interest expense on deposits	21,041	6,207
Other interest expense	-	64,457
Finance costs	\$ 1,574,778	\$ 1,604,249
Net finance income (costs)	\$ 172,396	\$ (939,719)

Other interest expenses of \$64,457 in 2021 are related to accrued interest and discharge fees for the early payment of the Infrastructure Ontario Projects Corporation (OIPC) loans with a combined principal payout of \$842,668.

20. Related party transactions:

a) Parent and ultimate controlling party

The parent and sole shareholder of the Corporation is the Corporation of the City of Stratford (the "City"). The City of Stratford produces financial statements that are available for public use.

b) Key management personnel

The key management personnel of the Corporation has been defined as members of its Board of Directors and executive management team members. Total compensation of key management in 2022 was \$833,946 (2021 - \$662,748).

21. Capital management:

The Corporation's main objectives when managing capital is to:

- ensure ongoing access to funding to maintain, refurbish and expand the electricity distribution system;
- ensure sufficient liquidity is available (either through cash and cash equivalents or committed credit facilities) to meet the needs of the business;
- · ensure compliance with covenants related to its credit facilities; and
- prudent management of its capital structure with regard to recoveries of financing charges permitted by the OEB on its regulated electricity distribution business, and to deliver the appropriate financial returns.

The Corporation monitors forecasted cash flows, capital expenditures, debt repayment and key credit ratios. The Corporation manages capital by preparing short-term and long-term cash flow forecasts, statements of financial position and comprehensive statements of income. In addition, the Corporation accesses its revolving credit facility to fund net periodic net cash outflows and to maintain available liquidity.

There have been no changes in the Corporation's approach to capital management during the year. As at December 31, 2022, the Corporation's definition of capital included borrowings under its revolving credit facility, long-term debt and obligations including the current portion thereof, and equity, and had remained unchanged from the definition as at December 31, 2021. As at December 31, 2022, equity amounted to \$34,039,035 (2021 - \$30,296,146), borrowings in the form of demand notes payable and long-term debt, including the current portion thereof, amounted to \$26,140,476 (2021 - \$26,848,194) and the revolving credit facility amounted to \$3,720,132 (2021 - \$17,428).

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

21. Capital management (continued):

The OEB regulates the amount of deemed interest on debt and rate of return that may be recovered by the Corporation, through its electricity distribution rates, in respect of its regulated electricity distribution business. The OEB permits such recoveries on the basis of a deemed capital structure represented by 60% debt and 40% equity. The actual capital structure and finance costs for the Corporation may differ from the OEB deemed structure.

The Corporation is subject to debt agreements that contain various covenants. The Corporation's credit agreement with Royal Bank provides a revolving demand facility, letter of guarantee which is posted with the IESO as prudential support, and a long-term loan facility. These combined facilities are subject to a funded indebtedness debt to equity ratio of no more than 65%.

The Corporation has customary covenants typically associated with long-term debt. As at December 31, 2022 and December 31, 2021, the Corporation was in compliance with all with all credit agreement covenants and limitations associated with its long-term debt.

22. Financial instruments and risk management:

Fair value disclosure

The carrying values of accounts receivable, unbilled revenue, and the revolving term facility, accounts payable and accrued liabilities approximate their fair values due to the short maturity of these instruments. The fair values of customer deposits approximate their carrying amounts taking into account interest accrued on the outstanding balance. Cash is measured at fair value.

The swap agreements are measured at fair value, which is provided by a third-party, banking institution and is based on market rates at the date of the valuation. The valuation of the interest rate swaps resulted in an unrealized gain recorded on the statement of financial position at December 31, 2022 of \$784,886 (2021 - \$938,948 unrealized loss).

The fair value of the long-term borrowings is calculated based on the present value of future principal and interest cash flows, discounted at the current rate of interest at the reporting date. The carrying amounts and fair values of the Corporation's long-term loans consist of the following:

Financial risks

The following is a discussion of financial risks and related mitigation strategies that have been identified by the Corporation for financial instruments. This is not an exhaustive list of all risks, nor will the mitigation strategies eliminate all risks listed. The Corporation's activities provide for a variety of financial risks, particularly credit risk, market risk and liquidity risk.

a) Credit risk

The Corporation is exposed to credit risk as a result of the risk of counterparties defaulting on their obligations. The Corporation's exposure to credit risk primarily relates to accounts receivable and unbilled revenue. The Corporation monitors and limits its exposure to credit risk on a continuous basis.

The Corporation's credit risk associated with accounts receivable and unbilled revenue is primarily related to electricity bill payments from electricity customers. The Corporation obtains security deposits from certain customers in accordance with direction provided by the OEB and as outlined in the Corporation's conditions of service. As of December 31, 2022, the Corporation held security deposits related to electricity receivables in the amount of \$957,164 (2021 - \$1,061,051).

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

22. Financial instruments and risk management (continued):

(a) Credit risk (continued)

As at December 31, 2022, there were no significant concentrations of credit risk with respect to any one customer. No single customer accounts for revenue in excess of 5% of total distribution revenue. The Corporation earns its revenue from a broad base of approximately 21,000 customers (2021 - 21,000 customers) located throughout its service territory.

The credit risk and mitigation strategies with respect to unbilled revenue are the same as for accounts receivable. The credit risk related to cash is mitigated by the Corporation's treasury policies on assessing and monitoring the credit exposures of counterparties.

Credit risk associated with electricity accounts receivable and unbilled revenue (electricity only) is as follows:

	2022	2021
Not more than 30 days	\$ 6,448,968	\$ 6,635,586
More than 30 but less than 90 days	405,840	295,071
More than 90 days	167,531	179,511
Less allowance for impairment	(173,017)	(178,684)
Unbilled revenue	4,783,498	5,230,771
	\$ 11,632,820	\$12,162,255

As at December 31, 2022, the Corporation's accounts receivable and unbilled revenue which were not past due or impaired were assessed by management to have no significant collection risk and no additional allowance for impairment was required for these balances.

Reconciliation between the opening and closing allowance for impairment is as follows:

	2022	2021
Balance, beginning of year	\$ 178,684	\$ 152,435
Provision for impairment	53,870	120,944
Write offs	(72,374)	(108,245)
Recoveries	12,837	13,550
Balance, end of year	\$ 173,017	\$ 178,684

Unbilled revenue represents amounts for which the Corporation has a contractual right to receive cash through future billings and are unbilled at year end. Unbilled revenue is considered current and no provision for impairment was established as at December 31, 2022 (2021 – nil).

(b) Interest rate risk

The Corporation is exposed to fluctuations in interest rates for the valuation of its employee future benefit obligations (note 12). The Corporation is also exposed to short-term interest rate risk on the net of cash position and short-term borrowings under its Revolving Credit Facility and customer deposits. The Corporation manages interest rate risk by monitoring its mix of fixed and floating rate instruments and taking action as necessary to maintain an appropriate balance.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

22. Financial instruments and risk management (continued):

(b) Interest rate risk (continued)

As at December 31, 2022, aside from the valuation of its employee future benefit obligations, the Corporation was exposed to interest rate risk predominately from short-term borrowings under its revolving credit facility and customer deposits, while most of its remaining obligations were either non-interest bearing or bear fixed interest rates, and its financial assets were predominately short-term in nature and mostly non-interest bearing. The Corporation estimates that a 100 basis point increase in short-term interest rates, with all other variables held constant, would result in an increase of approximately \$61,266 (2021 - \$17,921) to annual finance costs. A decrease of 100 basis points would result in a reduction in financing costs of \$61,266 (2021 – \$17,921).

(c) Liquidity risk

The Corporation is exposed to liquidity risk related to its ability to fund its obligations as they become due. The Corporation monitors and manages its liquidity risk to ensure access to sufficient funds to meet operational and financial requirements. The Corporation has access to credit facilities and monitors cash balances daily. The Corporation's objective is to ensure that sufficient liquidity is on hand to meet obligations as they fall due while minimizing finance costs.

The Corporation has a revolving credit facility available of \$10,000,000 with a Canadian chartered bank. As at December 31, 2022, \$3,720,132 (2021 - \$17,428) was drawn on this facility.

As a purchaser of electricity through the Independent Electricity System Operator ("IESO"), the Corporation is required to provide security to minimize the risk of default based on its expected activity in the market. The IESO may draw on this security if the Corporation fails to make payment required by a default notice issue by the IESO. The Corporation has a \$3.6 million revolving term facility by way of a letter of guarantee with Royal Bank, of which \$3,095,139 (2021 - \$3,095,139) has been assigned to secure the prudential support required by the IESO.

The majority of accounts payable, as reported on the statement of financial position, is due within 30 days. Liquidity risks associated with financial commitments are as follows:

Notes to the Financial Statements

23. Commitments and contingencies:

Operating leases

The Corporation entered into a non-cancellable operating lease for service centre space for a period of five years dated November 15, 2015. The contract is subject to an annual increase based on the Ontario Consumer Price Index. Minimum lease payments required are \$997 per month for 2022.

Connection and cost recovery agreement - St. Mary's transformer station

The Corporation and Hydro One Networks Inc. entered into a twenty-five-year capital cost recovery agreement ("CCRA") in September 2002 relating to Hydro One Networks Inc. building new feeder positions at the existing St. Mary's Transformer Station. Under the terms of the agreement, the Corporation has guaranteed new load growth which, if not met, would require the Corporation to provide a financial contribution toward the capital investment of the transformer station.

The CCRA has been trued-up effective July 5, 2013. Since load growth had fallen below a target amount, a cumulative contribution in the amount of \$550,200 has been paid to Hydro One Networks. This amount has been recorded as an intangible asset subject to 15-year amortization over the remaining life of the agreement. The agreement was subject to true up effective on the fifteenth year of the agreement in July 2018 however, this has not been completed by Hydro One Inc. It is possible that the Corporation may owe a further payment as a result of the agreement but an estimate of any amount owing is not possible at December 31, 2022 given the nature of the variables included in the calculation. The need for a contribution will be determined by Hydro One Networks Inc. based on actual new load growth.

Connection and cost recovery agreement-Stratford transformer station ("Festival Hydro MTS1")

The Corporation and Hydro One Networks Inc. entered into a twenty-five-year CCRA in November, 2012, relating to Hydro One Networks Inc. building a new 230kV line to connect Festival Hydro's MTS1 to Hydro One's 230kV circuit. Under the terms of the agreement, the Corporation has guaranteed new load growth which, if not met, would require the Corporation to provide a financial contribution toward the capital investment. The CCRA is trued-up (a) following the fifth and tenth anniversaries of the in-service date; and (b) following the fifteenth anniversary of the in-service date if the actual load is 20% higher or lower than the load forecast at the end of the tenth anniversary of the in-service date. The fifth anniversary of the in-service date was in November 2017. The need for a contribution will be determined by Hydro One Networks Inc. based on actual new load growth.

General

From time to time, the Corporation is involved in various litigation matters arising in the ordinary course of its business. The Corporation has no reason to believe that the disposition of any such current matter could reasonably be expected to have a materially adverse impact on the Corporation's financial position, results of operations or its ability to carry on any of its business activities.

General Liability Insurance

The Corporation is a member of the Municipal Electric Association Reciprocal Insurance Exchange ("MEARIE"). MEARIE is a pooling of public liability insurance risks of many of the electrical utilities in Ontario. All members of the pool are subjected to assessment for losses experienced by the pool for the years in which they were members on a pro-rata basis based on the total of their respective service revenues. It is anticipated that should such an assessment occur it would be funded over a period of up to 5 years. As at December 31, 2022, no assessments had been made.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

24. Guarantee:

The Corporation has guaranteed the bank loan of QR Fibre, a company related through common ownership, to the extent of \$4,500,000. In addition, the Corporation has entered into a Guarantee Indemnification Agreement to ensure compliance with the Affiliation Relationships code for Electricity Distributors and Transmitters and mitigate its risk exposure. No amount has been recorded in these financial statements as the Corporation does not expect to have to honour its guarantee.

25. Subsequent event:

The shares of QR Fibre Inc. held under common control were sold on January 31, 2023 for proceeds of \$50,000. As of the date of sale, the Corporation is no longer obligated to honour the guarantee for the bank loan of QR Fibre.

26. Comparative figures:

Certain comparative figures have been restated to conform to the current year presentation.

Inducement

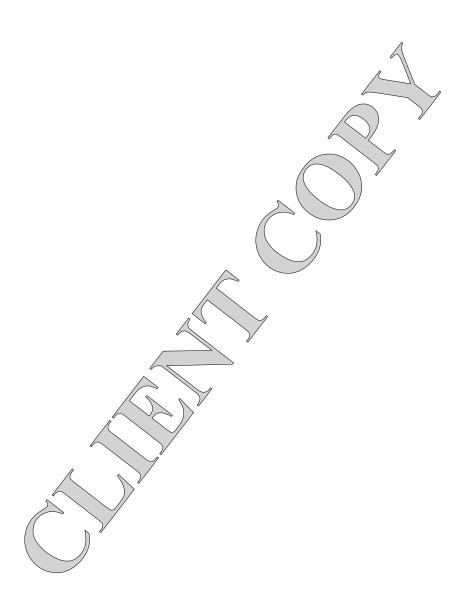

This form is used to calculate inducements that a corporation must add to its income under paragraph 12(1)(x) ITA. If an amount reduces the capital cost of a property, this amount will be indicated in Part "Tax credits whose amount should reduce the capital cost of property."

If you want to transfer an amount to Schedule 1 and include it in the corporation's income for tax purposes, select the corresponding check box in column A. You can also select the option **Select this check box to add all the amounts to income calculated in Schedule 1** to transfer all the amounts to Schedule 1. In either case, the column A check box will be selected for that amount and it will therefore be updated to Schedule 1.

Tax credits whose amount should be added to income

Charitable Donations and Gifts

Corporation's name Business number Tax year-end Year Month Day Festival Hydro Inc. 89957 1814 RC0002 2022-12-31

- For use by corporations to claim any of the following:
 - the eligible amount of charitable donations to qualified donees
 - the Ontario, Nova Scotia, and British Columbia food donation tax credits for farmers
 - the eligible amount of gifts of certified cultural property
 - the eligible amount of gifts of certified ecologically sensitive land or
 - the additional deduction for gifts of medicine made before March 22, 2017
- All legislative references are to the federal Income Tax Act, unless stated otherwise.
- The eligible amount of a gift is the amount by which the fair market value of the gifted property exceeds the amount of an advantage, if any, for the gift.
- The donations and gifts can be carried forward for 5 years except for gifts of certified ecologically sensitive land made after February 10, 2014, which can be carried forward for 10 years.
- Use this schedule to show a transfer of unused amounts from previous years following an amalgamation or the wind-up of a subsidiary as described under subsections 87(1) and 88(1).
- Subsection 110.1(1.2) provides as follows:

Part 1 - Charitable donations

- Where a particular corporation has undergone an acquisition of control, for tax years that end on or after the acquisition of control, no corporation can claim a deduction for a gift made by the particular corporation to a qualified donee before the acquisition of control.
- If a particular corporation makes a gift to a qualified donee pursuant to an arrangement under which both the gift and the acquisition of control is expected, no corporation can claim a deduction for the gift unless the person acquiring control of the particular corporation is the qualified donee.
- An eligible medical gift made before March 22, 2017, to a qualifying organization for activities outside of Canada may be eligible for an additional deduction. Calculate the additional deduction in Part 5.
- File this schedule with your T2 Corporation Income Tax Return.
- For more information, see the T2 Corporation Income Tax Guide.

^{*} For federal and Alberta tax purposes, donations and gifts made before February 11, 2014, that are included on line 6th prior year and gifts that are included on line 11th prior year expire automatically in the current year.

The field "Amount of carried forward gifts made on or after February 11, 2014, in the tax year including this date" is used to distinguish the portion of the gifts made in the tax year straddling February 11, 2014, that expires after ten tax years, from the portion that expires in the current tax year.

For Québec tax purposes, donations and gifts made during a tax year that ended before March 24, 2006, that are included on line 6th prior year and gifts that are included on line 21^{at} prior year expire automatically in the current tax year.

Schedule 3

Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation

Corporation's name	Business number	Tax year-end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- Corporations must use this schedule to report:
 - non-taxable dividends under section 83
 - deductible dividends under subsection 138(6)
 - taxable dividends deductible from income under section 112, subsection 113(2) and paragraphs 113(1)(a), (a.1), (b) or (d)
 - taxable dividends paid in the tax year that qualify for a dividend refund (see page 3)
- · All legislative references are to the federal Income Tax Act.
- The calculations in this schedule apply only to private or subject corporations (as defined in subsection 186(3)).
- A payer corporation is connected with a recipient corporation at any time in a tax year, if at that time the recipient corporation meets either of the following conditions:
 - it controls the payer corporation, other than because of a right referred to in paragraph 251(5)(b)
 - it owns more than 10% of the issued share capital (with full voting rights), and shares that have a fair market value of more than 10% of the fair market value of all shares of the payer corporation
- If you need more space, continue on a separate schedule.
- File this schedule with your T2 Corporation Income Tax Return.
- Column A1 Enter "X" if dividends were received from a foreign source.
 Column F1 Enter the code that applies to the deductible taxable dividend.

Part 1 - Dividends received in the tax year-

- · Do not include dividends received from foreign non-affiliates.
- Complete columns B, C, D, H, H.1, I, I.1, I.2 and L only if the payer corporation is connected.

Important instructions to follow if the payer corporation is connected

- If your corporation's tax year-end is different than that of the connected payer corporation, dividends could have been received from more than one
 tax year of the payer corporation. If so, use a separate line to provide the information according to each tax year of the payer corporation.
- When completing columns J, K and L use the special calculations provided in the notes.

Note 1: Permanent establishment is defined in subsection 400(2).

Note 2: For corporations other than those described under section 402, use the appropriate calculation described in the Regulations to allocate taxable income.

Notes:

- After determining the allocation of taxable income, you have to calculate the corporation's provincial or territorial tax payable. For more information on how to calculate the tax for each province or territory, see the instructions for Schedule 5 in the T2 Corporation – Income Tax Guide.
- 2. If your corporation has provincial or territorial tax payable, complete Part 2.
- If your corporation is a member of a partnership and the partnership had a permanent establishment in a jurisdiction, select the jurisdiction in Column A and include your proportionate share of the partnership's salaries and wages and gross revenue in columns B and D, respectively.

Enter the total of column 21 on line 107 of Schedule 1. Enter the total of column 22 on line 404 of Schedule 1. Enter the total of column 23 on line 403 of Schedule 1.

- Note 3: If a class number has not been provided in Schedule II of the Income Tax Regulations for a particular class of property, use the subsection provided in Regulation 1101.
- Note 4: Include any property acquired in previous years that has now become available for use, net of any government assistance received or entitled to be received in the year from a government, municipality or other public authority, or a reduction of capital cost after the application of section 80. This property would have been previously excluded from column 3. List separately any acquisitions of property in the class that are not subject to the 50% rule.

 See Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance, for exceptions to the 50% rule.
- Note 5: A DIEP reported in column 4 is a property acquired after April 18, 2021, by a corporation that was a Canadian-controlled private corporation (CCPC) throughout the year, which became available for use in the tax year (before 2024) and was designated as such on or before the day that is 12 months after the filing-due date for the tax year to which the designation relates. It includes all capital property subject to the CCA rules, if certain conditions are met, other than property included in Classes 1 to 6, 14.1, 17, 47, 49, and 51. A property can only qualify as DIEP in the year in which it becomes available for use. See subsection 1104(3.1) of the Regulations for more information.
- Note 6: Enter in column 5, "Adjustments and transfers", amounts that increase or reduce the UCC (column 10). Items that increase the UCC include amounts transferred under section 85, or transferred on amalgamation or winding-up of a subsidiary. Items that reduce the UCC (show amounts that reduce the UCC in brackets) include assistance received or receivable during the year for a property, subsequent to its disposition, if such assistance would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f). See the T2 Corporation Income Tax Guide for other examples of adjustments and transfers to include in column 5.

 Also include property acquired in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor until it was acquired by you.
- Note 7: Include all amounts of assistance you received (or were entitled to receive) after the disposition of a depreciable property that would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f) if received before the disposition.

Part 2 – CCA calculation (continued)

- Note 8: Include all amounts you have repaid during the year for any legally required repayment, made after the disposition of a corresponding property, of:
 - assistance that would have otherwise increased the capital cost of the property under paragraph 13(7.1)(d) and
 - = an inducement, assistance, or any other amount contemplated in paragraph 12(1)(x) received, that otherwise would have increased the capital cost of the property under paragraph 13(7.4)(b)

Include the UCC of each property of a prescribed class acquired in the course of a corporate reorganization described under paragraph 55(3)(b) of the Act (also known as "butterfly reorganization") or include property acquired in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor less than 364 days before the end of your tax year and continuously owned by the transferor until it was acquired by you.

- Note 9: For each property disposed of during the year, deduct from the proceeds of disposition any outlays and expenses to the extent that they were made or incurred for the purpose of making the disposition(s). The amount reported in respect of the property cannot exceed the property's capital cost, unless that property is a timber resource property as defined in subsection 13(21).
 - If the cost of a zero-emission passenger vehicle (or a passenger vehicle that was, at any time, a DIEP) exceeds the prescribed amount, the proceeds of disposition will be adjusted based on a factor equal to the prescribed amount as a proportion of the actual cost of the vehicle.
- Note 10: If the amount in column 5 (as shown in brackets) reduces the undepreciated capital cost, you must subtract it for the purposes of the calculation. Otherwise, add the appount in column 5 for the purposes of the calculation.
- Note 11: The only amounts incurred before April 19, 2021, to be included in this column are certain inventory purchases from arm's length persons or partnerships where the conditions in paragraphs 1100(0,3)(a) to (c) are met.
- Note 12: Immediate expensing applies to a DIEP included in column 11. The total immediate expensing for the tax year (total of column 12) should not exceed the lesser of
 - 1. Immediate expensing limit: it is equal to one of the following five amounts, whichever is applicable:
 - \$1.5 million, if you are not associated with any other EPOP in the tax year
 - amount from line 125, if you are associated in the tax year with one or more EPOPs
 - nil, if the total of the percentages assigned in Part 1 is more than 100% or you are associated in the tax year with one or more EPOPs and have not filed an agreement in prescribed form as required under subsection 1104(3.3) of the Regulations
 - the amount determined under subsection 1104(3.5) of the Regulations for any second or subsequent tax years ending in a calendar year, if you have two or priore tax years ending in the calendar year in which you are associated with another EPOP that has a tax year ending in that calendar year
 - any amount allocated by the minister under subsection 1104(3.4) of the Regulations

The immediate expensing limit has to be prorated if your tax year is less than 365 days. You cannot carry forward any unused amount of the immediate expensing limit.

- 2. UCC of the DIEP: total of column 11
- You have to maintain the CCPC status throughout the relevant tax year in order to claim the immediate expensing.
- Note 13: An AIIP is a property (other than property included in Classes 54 to 56) that you acquired after November 20, 2018, and that became available for use before 2028.
 - Classes 54 and 55 include zero-emission vehicles that you acquired after March 18, 2019, and that became available for use before 2028.

Class 56 applies to eligible zero-emission automotive equipment and vehicles (other than motor vehicles) that are acquired after March 1, 2020, and that became available for use before 2028.

- See the T2 Corporation Income Tax Guide for more information.
- Note 14: Include only elements from columns 6 and 7 that are not related to the DIEP.
- Note 15: The relevant factors for property of a class in Schedule II, that is an AIIP or included in Classes 54 to 36 available for use before 2024 are:
 - _ 2 1/3 for property in Classes 43.1, 54, and 56
 - _ 1 1/2 for property in Class 55
 - _ 1 for property in Classes 43.2 and 53
 - 0 for property in Classes 12, 13, 14, and 15, as well as properties that are Canadian vessels included in paragraph 1100(1)(v) of the Regulations (see note 20 for additional information) and
 - 0.5 for all other property that is an AIIP

Part 2 – CCA calculation (continued)

- Note 16: The UCC adjustment for property acquired during the year (formerly known as the half-year rule or 50% rule) does not apply to certain property (including AIIP, property included in Classes 54 to 56, and property to which the immediate expensing was applied). Include only elements from columns 6 and 7 that are not related to the DIEP.

 For special rules and exceptions, see Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance.
- Note 17: Enter a rate only if you are using the declining balance method. For any other method (for example, the straight-line method, where calculations are always based on the cost of acquisitions), enter N/A. Then enter the amount you are claiming in column 23.
- Note 18: If the amount in column 10 is negative, you have a recapture of CCA. If applicable, enter the negative amount from column 10 in column 21 as a positive. The recapture rules do not apply to passenger vehicles in Class 10.1. However, they do apply to a passenger vehicle that was, at any time, a DIEP.
- Note 19: If no property is left in the class at the end of the tax year and there is still a positive amount in the column 10, you have a terminal loss. If applicable, enter the positive amount from column 10 in column 22. The terminal loss rules do not apply to:
 - passenger vehicles in Class 10.1
 - property in Class 14.1, unless you have ceased carrying on the business to which it relates
 - limited-period franchises, concessions, or licences in Class 14 if, at the time of acquisition, the property was a former property of the transferor or any similar property attributable to the same fixed place of business, and you had jointly elected with the transferor to have the replacement property rules apply, unless certain conditions are met
- Note 20: If the tax year is shorter than 365 days, prorate the CCA claim. Some classes of property do not have to be prorated. See the T2 Corporation Income Tax Guide for more information. For property in class 10.1 disposed of during the year, deduct a maximum of 50% of the regular CCA deduction if you owned the property at the beginning of the tax year. For AHP listed below, the maximum first year allowance you can claim is determined as follows:
 - _ Class 13: the lesser of 150% of the amount calculated in Schedule III of the Regulations and the UCC at the end of the tax year (before any CCA deduction)
 - Class 14: the lesser of 150% of the allocation for the year of the capital cost of the property apportioned over the remaining life of the property (at the time the cost was incurred) and the UCC at the end of the tax year (before any CCA deduction)
 - Class 15: the lesser of 150% of an amount computed on the basis of a rate per cord, board foot, or cubic metre cut in the tax year and the UCS at the end of the tax year (before any CCA deduction)
 - _ Canadian vessels described under paragraph 1100(1)(v) of the Regulations: the lesser of 50% of the capital cost of the property and the UCC at the end of the tax year (before any CCA deduction)
 - Class 41.2: use a 25% CCA rate. The additional allowance under paragraphs 1100(1)(y.2) (for single mine properties) and 1100(1)(ya.2) (for multiple mine properties) of the Regulations is not eligible for the accelerated investment incentive. The additional allowance in respect of natural gas liquefaction under paragraph 1100(1)(yb) of the Regulations is eligible for the accelerated investment incentive.

The AIIP also apply to property (other than a timber resource property) that is a timber limit or a right to cut timber from a limit as well as to industrial mineral mine or a right to remove minerals from an industrial mineral mine. See the Income Tax Regulations for more detail.

The total opening balance plus the total transfers should be entered on line 414 of Schedule 1 as a deduction. The total closing balance should be entered on line 126 of Schedule 1 as an addition.

Agence du revenu du Canada

Agreement Among Associated Canadian-Controlled Private Corporations to Allocate the Business Limit

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and to assign a percentage for each associated
 corporation. This percentage will be used to allocate the business limit for the small business deduction. Information from this schedule
 will also be used to determine the date the balance of tax is due and to calculate the reduction to the business limit.
- An associated CCPC that has more than one tax year ending in a calendar year must file an agreement for each tax year ending in that calendar year.
- Column 1: Enter the legal name of each of the corporations in the associated group, including those deemed to be associated under subsection 256(2) of the Income Tax Act.
- Column 2: Provide the business number for each corporation (if a corporation is not registered, enter "NR").
- Column 3: Enter the association code from the list below that applies to each corporation:

Ensure that the total at line A does not exceed \$500,000.

- 1 Associated for purposes of allocating the business limit (unless association code 5 applies)
- 2 CCPC that is a **third corporation** as referred to in subsection 256(2) and has filed Schedule 28, Election not to be Associated Through a Third Corporation
- 3 Non-CCPC that is a third corporation
- 4 Associated non-CCPC
- 5 Associated CCPC to which association code 1 does not apply because a third corporation has filed Schedule 28
- Column 4: Enter the business limit for the year of each corporation in the associated group. Enter "0" in the corporation has association code 2, 3 or 4 in column 3 (except if the corporation is a cooperative or a credit union eligible for the SBD and it has association code 4).
- Column 5: Assign a percentage to allocate the business limit to each corporation that has association code in column 3. The total of all percentages in column 5 cannot exceed 100%.
- Column 6: Enter the business limit allocated to each corporation by multiplying the amount in column 5 by the percentage in column 5. Add all business limits allocated in column 6 and enter the total at line A.

Allocating the business limit Year Month Day 025 Date filed (do not use this area) Year 050 2022 Enter the calendar year the agreement applies to Is this an amended agreement for the above calendar year that is intended to replace X No 075 an agreement previously filed by any of the associated corporations listed below? 6 3 Name of associated corporations Business Percentage Asso-**Business limit** Business number of ciation for the year of the limit associated before the allocation allocated* code business corporations \$ limit % 100 200 300 350 400 Festival Hydro Inc. 89957 1814 RC0002 500,000 100.0000 500,000 1 Festival Hydro Services Inc. 500,000 2 86295 3726 RC0001 1 Abiliti Municipal Corporation 77978 4321 RC0001 500,000 100.0000 500,000 Total

Business limit reduction under subsection 125(5.1) of the Act

The business limit reduction is calculated in the small business deduction area of the T2 return. One of the factors used in this calculation is the "large corporation amount" at line 415 of the T2 return. The amount at line 415 is determined using the formula 0.225% x (C - \$10,000,000). Another factor is the "adjusted aggregate investment income" from lines 744 and 745 of Schedule 7, Aggregate Investment Income and Income Eligible for the Small Business Deduction. Details of these formulas and variable C are in subsection 125(5.1) of the Act.

* Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's tax year is less than 51 weeks, prorate the amount in column 6 by the number of days in the tax year divided by 365, and enter the result on line 410 of the T2 return.

Special rules for business limit

Special rules apply under subsection 125(5) if a CCPC has more than one tax year ending in the same calendar year and it is associated in more than one of those tax years with another CCPC that has a tax year ending in that calendar year. The business limit for the second or later tax year will be equal to the lesser of: the business limit determined for the first tax year ending in the calendar year or the business limit determined for the second or later tax year ending in the same calendar year.

T2 SCH 23 E (19)

Investment Tax Credit – Corporations

General information

- · Use this schedule:
 - to calculate an investment tax credit (ITC) earned during the tax year
 - to claim a deduction against Part I tax payable
 - to claim a refund of credit earned during the current tax year
 - to claim a carryforward of credit from previous tax years
 - to transfer a credit following an amalgamation or the wind-up of a subsidiary, as described under subsections 87(1) and 88(1)
 - to request a credit carryback to one or more previous years
 - if you are subject to a recapture of ITC
- Unless otherwise stated, all legislative references are to the federal Income Tax Act and Income Tax Regulations,
- The ITC is eligible for a three-year carryback (if not deductible in the year earned). It is also eligible for a twenty-year carryforward.
- Investments or expenditures, described in subsection 127(9) and Regulation Part XLVI, that earn an ITC axe:
 - qualified property and qualified resource property (Parts 4 to 7 of this schedule)
 - You can no longer claim the ITC for the qualified resource property expenditures. Only unused credits that have not expired can be carried forward for up to 20 tax years following the tax year in which you incurred the expenditures.
 - qualified scientific research and experimental development (SR&ED) expenditures (Parts 8 to 17). File Form T661, Scientific Research and Experimental Development (SR&ED) Expenditures Claim
 - pre-production mining expenditures (Part 18)
 - You can no longer claim the ITC for the pre-production mining expenditures. Only unused credits that have not expired can be carried forward for up to 20 tax years following the tax year in which you incurred the expenditures.
 - apprenticeship job creation expenditures (Parts 19 to 21)
 - child care spaces expenditures (Part 22)
 - You can no longer claim the ITC for the child care spaces expenditures. Only unused credits that have not expired can be carried forward for up to 20 tax years following the tax year in which you incurred the expenditures.
- File this schedule with the T2 Corporation Income Tax Return. If you need more space, attach additional schedules.
- For more information on ITCs, see Investment Tax Credit in Guide T40/12, T2 Corporation Income Tax Guide.
- For more information on SR&ED, see Guide T4088, Scientific Research and Experimental Development (SR&ED) Expenditures Claim Guide to Form T661.

Detailed information

- For the purpose of this schedule, **investment** means the capital cost of the property (excluding amounts added by an election under section 21), determined without reference to subsections 13(7.1) and 13(7.4), minus the amount of any government or non-government assistance that the corporation has received, is entitled to receive, or can reasonably be expected to receive for that property at the time it files the income tax return for the year in which the property was acquired
- An ITC deducted in a tax year for a depreciable property reduces both the capital cost of that property and the undepreciated capital cost of that class in the next tax year. An ITC for SR&ED deducted or refunded in a tax year will reduce the balance in the pool of deductible SR&ED expenditures and the adjusted cost base (ACB) of an interest in a partnership in the next tax year. An ITC from pre-production mining expenditures deducted in a tax year reduces the balance in the pool of deductible cumulative Canadian exploration expenses in the next tax year.
- Property acquired has to be available for use before a claim for an ITC can be made. See subsections 127(11.2) and 248(19) for more information.
- Expenditures for SR&ED qualifying for an ITC must be identified by the claimant on Form T661 and Schedule 31 no later than 12 months after the claimant's income tax return is due for the tax year in which it incurred the expenditures. A claimant that does not meet this reporting deadline will not be able to file Schedule 508, Ontario Research and Development Tax Credit, and Schedule 566, Ontario innovation Tax Credit.
- Expenditures for apprenticeship for an ITC must be identified by the claimant on Schedule 31 no later than 12 months after the claimant's income tax return is due for the tax year in which it incurred the expenditures.
- Partnership allocations Subsection 127(8) provides for the allocation of the amount that may reasonably be considered to be a partner's share of the ITCs of the partnership at the end of the fiscal period of the partnership. An allocation of ITCs is generally considered to be the partner's reasonable share of the ITCs if it is made in the same proportion in which the partners have agreed to share any income or loss and if section 103 is not applicable for the agreement to share any income or loss. Special rules apply to specified members of a partnership and limited partners. For more information, see Guide T4068, Guide for the Partnership Information Return (T5013 Forms).
- For tax purposes, Canada includes the **exclusive economic zone of Canad**a as defined in the Oceans Act (which generally consists of an area of the sea that is within 200 nautical miles from the Canadian coastline), including the airspace, seabed and subsoil of that zone.
- For the purpose of this schedule, the expression **Atlantic Canada** includes the Gaspé Peninsula and the provinces of Newfoundland and Labrador, Prince Edward Island, Nova Scotia, and New Brunswick, as well as their respective offshore regions (prescribed in Regulation 4609).

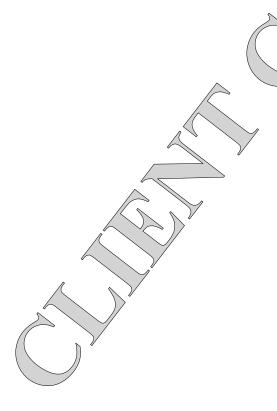

─ Detailed information (continued) -

• For the purpose of this schedule, **qualified property** means property in Atlantic Canada that is used primarily for manufacturing and processing, farming or fishing, logging, storing grain, or harvesting peat. Qualified property includes new buildings and new machinery and equipment (prescribe in Regulation 4600), and new energy generation and conservation property (prescribed in Regulation 4600). Qualified property can also be used primarily to produce or process electrical energy or steam in a prescribed area (as described in Regulation 4610). See the definition of **qualified property** in subsection 127(9) for more information.

Recapture – SR&ED

Part 16 – Recapture of ITC for corporations and partnerships – SR&ED

You will have a recapture of ITC in a year when all of the following conditions are met:

- you acquired a particular property in the current year or in any of the 20 previous tax years, and the credit was earned in a tax year ending after 1997 and did not expire before 2008
- you claimed the cost of the property as a qualified expenditure for SR&ED on Form T661
- the cost of the property was included in calculating your ITC or was the subject of an agreement made under subsection 127(13) to transfer qualified
- you disposed of the property or converted it to commercial use after February 23, 1998. This condition is also met if you disposed of or converted to commercial use a property that incorporates the particular property previously referred to

The recapture does not apply if you disposed of the property to a non-arm's-length purchaser who intended to use it all or substantially all for SR&ED. When the non-arm's-length purchaser later sells or converts the property to commercial use, the recapture rules will apply to the purchaser based on the historical ITC rate of the original user.

You will report a recapture on the T2 return for the year in which you disposed of the property or converted it to commercial use. In the following tax year, add the amount of the ITC recapture to the SR&ED expenditure pool.

If you have more than one disposition for calculations 1 and 2, complete the columns for each disposition for which a recapture applies, using the calculation formats below.

Calculation 1 - If you meet all of the above conditions Amount of ITC you originally calculated Amount calculated using ITC rate Amount from column 700 or 710, for the property you acquired, or the at the date of acquisition whichever is less original user's ITC where you acquired the (or the original user's date of acquisition) on either the proceeds of disposition property from a non-arm's length party, as described in the note above (if sold in an arm's length transaction) or the fair market value of the property (in any other case) 700 710

> Subtotal Enter at amount 17A.

Calculation 2 – Only if you transferred all or a part of the qualified expenditure to another person under an agreement described in subsection 127(13); otherwise, enter nil at amount 16B.

Α	В	(2)	D	E	F
Rate that the transferee used in determining its ITC for qualified expenditures under a subsection 127(13) agreement	Proceeds of disposition of the property if you dispose of it to an arm's length person; or, in any other case, enter the fair market value of the property at conversion or disposition	Amount, if any, already provided for in Calculation 1 (This allows for the situation where only part of the cost of a property is transferred under a subsection 127(13) agreement.)	Amount determined by the formula (A x B) – C	ITC earned by the transferee for the qualified expenditures that were transferred	Amount from column D or E, whichever is less

Calculation 3

As a member of the partnership, you will report your share of the SR&ED ITC of the partnership after the SR&ED ITC has been reduced by the amount of the recapture. If this amount is a positive amount, you will report it on line 550 in Part 12. However, if the partnership does not have enough ITC otherwise available to offset the recapture, then the amount by which reductions to ITC exceed additions (the excess) will be determined and reported on line 760.

> Corporate partner's share of the excess of SR&ED ITC 760 Enter at amount 17C

Taxable Capital Employed in Canada – Large Corporations

Corporation's name	Business number	Tax year-end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- Use this schedule in determining if the total taxable capital employed in Canada of the corporation (other than a financial institution or an insurance corporation) and its related corporations is greater than \$10,000,000.
- If the total taxable capital employed in Canada of the corporation and its related corporations is greater than \$10,000,000, file a completed Schedule 33 with your T2 Corporation Income Tax Return no later than six months from the end of the tax year.
- Unless otherwise noted, all legislative references are to the Income Tax Act and the Income Tax Regulations.
- Subsection 181(1) defines the terms financial institution, long-term debt, and reserves
- Subsection 181(3) provides the basis to determine the carrying value of a corporation's assets or any other amount under Part I.3 for its capital, investment allowance, taxable capital, or taxable capital employed in Canada, or for a partnership in which it has an interest.
- If the corporation was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada, go to Part 4,
 Taxable capital employed in Canada.

- Part 1 – Capital	
Add the following year-end amounts:	
Reserves that have not been deducted in calculating income for the year under Part I 101 2,606,362	
Capital stock (or members' contributions if incorporated without share capital)	
Retained earnings	
Contributed surplus	
Any other surpluses	
Deferred unrealized foreign exchange gains	
All loans and advances to the corporation	
All indebtedness of the corporation represented by bonds, debentures, notes mortgages, hypothecary claims, bankers' acceptances, or similar obligations	
Any dividends declared but not paid by the corporation before the end of the year 110	
All other indebtedness of the corporation (other than any indebtedness for a lease) that has been outstanding for more than 365 days before the end of the year	
The total of all amounts, each of which is the amount, if any, in respect of a partnership in which the corporation held a membership interest at the end of the year, either directly or indirectly through another partnership (see note below)	
Subtotal (add lines 101 to 112) 69,201,840 \	69,201,840 A

Note:

Line 112 is determined by the formula (A - B) x C/D (as per paragraph 181.2(3)(g)) where:

- A is the total of all amounts that would be determined for lines 101, 107, 108, 109, and 111 in respect of the partnership for its last fiscal period that ends at or before the end of the year if
 - a) those lines applied to partnerships in the same manner that they apply to corporations, and
 - b) those amounts were computed without reference to amounts owing by the partnership
 - (i) to any corporation that held a member ship interest in the partnership either directly or indirectly through another partnership, or
 - (ii) to any partnership in which a corporation described in subparagraph (i) held a membership interest either directly or indirectly through another partnership.
- B is the partnership's deferred unrealized foreign exchange losses at the end of the period,
- C is the share of the partnership's income or loss for the period to which the corporation is entitled either directly or indirectly through another partnership, and
- D is the partnership's income or loss for the period.

┌ Part 1 – Capital (continued) ─────		
	Subtotal A (from page 1)	69,201,840 A
Deduct the following amounts:		
Deferred tax debit balance at the end of the year		
Any deficit deducted in calculating its shareholders' equity (including, for this purpose, the amount of any provision for the redemption of preferred shares) at the end of the year		
To the extent that the amount may reasonably be regarded as being included in any of lines 101 to 112 above for the year, any amount deducted under subsection 135(1) in calculating income under Part I for the year.		
Deferred unrealized foreign exchange losses at the end of the year

Ontario Research and Development Tax Credit

Corporation's name

Business number
Tax year-end
Year Month Day
Festival Hydro Inc.
89957 1814 RC0002
2022-12-31

- Use this schedule to:
 - calculate an Ontario research and development tax credit (ORDTC);
 - claim an ORDTC earned in the tax year or carried forward from any of the 20 previous tax years that are a tax year ending after December 31, 2008, to reduce Ontario corporate income tax payable in the current tax year;
 - carry back an ORDTC earned in the tax year to reduce Ontario corporate income tax payable in any of the three previous tax years;
 - add an ORDTC that was allocated to the corporation by a partnership of which it was a member;
 - add an ORDTC transferred after an amalgamation or windup; or
 - calculate a recapture of the ORDTC.
- The ORDTC is a non-refundable tax credit on eligible expenditures incurred by a corporation in a tax year. The ORDTC rate is:
 - 4.5% for tax years that end before June 1, 2016;
 - 3.5% for tax years that start after May 31, 2016; and

Part 1 – Ontario SR&ED expenditure pool

- prorated for a tax year that ends on or after June 1, 2016, and includes May 31, 2016.
- An eligible expenditure is an expenditure for a permanent establishment in Ontario of a corporation, that is a qualified expenditure for the purposes of section 127 of the federal *Income Tax Act* for scientific research and experimental development (SR&ED) carried on in Ontario.
- Only corporations that are not exempt from Ontario corporate income tax and none of whose income is exempt income can claim the ORDTC.
- . Complete and attach this schedule to the T2 Corporation Income Tax Return for the tax year,
- To claim this credit, you must also send in completed copies of the Form T661, Scientific Research and Experimental Development (SR&ED) Expenditures
 Claim, and the Schedule 31, Investment Tax Credit Corporations, within 18 months of the tax year end.

Total eligible expenditures incurred by the corporation in Ontario in the tax year 100 102,081 A Government assistance, non-government assistance, or a contract payment 105 for eligible expenditures В Net eligible expenditures for the tax year (amount A minus amount B) 102,081 C (if negative, enter "0") Eligible expenditures transferred to the corporation by another corporation 102,081 Subtotal (amount C plus amount D) 102,081 E Eligible expenditures the corporation transferred to another corporation 102,081 G Ontario SR&ED expenditure pool (amount E minus amount F) (if negative, enter "0") Part 2 – Eligible repayments The repayment of the ORDTC is calculated using the ORDTC rate that you used to determine your tax credit at the time your eligible expenditures were reduced because of the government or non-government assistance, of contract payments. Enter the amount of the repayment on the line that corresponds to the appropriate rate. Current tax year

Total (equals line 325 in Part 4)

The amount available from the 20th previous tax year will expire after this year. When you file your return for the next year, you will enter the expired amount on line 300 of Schedule 508 for that year.

Part 7 – Calculation of a recapture of ORDTC

You will have a recapture of ORDTC in a tax year when you meet all of the following conditions:

- you acquired a particular property in the current year or in any of the 20 previous tax years if the DRDTC was earned in a tax year ending after 2008;
- you claimed the cost of the property as an eligible expenditure for the ORDTON
- the cost of the property was included in computing your ORDTC or was subject to an agreement made under subsection 127(13) of the federal Act to transfer qualified expenditures and section 42 of the *Taxation Act*, 2007 (Ontario) applied; and
- you disposed of the property or converted it to commercial use in a tax year ending after December 31, 2008. You also meet this condition if you disposed of or converted to commercial use a property which incorporates the particular property previously referred to.

Note: The recapture **does not apply** if you disposed of the property to a non-arm's length purchaser who intended to use it all or substantially all for SR&ED in Ontario. When the non-arm's length purchaser later sells or converts the property to commercial use, the recapture rules will apply to the purchaser based on the historical federal investment tax credit (ITC) rate *** of the original user in Calculation 1 below.

You have to report the recapture on Schedule 5 for the year in which you disposed of the property or converted it to commercial use. If the corporation is a member of a partnership, report its share of the recapture.

Complete the columns for each disposition for which a recapture applies, using the calculation formats below.

*** Federal ITC in calculations 1 and 2 should be determined without reference to paragraph (e) of the definition **investment tax credit** in subsection 127(9) of the federal Act.

Calculation 1 - Complete this part If you meet all of the above conditions

	кк /	LL	MM
	Amount of federal ITC you originally calculated for the property you acquired, or the original user's federal ITC where you acquired the property from a non-arm's length party, as described in the note above	Amount calculated using the federal ITC rate at the date of acquisition (or the original user's date of acquisition) on either the proceeds of disposition (if sold in an arm's length transaction) or the fair market value of the property (in any other case)	Amount from column 700 or 710, whichever is less

Schedule A - Worksheet for eligible expenditures incurred by the corporation in Ontario for the current taxation year

This worksheet allows you to report the amount of eligible expenditures entered on Form T661, Scientific Research and Experimental Development (SR&ED) Expenditures Claim which represents eligible expenditures as defined in section 127 of the Income Tax Act (ITA) with regard to scientific research and experimental development (SR&ED) carried on in Ontario and attributable to a permanent establishment in Ontario of a corporation.

Data on the worksheet is calculated based on the amounts on Form T661, but will have to be adjusted according to the rules of Ontario, if applicable, in particular when the corporation has had a permanent establishment in more than one jurisdiction. This data will be used when calculating Schedule 508 and Schedule 566.

Ontario Corporate Minimum Tax

Corporation's name	Business number	Tax year-end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- File this schedule if the corporation is subject to Ontario corporate minimum tax (CMT). CMT is levied under section 55 of the Taxation Act, 2007 (Ontario), referred to as the "Ontario Act".
- Complete Part 1 to determine if the corporation is subject to CMT for the tax year.
- A corporation not subject to CMT in the tax year is still required to file this schedule if it is deducting a CMT credit, has a CMT credit carryforward, or has a CMT loss carryforward or a current year CMT loss.
- A corporation that has Ontario special additional tax on life insurance corporations (SAT) payable in the tax year must complete Part 4 of this
 schedule even if it is not subject to CMT for the tax year.
- A corporation is exempt from CMT if, throughout the tax year, it was one of the following:
 - 1) a corporation exempt from income tax under section 149 of the federal *Income Tax Act*;
 - 2) a mortgage investment corporation under subsection 130.1(6) of the federal Act;
 - 3) a deposit insurance corporation under subsection 137.1(5) of the federal Act;
 - 4) a congregation or business agency to which section 143 of the federal Act applies;
 - 5) an investment corporation as referred to in subsection 130(3) of the federal Act; or
 - 6) a mutual fund corporation under subsection 131(8) of the federal Act.
- File this schedule with the T2 Corporation Income Tax Return.

□ Part 1 – Determination of CMT applicability	
Part 1 - Determination of Civil applicability	
Total assets of the corporation at the end of the tax year *	82,853,992
Share of total assets from partnership(s) and joint venture(s) *	
Total assets of associated corporations (amount from line 450 on Schedule 511)	2,965,278
Total assets (total of lines 112 to 116)	85,819,270
Total revenue of the corporation for the tax year **	73,163,324
Share of total revenue from partnership(s) and joint venture(s) **	
Total revenue of associated corporations (amount from line 550 on Schedule 511)	1,371,555
Total revenue (total of lines 142 to 146)	74,534,879

The corporation is subject to CMT if:

- for tax years ending before July 1, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are more than \$5,000,000, or the total revenue for the year of the corporation or the associated group of corporations is more than \$10,000,000.
- for tax years ending after June 30, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are equal to or more than \$50,000,000, and the total revenue for the year of the corporation or the associated group of corporations is equal to or more than \$100,000,000.

If the corporation is not subject to CMT, do not complete the remaining parts unless the corporation is deducting a CMT credit, or has a CMT credit carryforward, a CMT loss carryforward, a current year CMT loss or SAT payable in the year.

* Rules for total assets

- Report total assets according to generally accounting principles, adjusted so that consolidation and equity methods are not used.
- Do not include unrealized gains and losses on assets and foreign currency gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.
- The amount on line 114 is determined at the end of the last fiscal period of the partnership or joint venture that ends in the tax year of the corporation. Add the proportionate share of the assets of the partnership(s) and joint venture(s), and deduct the recorded asset(s) for the investment in partnerships and joint ventures.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

** Rules for total revenue

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the tax year is less than 51 weeks, multiply the total revenue of the corporation or the partnership, whichever applies, by 365 and divide by the number of days in the tax year.
- The amount on line 144 is determined for the partnership or joint venture fiscal period that ends in the tax year of the corporation. If the partnership or joint venture has 2 or more fiscal periods ending in the filing corporation's tax year, **multiply** the sum of the total revenue for each of the fiscal periods by 365 and **divide** by the total number of days in all the fiscal periods.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

Adjusted net income/loss for CMT purposes (line 210 plus amount A minus amount B)	- 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1
If the amount on line 490 is positive and the corporation is subject to CMT as determined in Part 1, enter the amount on line	515 in Part 3.
If the amount on line 490 is negative, enter the amount on line 760 in Part 7 (enter as a positive amount).	

Note

In accordance with Ontario Regulation 37/09, when calculating net income for CMT purposes, accounting income should be adjusted to:

- exclude unrealized gains and losses due to mark-to-market changes or foreign currency changes on specified mark-to-market property (assets only);
- include realized gains and losses on the disposition of specified mark-to-market property not already included in the accounting income, if the
 property is not a capital property or is a capital property disposed in the year or in a previous tax year ended after March 22, 2007.

"Specified mark-to-market property" is defined in subsection 54(1) of the Ontario Act.

These rules also apply to partnerships. A corporate partner's share of a partnership's adjusted income flows through on a proportionate basis to the corporate partner.

* Rules for net income/loss

Banks must report net income/loss as per the report accepted by the Superintendent of Financial Institutions under the federal Bank Act, adjusted so
consolidation and equity methods are not used.

Part 2 - Calculation of adjusted net income/loss for CMT purposes (continued)

- Life insurance corporations must report net income/loss as per the report accepted by the federal Superintendent of Financial Institutions or equivalent provincial insurance regulator, before SAT and adjusted so consolidation and equity methods are not used. If the life insurance corporation is resident in Canada and carries on business in and outside of Canada, multiply the net income/loss by the ratio of the Canadian reserve liabilities divided by the total reserve liability. The reserve liabilities are calculated in accordance with Regulation 2405(3) of the federal Act.
- Other corporations must report net income/loss in accordance with generally accepted accounting principles, except that consolidation and equity methods must not be used. When the equity method has been used for accounting purposes, equity losses and equity income are removed from book income/loss on lines 224 and 324 respectively.
- Corporations, other than insurance corporations, should report net income from line 9999 of the GIFI (Schedule 125) on line 210.
- ** The share of the adjusted net income of a partnership or joint venture is calculated as if the partnership or joint venture were a corporation and the tax year of the partnership or joint venture were its fiscal period. For a corporation with an indirect interest in a partnership through one or more partnerships, determine the corporation's share according to clause 54(5)(c) of the Ontario Act.
- *** A joint election will be considered made under subsection 60(1) of the Ontario Act if there is an entry on line 342, and an election has been made for transfer of property to a corporation under subsection 85(1) of the federal Act.
- **** A joint election will be considered made under subsection 60(2) of the Ontario Act if there is an entry on line 344, and an election has been made under subsection 85(2) or 97(2) of the federal Act.
- ***** A joint election will be considered made under subsection 61(1) of the Ontario Act if there is an entry on line 346, and an election has been made under subsection 13(4) or 14(6) and/or section 44 of the federal Act.

ONTARIO CORPORATE MINIMUM TAX – TOTAL ASSETS AND REVENUE FOR ASSOCIATED CORPORATIONS

Name of corporation	Business Number	Tax year-end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- For use by corporations to report the total assets and total revenue of all the Canadian or foreign corporations with which the filing corporation was
 associated at any time during the tax year. These amounts are required to determine if the filing corporation is subject to corporate minimum tax.
- Total assets and total revenue include the associated corporation's share of any partnership(s)/joint venture(s) total assets and total revenue.
- Attach additional schedules if more space is required.
- File this schedule with the T2 Corporation Income Tax Return.

Names of associated corporations 200	Business number (Canadian corporation only) (see Note 1)	Total assets* (see Note 2)	Total revenue** (see Note 2)
Festival Hydro Services Inc.	86295 3726 RC0001	2,965,277	1,371,555
Abiliti Municipal Corporation	77978 4321 RC0001	1	0
	Total	2,965,278	1,371,555

Enter the total assets from line 450 on line 116 in Part 1 of Schedule 510, Ontario Corporate Minimum Tax. Enter the total revenue from line 550 on line 146 in Part 1 of Schedule 510.

Note 1: Enter "NR" if a corporation is not registered.

Note 2: If the associated corporation does not have a tax year that ends in the filing corporation's current tax year but was associated with the filing corporation in the previous tax year of the filing corporation, enter the total revenue and total assets from the tax year of the associated corporation that ends in the previous tax year of the filing corporation.

* Rules for total assets

- Report total assets in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Include the associated corporation's share of the total assets of partnership(s) and joint venture(s) but exclude the recorded asset(s) for the
 investment in partnerships and joint ventures.
- Exclude unrealized gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.

** Rules for total revenue

- Report total revenue in accordance with generally accounting principles, adjusted so that consolidation and equity methods are not used.
- If the associated corporation has 2 or more tax years ending in the filing corporation's tax year, multiply the sum of the total revenue for each of
 those tax years by 365 and divide by the total number of days in all of those tax years.
- If the associated corporation's tax year is less than 51 weeks and is the only tax year of the associated corporation that ends in the filing corporation's tax year, multiply the associated corporation's tax year.
- Include the associated corporation's share of the total revenue of partnerships and joint ventures.
- If the partnership or joint venture has 2 or more fiscal periods ending in the associated corporation's tax year, multiply the sum of the total revenue for each of the fiscal periods by 365 and divide by the total number of days in all the fiscal periods.

- Part 4 – Calculation of the Ontario co-operative education tax credit-

410

Complete a separate entry for each student for each qualifying work placement that ended in the corporation's tax year. If a qualifying work placement would otherwise exceed four consecutive months, divide the WP into periods of four consecutive months and enter each full period of four consecutive months as a separate WP. If the WP does not divide equally into four-month periods and if the period that is less than 4 months is 10 or more consecutive weeks, then enter that period as a separate WP. If that period is less than 10 consecutive weeks, then include it with the WP for the last period of 4 consecutive months. Consecutive WPs with two or more associated corporations are deemed to be with only one corporation, as designated by the corporations.

Note 1: When the WP has been divided into separate periods because it exceeds four consecutive months, enter the start date for the separate WP.

Note 2: When the WP has been divided into separate periods because it exceeds four consecutive months, enter the end date for the separate WP.

1.

89957 1814 RC0002 Part 4 – Calculation of the Ontario co-operative education tax credit (continued) F1 F2 X Y Eligible expenditures before Eligible Eligible expenditures after Eligible Number of consecutive Total number of consecutive percentage March 27, 2009 percentage March 26, 2009 weeks of the WP completed weeks of the student's WP (see note 1 below) before (see note 1 below) after by the student before (see note 3 below) March 27, 2009 March 26, 2009 March 27, 2009 (from line 310 (from line 310a (see note 3 below) in Part 3) in Part 3) 450 452 1 10.000 % 13,000 25.000 % 17 2 10.000 % 25.000 % G K Eligible amount Maximum CETC CETC on eligible CETC on repayment of CETC for each WP (eligible expenditures per WP government assistance expenditures (column I or column J) multiplied (column G or H, (see note 4 below) (see note 3 below) by eligible percentage) whichever is less) (see note 2 below) 462 470 480 490 460 3,250 3,000 3,000 3,000 1 2. Ontario co-operative education tax credit (total of amounts in column K) 500 3,000 L or, if the corporation answered **yes** at line 150 in Part 1, determine the partner's share of amount 1. X percentage on line 170 in Part 1 M Amount L Enter amount L or M, whichever applies, on line 452 of Schedule 5, Tax Calculation Supplementary - Corporations. If you are filing more than one Schedule 550, add the amounts from line L or M, whichever applies, on all the schedules and enter the total amount on line 452 of Schedule 5. Note 1: Reduce eligible expenditures by all government assistance, as defined under subsection 88(21) of the Taxation Act, 2007 (Ontario), that the corporation has received, is entitled to receive, or may reasonably expect to receive, for the eligible expenditures, on or before the filing due date of the T2 Corporation Income Tax Return for the tax year, Note 2: Calculate the eligible amount (Column G) using the following formula: Column G = (column F1 x percentage on line 310) + (column F2 x percentage on line 312) Note 3: If the WP ends before March 27, 2009, the maximum credit amount for the WP is \$1,000. If the WP begins after March 26, 2009, the maximum credit amount for the WP is \$3,000. If the WP begins before March 27, 2009, and ends after March 26, 2009, calculate the maximum credit amount using the following formula: $(\$1,000 \times X/Y) + [\$3,000 \times (Y - X)/Y]$ where "X" is the number of consecutive weeks of the WP completed by the student before March 27, 2009.

Note 4: When claiming a CETC for repayment of government assistance, complete a separate entry for each repayment and complete columns A to E and J and K with the details for the previous year WP in which the government assistance was received. Include the amount of government assistance repaid in the tax year multiplied by the eligible percentage for the tax year in which the government assistance was received, to the extent that the government assistance reduced the CETC in that tax year.

and "Y" is the total number of consecutive weeks of the student's WP.

Festival Hydro Inc. 89957 1814 RC0001 December 31, 2022

Letter to Minister for elections made by the corporation for which there is no prescribed form

Election 1101(5b.1):

Pursuant to Regulation 1101(5b.1) the taxpayer elects to include in a separate class the cost of building additions in accordance with Regulation 1100(a.2) for a building that is used more than 90% for non-residential use.

T2 Corporation Income Tax Return

200

EXEMPT FROM TAX

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporation return.

All legislative references on this return are to the federal Income Tax Act and Income Tax Regulations. This return may contain changes that had not yet become law at the time of publication.

Send one completed copy of this return, including schedules and the General Index of Financial Information (GIFI), to your tax centre. You have to file the return within six months after the end of the corporation's tax year.

For more information see canada.ca/taxes or Guide T4012, T2 Corporation - Income Tax Guide.

General Index of Financial Information Notes to the financial statements

1. Reporting entity:

Festival Hydro Inc. (the "Corporation") is a wholly owned subsidiary of the City of Stratford. The Corporation was

incorporated on July 11, 2000 under the Business Corporations Act (Ontario) pursuant to Section 142 of the Electricity

Act Laws of the Province of Ontario, Canada. The address of the Corporation's registered office is 187 Erie Street, Stratford, Ontario, Canada.

The principal activity of the Corporation is to distribute electricity to the residents and businesses in the City of Stratford \triangle

and the towns of Brussels, Dashwood, Hensall, Seaforth, St. Marys and Zurich under a license issued by the Ontario

Energy Board ("OEB"). The Corporation is regulated by the Ontario Energy Board and adjustments to the Corporation's

distribution and power rates require OEB approval.

The financial statements are for the Corporation as at and for the year ended December 31, 2022.2. Basis of preparation:

(a) Statement of compliance

The Corporation's financial statements have been prepared in accordance with International Financial

Reporting Standards ("IFRS"). These financial statements were approved by the Board of Directors on April27, 2023.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis,

unless otherwise stated.(c) Functional and presentation currency

These financial statements are presented in Canadian dollars, which is the Corporation's functional currency.(d) Use of estimates and judgements Information about judgements made in applying accounting policies that have

an effect on the amounts

recognized in the financial statements is included in the following notes: Note 3(1) Determination of the performance obligation for contribution and the related amortization period

Note 3(m) Whether an arrangement contains a lease

Note 6 Estimate for impairment for uncollected amounts, based on the lifetime expected credit losses

Note 8 Property, plant and equipment: useful lives and the identification of significant components ofproperty, plant and equipment.

Note 9 Intangible assets: useful lives and goodwill impairment testing.

Note 12 Measurement of the defined benefit obligation - actuarial assumptions

Note 23 Recognition and measurement of commitments and contingencies.

Festival Hydro Inc.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021 \circ

- 2. Basis of preparation (continued)
- (e) Rate regulation

The Corporation is regulated by the Ontario Energy Board, under the authority granted by the Ontario Energy

Board Act, 1998. Among other things, the OEB has the power and responsibility to approve or set rates for the

transmission and distribution of electricity, providing continued rate protection for electricity consumers in

Ontario, and ensuring that transmission and distribution companies fulfill obligations to connect and service

customers. The OEB may also prescribe license requirements and conditions of service to local distribution $\,$

companies ("LDCs"), such as the Corporation, which may include, amongst other

General Index of Financial Information Notes to the financial statements

things, record keeping, regulatory accounting principles, separation of accounts for distinct businesses, and filing and processrequirements for rate setting purposes. The Corporation is required to bill certain classes of customers for the debt retirement charges. The Corporation may file to recover uncollected debt retirement charges from Ontario Electricity Financial Corporation ("OEFC") once each year. (f) Rate setting Distribution revenue For the distribution revenue included in sale of energy, the Corporation files a "Cost of Service" ("COS") rate application with the OEB where rates are determined through a review of the forecasted annual amount of operating and capital expenditures, debt and shareholder's equity required to support the Corporation's business. The Corporation estimates electricity usage and the gosts service each customer class to determine the appropriate rates to be charged to each class. The COS application is reviewed by the OEB and interveners on record. Rates are approved based upon this review, including any revisions resulting from thatreview. In the intervening years, the Corporation has chosen to file a price Cap Incentive Rate Mechanism ("IRM") application. An IRM application results in a formulaic adjustment to distribution rates that were set under the last COS application. The previous year's rates are adjusted for the annual change in the Gross Domestic Product Implicit Price Inflator for Final pomestic Demand ("GDP IPI-FDD") net of a productivity factor and a "stretch factor" determined by the relative efficiency of an electricity distributor. As a licensed distributor, the Corporation is responsible for billing customers for electricity generated by third parties and the related costs of providing/electricity service, such as transmission services and other services provided by third parties. The Corporation is required, pursuant to regulation, to remit such amounts to these third parties, irrespective of whether the Corporation ultimately collects these amounts from customers. On May 27, 2014, the Corporation filed its 2015 Cost of Service application. The OEB issued its final Decision and Order dated June 5, 2015. The decision allows for a total service revenue requirement of \$11,210,828 based on a total rate base of \$61,778,759. The deemed debt portion of the rate base (60%) at \$27,067,256 earns a weighted average rate of 4.05%. The deemed equity portion of the rate base (40%) at \$24,711,504 earns a deemed return on equity of 9.30%. The rates were effective May 1, 2015 with an implementation date of June 1, 2015. Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 2. Festival Hydro Inc.
89957 1814 RC0002 2022-12-31

General Index of Financial Information Notes to the financial statements

Festival filed its 2021 IRM application for distribution rates and was approved new rates by the OEB effective

January 1, 2021. The Corporation's approved adjustment to distribution rates was 1.90%, as a result of an

OEB approved inflation factor of 2.20%, less a stretch factor of 0.30% determined by the relative efficiency of

the Corporation. The application included the approval of rate riders for the disposition of certain deferral andvariance balances.

Festival filed its 2022 IRM application for distribution rates and was approved new rates by the OEB effective $\frac{1}{2}$

January 1, 2022. The Corporation's approved adjustment to distribution rates was 3.00%, as a result of an

OEB approved inflation factor of 3.30%, less a stretch factor of 0.30% determined by the relative efficiency of

the Corporation. The application included the approval of rate riders for the disposition of certain deferral andvariance balances.

Electricity rates

The OEB sets electricity prices for low-volume consumers twice each year based on an estimate of how much

it will cost to supply the province with electricity for the next year. All remaining consumers pay the market price

for electricity and the global adjustment. The Corporation is billed for the cost of the electricity that its customers

use and passes this cost on to the customer at cost without a mark-up.

3. Significant accounting policies:

The accounting policies set out below have been applied consistently for both years presented in these financial statements in accordance with IFRS.

(a) Regulatory balances

Regulatory deferral account debit balances represent costs incurred in excess of amounts billed to the customer

at OEB approved rates. Regulatory deferral account credit balances represent amounts billed to the customer

at OEB approved rates in excess of costs incurred by the Corporation.

Regulatory deferral account debit balances are recognized if it is probable that future billings in an amount at

least equal to the deferred ost will result from inclusion of that cost in allowable costs for rate-making purposes.

The offsetting amount is recognized in net movement in regulatory balances in profit or loss or other

comprehensive income ("OCI"). When the customer is billed at rates approved by the OEB for the recovery of

the deferred costs, the customer billings are recognized in revenue. The regulatory debit balance is reduced by

the amount of these customer billings with the offset to net movement in regulatory balances in profit or loss or OCI.

The probability of recovery of the regulatory deferral account debit balances is assessed annually based upon

the likelihood that the OEB will approve the change in rates to recover the balance. The assessment of

likelihood of recovery is based upon previous decisions made by the OEB for similar circumstances, policies or

guidelines issued by the OEB. Any resulting impairment loss is recognized in profit or loss in the year incurred. Festival Hydro Inc.

Corporation's name Business number Tax vear end Year Month Day Festival Hydro Inc. 89957 1814 RC0002 2022-12-31

General Index of Financial Information

Notes to the financial statements 3. Significant accounting policies (continue): (a) Regulatory balances (continued) When the Corporation is required to refund amounts to ratepayers in the future, the Corporation recognizes a regulatory deferral account credit balance. The offsetting amount is recognized in net movement in regulatory balances in profit or loss or OCI. The amounts returned to the customers are recognized as a reduction of revenue. The credit balance is reduced by the amount of these customer repayments with the offset to net movement in regulatory balances in profit or loss or OCI. (b) Cash and cash equivalents Cash and cash equivalents include cash in bank accounts. On the statement of cash flows, cash and cash equivalents includes bank overdrafts (revolving credit facility) that are repayable on demand and form an integral part of the Corporation's cash management. (c) Financial instruments All financial assets are classified as loans and receivables. marketable securities which are classified as available for sale and derivatives which are measured as fair value through profit and loss. All financial liabilities are classified as other financial liabilities. These financial instruments are recognized initially at fair value adjusted for any directly attributable transaction costs. Loans and receivables and other financial liabilities are subsequently measured at amortized cost using the effective interest method less any impairment for the financial assets. Available for sale financial assets are subsequently measured at fair value, within the changes therein recognized in other comprehensive income until the assets are sold. Upon sale of an available for sale asset, the Corporation has elected to record the accumulated unrealized change in value of the asset as a transfer through other comprehensive income into profit and loss. The Corporation holds derivative financial instruments to manage its interest rate risk exposures. Derivatives are initially measured at fair value; any directly attributable transaction costs are recognized in/profit or Moss as incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein, are recognized in the statement of comprehensive income. Hedge accounting has not been used in the preparation of these financial statements. (d) Inventories Inventories are stated at lower of cost and net realizable value and consist of maintenance materials and supplies. Cost is determined on a weighted average basis, net of a provision for obsolescence, as applicable. The Corporation classifies all major construction related component of its electricity distribution infrastructureto property, plant and equipment. (e) Property, plant and equipment ("PP&E") Items of property, plant and equipment used in rate-regulated activities and

acquired prior to January 1, 2014

customers, its fair value, less accumulated

are measured at deemed cost, or, where the item is transferred from

depreciation and accumulated impairment losses. All other items of PP&E are

General Index of Financial Information Notes to the financial statements

measured at cost, or, where the item is contributed by customers, its fair value, less accumulated depreciation. Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 3. Significant accounting policies (continued): (e) Property, plant and equipment ("PP&E") Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of selfconstructed assets includes the cost of materials and direct labour and any other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs on qualifying assets are capitalized as part of the cost of the asset and are based on the Corporation's cost of borrowing. For construction projects of less than one year in length, borrowing costs not capitalized unless specific identifiable loans are acquired for the express purpose of linancing specific construction activity. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Corporation and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred. Depreciation is recognized in profit or loss on a straight-line basis over the estimated useful life of each part or component of an item of property, plant and equipment. Land is not depreciated. Construction in progress assets are not amorgized until the project is complete and in service. Depreciation begins when an asset becomes available for use. Depreciation is provided on a straight-11ne basis / over the estimated useful lives // Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate. The estimated useful lives for the current and comparative years are as follows: Buildings 10 to 60 years Distribution substation equipment 30 to 60 years Distribution system equipment 30 to 60 years Transformers 35 to 40 years Meters 15 to 40 years Other capital assets 4 to 20 years Other capital assets include vehicles, office and computer equipment. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized within other income in the statement of comprehensive income.

Festival Hydro Inc.

General Index of Financial Information

Notes to the financial statements Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 3. Significant accounting policies (continued): (f) Intangible assets Intangible assets include goodwill, computer software and capital contributions paid under capital cost recoveryagreements ("CCRAs"). (i) Goodwill Goodwill represents the excess of cost over fair value of net assets which arose upon amalgamation of the former electrical distribution entities. Goodwill is measured at cost less accumulated impairment losses.(ii) Computer software Computer software acquired prior to January 1, 2014, is measured at deemed cost less accumulated depreciation. All other software that is acquired or developed by the Corporation, including software that is not integral to the functionality of equipment purchased which has useful lives, is measured at cost less accumulated amortization and accumulated impairment losses. (iii) Capital contributions paid under capital cost recovery agreements Capital contributions paid under CCRAs are measured at cost less accumulated amortization and accumulated impairment losses. (iv) Amortization Amortization is recognized in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use. The estimated usefullives for the current and comparative years are: Computer software 5 years CCRAs 15 to 25 years Amortization methods and useful lives of all intangible assets are reviewed at each reporting date andadjusted if appropriate. (g) Impairment (i) Financial assets measured at amortized c A loss allowance for expected credit losses on financial assets measured at amortized cost is recognized at the reporting date. The loss allowance is measured at an amount equal to the lifetime expected creditlesses for the asset. Festival Hydro Inc. Notes to the Financial \$tatements Year ended December 31, 2022, with comparative information for 2021 3. Significant accounting policies (continued): (ii) Non-financial assets The carrying amounts of the Corporation's non-financial assets, other than regulatory assets, inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill, the recoverable amount is estimated as at December 31 of each year. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit"). The Corporation has

determined that it has one cash

General Index of Financial Information Notes to the financial statements

generating unit. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of

the time value of money and the risks specific to the asset.

The goodwill acquired in a business combination, for the purpose of impairment testing, is allocated to

cash-generating units that are expected to benefit from the synergies of the combination.

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its

estimated recoverable amount. Impairment losses are recognized in profit or loss. An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses

recognized in prior periods are assessed at each reporting date for any

indications that the loss has

decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates

used to determine the recoverable amount. An impairment loss is reversed only to the extent that the

asset's carrying amount does not exceed the carrying amount that would have been determined, net of

depreciation or amortization, if no impairment 1635 had been recognized.

(h) Provisions

A provision is recognized if, as a result of a past event, the Corporation has a present legal or constructive

obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required

to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre tax

rate that reflects current market assessments of the time value of money and the risks specific to the liability (i) Employee benefits

(i) Pension plan

The Corporation provides a pension plan for all its full-time employees through Ontario Municipal

Employees Retirement System (OMERS) OMERS is a multi-employer pension plan which operates as

the Ontario Municipal Employees Retirement Fund ("Fund"). The Fund is a contributory defined benefit

pension plan which is financed by equal contributions from participating employers and employees, and bythe investment earnings of the Fund. Festival Hydro Inc.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021 14

- 3. Significant accounting policies (continued):
- (i) Pension plan (continued)

 ${\tt OMERS}$ is a defined benefit plan, however, as the plan assets and pension obligations are not segregated

in separate accounts for each member entity, sufficient information is not available to enable the

Corporation to directly account for the plan. As such, the plan has been accounted for as a defined $\,$

contribution plan. The contribution payable is recognized as an employee

General Index of Financial Information Notes to the financial statements

benefit expense in the statement

of comprehensive income in the period in which the service was rendered by the employee, since it is not

practicable to determine the Corporation's portion of person obligations of the fair value of plan assets.(ii) Employee future benefits, other than pension

The Corporation has an unfunded benefit plan providing post-employment benefits (other than pension) to

its employees. The Corporation provides its retired employees (20 years service; less than age 65)

with life insurance and medical benefits beyond those provided by government sponsored plans. Life

insurance is provided for current retirees including those over age 65. The obligations for these post-employment benefit plans are actuaryally determined by applying the

projected unit credit method and reflect management's best estimate certain underlying assumptions.

Remeasurements of the net defined benefit obligations, including actu gains and losses, are recognized

immediately in other comprehensive income. When the benefits of a plan are improved, the portion of the

increased benefit relating to past service by employees is recognized immediately in profit or loss.

(j) Deferred revenue and assets transferred from customers

Certain customers and developers are required to contribute towards the capital cost of construction in order to

provide ongoing service. Cash contributions are initially recorded under

current liabilities as customer deposits.

Once the distribution system asset is completed or modified, as outlined in the terms of the contract, the

contribution amount is transferred to deferred revenue.

When an asset is received as a capital contribution, the asset is initially recognized at its fair value, with the

corresponding amount recognized as contributions in aid of construction. The contributions in aid of construction

account, which represents the Corporation's obligation to continue to provide the customers access to the

supply of electricity, is reported as deferred revenue, and is amortized to other income on a straight-line pasis

over the terms of the agreement with the customer or the economic useful life of the acquired or contributed

asset, which represents the period of ongoing service to the customer.

(k) Customer deposits

Security deposits from electricity customers are cash collections to guarantee the payment of electricity bills.

The electricity customer security deposits liability includes related interest amounts, calculated using OEB

prescribed interest rates, and owed to the customers with a corresponding amount charged to finance costs.

Deposits that are refundable upon demand are classified as a current liability. Annually, accrued interest is

applied directly to the customers' accounts.

Festival Hydro Inc.

Notes to the Financial Statements

Year ended December 31, 2022, with comparative information for 2021

15

General Index of Financial Information Notes to the financial statements

- 3. Significant accounting policies (continued):
- (k) Customer deposits (continued)

Security deposits on offers to connect are cash collections from specific customers to guarantee the payment

of additional costs relating to expansion projects. This liability includes related interest amounts owed to the

customers with a corresponding amount charged to finance costs. Deposits are classified as a current liability

when the Corporation no longer has an unconditional right to defer payment of the liability for at least 12 monthsafter the reporting period.

- (1) Revenue Recognition
- (i) Sale and distribution of electricity

The performance obligations for the sale and distribution of electricity are recognized over time using an output

method to measure the satisfaction of the performance obligation. The value of the electricity services

transferred to the customer is determined on the basis of cyclical meter readings plus estimated customer usage

since the last meter reading date to the end of the year and represents the amount that the Corporation has the

right to bill. Revenue includes the cost of electricity supplied distribution, and any other regulatory charges.

The related cost of power is recorded on the basis of power used.

For customer billings related to electricity generated by third parties and the related costs of providing electricity

service, such as transmission services and other services provided by third parties, the Corporation has

determined that it is acting as a principal for these electricity charges and, therefore, has presented electricity revenue on a gross basis.

Customer billings for debt retirement charges are recorded on a net basis as the Corporation is acting as anagent for this billing stream.

(ii) Capital contributions

Developers are required to contribute towards the capital cost of construction of distribution assets in order to

provide ongoing service. The developer is not a customer and therefore the contributions are scoped out of

IFRS 15 Revenue from Contracts with Customers. Cash contributions, received from developers are recorded

as deferred revenue. When an asset other than cash is received as a capital contribution, the asset is initially

recognized at its fair value, with a corresponding amount recognized as deferred revenue. The deferred

revenue, which represents the Corporation's obligation to continue to provide the customers access to the

supply of electricity, is amortized to income on a straight-line basis over the useful life of the related asset.

Certain customers are also required to contribute towards the capital cost of construction of distribution assets

in order to provide ongoing service. These contributions fall within the scope of IFRS $15\ \text{Revenue}$ from

Contracts with Customers. The contributions are received to obtain a connection to the distribution system in $\$

order receive ongoing access to electricity. The Corporation has concluded that the performance obligation is

the supply of electricity over the life of the relationship with the customer which is satisfied over time as the

General Index of Financial Information Notes to the financial statements

customer receives and consumes the electricity. Revenue is recognized on a straight-line basis over the usefullife of the related asset. Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 3. Significant accounting policies (continued): (1) Revenue Recognition (continued) (ii) Other revenue Revenue earned from the provision of services is recognized as the service rendered. Government grants and the related performance incentive payments under Conservation and Demand Management ("CDM") programs are recognized as revenue in the year when there is reasonable assurance that the program conditions have been satisfied and the payment will be received. (m) Leased assets At inception of a contract, the Corporation assess whether the contract is or contains a lease. A contract is determined to contain a lease if it provides the Corporation with the right to control the use of an identified asset for a period of time in exchange for consideration. Contracts determined to contain a lease are accounted for as leases. For leases and contracts that contain a lease, the Corporation recognizes a right-of-use asset and a lease liability at the lease commencement datg. The right-of-use asset is initially measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of p toperty, plant and equipment. Subsequent to initial recognition, the right-of-use asset is recognized at cost less any accumulated depreciation and any accumulated impairment losses, adjusted for certain remeasurements of the corresponding lease liability. The lease liability is initially measured at the present value of lease payments plus the present value of lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Corporation's incremental borrowing rate. The lease liability is subsequently measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Corporation's estimate of the amount expected to be payable under a residual value

guarantee, or if the Corporation changes its assessment of whether it will

General Index of Financial Information Notes to the financial statements

exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the rightof-use asset has been reduced to zero. The Corporation has elected not to recognize right-of-use assets and lease liabilities for leases that have a lease term of 12 months or less or for leases of low value assets. The Corporation recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term. Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 3. Significant accounting policies (continued): (n) Finance income and finance costs Finance income is recognized as it accrues in profit or loss, using effective interest method. Finance income comprises interest earned on cash and cash equivalents. Finance costs comprise interest expense on customer deposits, the demand notes payable, revolving creditfacility and long-term borrowings. Changes in the fair value of interest rate swap agreements are recorded either in finance income, or costs, depending on whether an unrealized gain or loss is required. (o) Income taxes The Corporation is currently exempt from taxes ander the Income Tax Act (Canada) and the Ontario Corporations Tax Act. Pursuant to the Electricity Act, 1998 (Ontario), the Corporation makes payments in lieu of corporate taxes to the Ontario Electricity Financial Corporation (OEFC). These payments are calculated in accordance with the rules for computing taxable income and taxable capital and other relevant amounts contained in the Income Tax Act (Canada) and the Corporations Tax Act (Ontario) as modified by the Electrichty Act, 1998, and related regulations. Rrior to October 1, 2001, the Corporation was not subject to income proapital taxes. The income tax expense comprises current and deferred tax. Income tax expense is recognized in profit/or loss except to the extent that it relates to other comprehensive income or items recognized directly in equity, in which case, it is recognized in accumulated comprehensive income or retained earnings, respectively. Current tax is the tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. Deferred tax is recognized using the balance sheet method. Under this method, deferred income taxes reflect the net tax effects of temporary differences between the tax basis of assets and liabilities and their carrying amounts for accounting purposes, as well as for tax losses available to be carried forward to future years that

are likely to be realized. Deferred tax assets and liabilities are measured

tax rates, at the reporting date, expected to apply to taxable income in the

using enacted or substantively enacted

General Index of Financial Information Notes to the financial statements

years in which those temporary

differences are expected to be recovered or settled. The effect on deferred

tax assets and liabilities of a change

in tax rates is recognized in income in the year that includes the date of enactment or substantive enactment.

Rate-regulated accounting requires the recognition of regulatory balances and related deferred tax assets and

liabilities for the amount of deferred taxes expected to be refunded to or

recovered from customers through

future electricity distribution rates. A gross up to reflect the income $\tan x$

benefits associated with reduced

revenues resulting from the realization of deferred tax assets is recorded within regulatory credit or debt

balances. Deferred taxes that are not included in the rate-setting process are charged or credited to the statements of comprehensive income.

Festival Hydro Inc.

- 3. Significant accounting policies (continued):
- (o) Income taxes (continued)

The benefits of the refundable and non-refundable apprenticeship and other ITCs are credited against the

related expense in the statements of comprehensive income.

4. Standards issued but not yet adopted:

There are new standards, amendments to standards and interpretations which have not been applied in preparing

these financial statements. These standards or amendments relate to the measurement and disclosure of financial

assets and liabilities. The extent of the impact on adoption of these standards and amendments has not yet been determined.

- i. Classification of Liabilities as Current or Non-current (Amendments to IAS 1)ii. Definition of Accounting Estimates (Amendments to IAS 8)
- iii. Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)
- i. Classification of Liabilities as Current or Non-current (Amendments to IAS 1):On January 23, 2020, the TASB issued amendments to IAS 1 Presentation of

Financial Statements, to clarify the classification of liabilities as current or non-current. On July 15, 2020 the

IASB issued an amendment to defer the

effective date by one year. The amendments are effective for annual periods beginning on or after January 1, 2024. Early adoption is permitted.

For the purposes of non-current classification, the amendments removed the requirement for a right to defer

settlement or roll over of a liability for at least twelve months to be unconditional. Instead, such a right must have

substance and exist at the end of the reporting period. The amendments also clarify how a company classifies a

liability that includes a counterparty conversion option.

The amendments state that settlement of a liability includes transferring a company's own equity instruments to the

counterparty, and when classifying liabilities as current or non-current, a company can ignore only those conversionoptions that are recognized as equity.

The Corporation intends to adopt this standard in its financial statements

The Corporation intends to adopt this standard in its financial statements for the annual period beginning January

tor the annual period beginning bandary

1, 2023. The extent of the impact of adoption of the standard has not yet

General Index of Financial Information Notes to the financial statements

```
been determinedii. Definition of Accounting Estimates (Amendments to IAS 8):
On February 12, 2021, the IASB issued Definition of Accounting Estimates
(Amendments to IAS 8). The
amendments are effective for annual periods beginning on or after January 1,
2023. Early adoption is permitted. Festival Hydro Inc.
Notes to the Financial Statements
Year ended December 31, 2022, with comparative information for 2021
4. Standards issued but not yet adopted (continued):
The amendments introduce a new definition for accounting estimates,
clarifying that they are monetary amounts
in the financial statements that are subject to measurement uncertainty.
amendments also clarify the
relationship between accounting policies and accounting estimates by
specifying that a company develops an
accounting estimate to achieve the objective set out by an accounting policy.
The Company intends to adopt this standard in its financial statements for
the annual period beginning January 1,
2023. The extent of the impact of adoption of the standard has not yet been
iii. Disclosure of Accounting Policies (Amendments to IAS 1 and FRS Practice
On February 12, 2021, the IASB issued Disclosure of Accounting Policies
(Amendments to IAS 1 and IFRS
Practice Statement 2 Making Materiality Judgements). The amendments are
effective for annual periods
beginning on or after January 1, 2023. Early adoption is permitted.
The amendments help companies provide useful accounting policy disclosures.
The key amendments include:
- requiring companies to disclose their material accounting policies rather
than their significant accountingpolicies
- clarifying that accounting policies related to immaterial transactions,
other events or conditions are
themselves immaterial and as such need not be disclosed; and
- clarifying that not all accounting policies that relate to material
transactions, other events or conditions are
themselves material to a company's financial statements.
The Company intends to adopt this standard in its financial statements for
the annual period beginning January 1,
2023. The Company does not expect this standard to have a material impact on
the financial statements Festival Hydro Inc.

d) Goodwill impairment
Management has determined that the Corporation's rate regulated operation
are one cash generating unit. Therefore,
the goodwill was allocated to the Corporation as a whole. The annual
impairment test is based on the Corporation's
value in use. Value in use was determined by discounting the future
flows of the Corporation and was based onthe following key assumptions:
Festival Hydro Inc.
Notes to the Financial Statements
Year ended December 31, 2022, with comparative information for
23
9. Intangible assets and goodwill:
d) Goodwill impairment (continued)
A detailed valuation of the Corporation was updertaken during 2022 based on
financial results of the Corporation as at
December 31, 2022. Cash flows were projected based on actual operating
results and the cost of capital and rate of
return as approved in the 2015 Cost of Service application. A discounted cash
flow model was utilized based on free/
cash flows for 20 years, followed by a terminal value calculated based on a
steady-state cash flow, with the terminal
value within range of market-based terminal multiples. The recoverable amount
of the Corporation was determined to
be greater than the carrying value of goodwill and no impairment was recorded
as at December 31, 2022 or December 31,
                                       ′2021.

11. Customer deposits:
Customer deposits represent cash deposits from electricity distribution
customers as well as construction deposits.
These customer deposits bear interest at the OEB's prescribed interest rate,
which is the Bank of Canada's prime business rate less 2%.
Deposits from electricity distribution customers are refundable to customers
demonstrating an acceptable level of credit
risk as determined by the Corporation in accordance with policies set out by
the OEB or upon termination of their
electricity distribution service. Due to the demand nature of these deposits,
they are classified as current liabilities.
Construction deposits represent cash prepayments for the estimated cost of
capital projects recoverable from
customers and developers. Upon completion of the capital project, these
deposits are transferred to deferred revenue. Customer deposits comprise:

General Index of Financial Information

Notes to the financial statements Long-term 980,367 594,311 12. Employee future benefits: (a) Employee future benefits, other than pension The Corporation provides certain unfunded health, dental and life insurance benefits on behalf of its retired employees. These benefits are provided through a group defined benefit plan. The Corporation has reflected its share of the defined benefit costs and related liabilities, as calculated by the actuary, in these financial statements. The accrued benefit liability and the corresponding expense were based on results and assumptions determined by actuarial valuation as at December 31, 2022. Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 25 12. Employee future benefits (continued): Changes in the present value of the defined benefit unfunded obligati the accrued benefit liability:2022 2021 Defined benefit obligation, beginning of year \$ 1,361,643 Included in profit or loss: Current service cost 36,217 39,189 Interest cost 38,994 37,165 75,211 76,354 Included in OCI: Actuarial (gains) losses arising from changes in financial assumptions (303,258) (80,606) Benefits paid during the year (123,718) (1,27,022)Defined benefit obligation, end of year \$1,\\09,878 \\$1,361,643 The significant actuarial assumptions used in the valuation are as follows: 2022 2021 Discount rate 5.05% 3.00% Rate of compensation increase 3.30% 2.50% Initial health care cost trend rate 4.70% #.70% Initial dental cost trend rate 4.90% 4.90% Year that rate reaches the rate it is assumed to be 2040 2040 Cost trend rate declines to $4.00 \times 4.00 \times$ Significant actuarial assumptions for benefit obligation measurement purposes are the discount rate and assumed medical and dental cost trend rates. The sensitivity analysis below has been determined based on reasonably possible changes in the assumptions, in isolation of one another, occurring at the end of the reporting period. This analysis may not be representative of the actual change since it is unlikely these changes in assumptions would occur in isolation from each other. The approximate effect on the accrued benefit obligation of the entire plan and the estimated net benefit expense of the entire plan if the health care trend rate assumption was increased or decreased by 1%, and all other assumptions were held constant, is as follows: 2022 2021 Benefit Obligation, end of year \$1,009,878 \$1,361,644 1% increase in health care trend rate 26,900 50,156 1% decrease in health care trend rate (24,300) (44,744) 1% increase in discount rate (96,500) (167,544) 1% decrease in discount rate 119,000 215,456

```
(b) Pension plan
The Corporation provides a pension plan for its employees through the Ontario
Municipal Employees Retirement
System. The plan is a multi-employer, contributory defined benefit pension
plan. In 2022, the Corporation made
employer contributions of $365,116 to OMERS (2021 - $353,752). The
Corporation's net benefit expense has been allocated as follows:
? $138,744 (2021 - $134,426) capitalized as part of PP&E
? $186,209 (2021 - $180,413) charged to operating expenses
? $40,163 (2021 - $38,913) charged to CDM and billable work
Festival Hydro Inc.

26
12. Employee future benefits (continued):
(b) Pension plan (continued)
As at December 31, 2022, OMERS states that their plan was 95% funded
97%). OMERS has a strategy to
return the plan to a fully funded position. The Corporation is not able to
assess the implications, if any, of this
strategy or of the withdrawal of other participating entities from the OMERS
plan on its future contributions. The
Corporation's contributions represent less than 1% of the total annual
contributions to the OMERS plan.13. Regulatory as ets and liabilities:
The regulatory balances are recovered or settled through rates approved by
the OEB which are determined using
estimates of future consumption of electricity by its Austomers. Future
consumption is impacted by various factors/
including the economy and weather. The Corporation has received approval from
the OEB to establish its regulatorybalances.
In the tables below, the "Additions" column convists of new additions to
regulatory balances (for both debits and credits).
The "Recovery/reversal" column consists of amounts collected through rate
riders or transactions reversing an existing
regulatory balance. The "Other movements" column consists of reclassification
between the regulatory debit and credit
balances. For the years ended pecember 31, 2022 and 2021, the Corporation did
not record any impairments related to regulatory debit balances.

1) The changes in settlement (Group 1) and LKAM balances outstanding from
December 31, 2021 were
approved for disposition as part of the 2022 IRM application with rates
effective January 1, 2022 to becollected over a 12-month period.
2) As part of the 2015 COS application, the OEB approved the disposition of
stranded meters through a rate
rider effective May 1, 2015 (implemented June 1, 2015) with recovery over a
7-month period ending
December 31, 2015. Since the residual balance is not material, it will remain
in place until the next COSapplication.
3) The 2015 COS rate application costs were approved for recovery by the OEB
and have been amortized
over a forty-three-month period ending December 31, 2019.
4) Disposition is not requested for the deferred tax balance as it is being
reversed through timing differences
in the recognition of deferred tax assets. No carrying charges are calculated
on this balance.
5) As part of the 2015 COS application, the OEB approved the disposition of
the account 1575/76 IFRS
transition account balance used to record the difference arising on adoption
of new asset useful lives and
overhead rates and write off of end-of-life assets. These account balances
were included as a rate rider
effective May 1, 2015 (implemented June 1, 2015) and were recovered over a
```

General Index of Financial Information Notes to the financial statements

7-month period ended December 31, 2015. Since the residual balance is not material, it will remain in place until the next COSapplication. Carrying charges are applied to all regulatory account balances at the OEB prescribed interest rates, with the exception of the deferred tax assets on which no carrying charges are applied. As part of the Corporation's 2022 IRM application, the change in debit and credit balance settlement (Group 1) variance accounts occurring during fiscal 2021 were approved as part of 2022 distribution rates for recovery over a 12-month period commencing January 1, 2022. As such, the risk associated with the recovery of variance accounts is limited to the incremental value of non-settlement variances arising since 2021 Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 14. Long-term debt: Long-term debt consists of the following: 2022 2021 Royal Bank revolving term loan, bearing interest at 2.98%, plus a stamping fee of 0.42%, payable in monthly principal instalments of approximately \$35,000 plus interest, increasing by \$1,000 yearly until maturity on May 31, 2038, secured by a general security agreement. 9,875,000 10,366,000 Royal Bank loan, bearing interest at 2.62%, payable in monthly principal instalments of \$19,768, maturing November 25, 2025, secured by a general security agreement. 665,476 882,194 7.25% per annum, with Notes payable to shareholder, bearing interest interest payments only, due on demand unsecured. 15,600,000 15,600,000 26,140,476 26,848,194 Less: current portion 16,328,464 16,307, Long-term debt \$9,812,012 \$10,540,47Interest rate swaps The Corporation entered into an interest rate swap agreement on a notional principal of \$14,000,000 effective May 31, 2013, which matures May 31, 2038. The swap is a receive-variable, pay-fixed swap with the Royal Bank, This agreement has effectively converted variable interest rates to an effective fixed interest rate of 2.93% plus stamping fee of 0.42% on the Royal Bank revolving term loan. The stamping fee is subject to change every 10 years, with the firstmaturity being May 31, 2023. Additionally, the Corporation entered into an interest rate swap agreement on a notional principal of \$5,000,000. The Corporation has not yet made any draws on this available credit and is not required to do so until the effective date of December 31, 2024. This agreement has effectively converted variable interest rates to an effective fixed interest rate of 2.51% plus stamping fee of 0.42% on the Royal Bank revolving term loan. The Corporation has determined these swaps do not meet the standard to apply hedge accounting. Since the standard is not met, the interest rate swap contracts have been recorded at their fair

value at December 31, 2022 with the

General Index of Financial Information Notes to the financial statements

Total revenues \$269,697 \$283,735 Expenses: Fiber and WIFI services \$154,148 \$154,148 Information technology and management services 273,165 128,117 Total expenses \$427,313 \$282,265 Receivable balance: December 31, 2022 December 31, 2021 Due from corporations under common control \$122,147 \$332,803 21. Capital management: The Corporation's main objectives when managing capital is to: ? ensure ongoing access to funding to maintain, refurbish and expand the electricity distribution system; ? ensure sufficient liquidity is available (either through cash and cash equivalents or committed credit facilities) to meet the needs of the business; ? ensure compliance with covenants related to its credit facilities; ? prudent management of its capital structure with regard to recoveries financing charges permitted by the OEB on its regulated electricity distribution business, and to delive appropriate financial returns. The Corporation monitors forecasted cash flows, capital expenditures, debt repayment and key credit ratios. The Corporation manages capital by preparing short-term and long-term cash flow forecasts, statements of financial position and comprehensive statements of income. In addition, the Corporation accesses its revolving credit facility to fund net periodic net cash outflows and to maintain available lightidity. There have been no changes in the Corporation's approach to capital management during the year. As at December/ 31, 2022, the Corporation's definition of capital included borrowings under its revolving credit facility, long-term debt and obligations including the current portion thereof, and equity, and had remained unchanged from the definition as at December 31, 2021. As at December 31, 2022, equity amounted to \$34,039,035 (2021 - \$30,296,146), borrowings in the form of demand notes payable and long-term debt, including the current portion thereof, amounted to \$26,140,47% (2021 - \$26,848,194) and the revolving credit facility amounted to \$3,720,132 (2021 - \$17,428). Festival Hydro Inc Notes to the Financial \$tatements. Year ended December 31, 2022, with comparative information for 2021 21. Capital management (continued): The OEB regulates the amount of deemed interest on debt and rate of return that may be recovered by the Corporation, through its electricity distribution rates, in respect of its regulated electricity distribution business. The OEB permits such recoveries on the basis of a deemed capital structure represented by 60% debt and 40% equity. The actual capital structure and finance costs for the Corporation may differ from the OEB deemed structure. The Corporation is subject to debt agreements that contain various covenants. The Corporation's credit agreement with Royal Bank provides a revolving demand facility, letter of guarantee which is posted with the IESO as prudential support, and a long-term loan facility. These combined facilities are subject to a funded indebtedness debt to equity ratio of nomore than 65%.

General Index of Financial Information Notes to the financial statements

The Corporation has customary covenants typically associated with long-term debt. As at December 31, 2022 and December 31, 2021, the Corporation was in compliance with all with all credit agreement covenants and limitations associated with its long-term debt. 22. Financial instruments and risk management: Fair value disclosure The carrying values of accounts receivable, unbilled revenue, and the revolving term facility, accounts payable and accrued liabilities approximate their fair values due to the short maturity of these instruments. The fair values of customer deposits approximate their carrying amounts taking into account interest accrued on the outstanding balance. Cash ismeasured at fair value. The swap agreements are measured at fair value, which is provided by third-party, banking institution and is based on market rates at the date of the valuation. The valuation of the interest rate swaps resulted in an unrealized gain recorded on the statement of financial position at December 3/1, 202% of \$784,886 (2021 - \$938,948 unrealized loss). The fair value of the long-term borrowings is calculated based on the value of future principal and interest cash flows, discounted at the current rate of interest at the reporting date. The carrying amounts and fair values of the Corporation's long-term loans consist of the following: Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative Information for 2021 22. Financial instruments and risk management (continued): 2022 2021 Carrying amounts: Demand notes payable, 7.25% \$15,600,000 \$15,600,000 Term Loan 2.93% maturing May 1, 203% plus stamping fee of 0.42% 9,875,000 10,366,000 Term Loan 2.62% maturing November 25, 2025/665,476 882,194 Total \$26,140,476 \$26,848,194 2022 2021 Fair values: Demand notes payable valued based on current revolving credit facility rate of \$3.95% \$12,556,106 \$16,422,603 Term Loan 2.93 % plus stamping fee of 0.42% booked at market value 9,581,114 11,304,948 Term Loan 2.62% maturing November 25, 2025, booked at market interest rate of 2.95% 609,697 865,230 Total \$22,746,917 \$28,592,781 Financial risks The following is a discussion of financial risks and related mitigation strategies that have been identified by the Corporation for financial instruments. This is not an exhaustive list of all risks, nor will the mitigation strategies eliminate all risks listed. The Corporation's activities provide for a variety of financial risks, particularly credit risk, market risk andliquidity risk. a) Credit risk The Corporation is exposed to credit risk as a result of the risk of counterparties defaulting on their obligations. The Corporation's exposure to credit risk primarily relates to accounts

receivable and unbilled revenue. The Corporation

General Index of Financial Information Notes to the financial statements

monitors and limits its exposure to credit risk on a continuous basis. The Corporation's credit risk associated with accounts receivable and unbilled revenue is primarily related to electricity bill payments from electricity customers. The Corporation obtains security deposits from certain customers in accordance with direction provided by the OEB and as outlined in the Corporation's conditions of service. As of December 31, 2022, the Corporation held security deposits related to electricity receivables in the amount of \$957,164 (2021 - \$1,061,051). Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 22. Financial instruments and risk management (continued): (a) Credit risk (continued) As at December 31, 2022, there were no significant concentrations of credit risk with respect to any one customer. No single customer accounts for revenue in excess of 5% of total distribution revenue. The Corporation earns its revenue from a broad base of approximately 21,000 customers (2021 - 21,000 customers) located throughout itsservice territory. The credit risk and mitigation strategies with respect to unbilled revenue are the same as for accounts receivable. The credit risk related to cash is mitigated by the corporation's treasury policies on assessing and monitoring theoredia exposures of counterparties. Credit risk associated with electricity accounts receirable and unbilled revenue (electricity only) is as follows:2022 2021 Not more than 30 days \$ 6,448,968 \$ 6,635,586 More than 30 but less than 90 days 405,840 295,07,1 More than 90 days 167,531 179,511 Less allowance for impairment (173,01%) Unbilled revenue 4,783,498 5,230,771 \$ 11,632,820 \$12,162,255 As at December 31, 2022, the Corporation's accounts receivable and unbilled revenue which were not past due or impaired were assessed by management to have no significant collection risk and no additional allowance for impairment was required for these balances. Reconciliation between the opening and closing allowance for impairment is as follows:2022 2021 Balance, beginning of year \$ 178,684 \$ 152,435 Provision for impairment 53,870 120,944 Write offs (72,374) (108,245) Recoveries 12,837 13,550 Balance, end of year \$ 173,017 \$ 178,684 Unbilled revenue represents amounts for which the Corporation has a contractual right to receive cash through future billings and are unbilled at year end. Unbilled revenue is considered current and no provision for impairment was established as at December 31, 2022 (2021 - nil). (b) Interest rate risk The Corporation is exposed to fluctuations in interest rates for the valuation of its employee future benefit obligations (note 12). The Corporation is also exposed to short-term interest rate risk on the net of cash position and shortterm

borrowings under its Revolving Credit Facility and customer deposits. The

General Index of Financial Information Notes to the financial statements

Corporation manages interest rate risk by monitoring its mix of fixed and floating rate instruments and taking action as necessary to maintain anappropriate balance. Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 22. Financial instruments and risk management (continued): (b) Interest rate risk (continued) As at December 31, 2022, aside from the valuation of its employee future benefit obligations, the Corporation was exposed to interest rate risk predominately from short-term borrowings under its revolving credit facility and customer deposits, while most of its remaining obligations were either non-interest bearing or bear fixed interest rates, and its financial assets were predominately short-term in nature mostly non-interest bearing. The Corporation estimates that a 100 basis point increase in shortrates, with all other variables held constant, would result in an increase of approximately \$61,266 (2021 -\$17,921) to annual finance costs. A decrease of 100 basis points would result in a reduction in financing costs of \$61,266 (2021 - \$17,921).(c) Liquidity risk The Corporation is exposed to liquidity risk related to its ability to fund its obligations as they become due. The Corporation monitors and manages its liquidity hisk to ensure access to sufficient funds to meet operational and financial requirements. The Corporation has access to credit facilities and monitors cash balances daily. The Corporation's objective is to ensure that sufficient liquidity is on hand to meet obligations as they fall due whitem nimiting finance costs. The Corporation has a revolving credit facility available of \$10,000,000 with a Canadian chartered bank. As at December 31, 2022, \$3,720,132 (2021 - \$17,128) was drawn on this facility. As a purchaser of electricity through the Independent Electricity System Operator ("IESO"), the Corporation is required to provide security to minimize the risk of default based on its expected activity in the market. The IESO may draw on this security if the Obrporation fails to make payment required by a default notice issue by the IESO. The Corporation has a \$3.6 million revolving term facility by way of a letter of guarantee with Royal Bank, of which \$3,095,139 (2021 - \$3,095,139) has been assigned to secure the prudential support required by the IESO. The majority of accounts payable, as reported on the statement of financial position, is due within 30 days. Liquidity risks associated with financial commitments are as follows: Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 22. Financial instruments and risk management (continued): Contractual cash flows, including interest, at year end are: December 31, 2022 Carrying

Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 39 23. Commitments and contingencies: Operating leases The Corporation entered into a phon-cancellable operating lease for service centre space for a period of five years dated November 15, 2015. The contract is subject to an annual increase based on the Ontario Consumer Price Index. Minimum lease payments required are \$997 per month for 2022. Connection and cost recovery agreement - St. Mary's transformer station The Corporation and Hydro One Networks Inc. entered into a twenty-five-year capital cost recovery agreement ("CCRA") in September 2002 relating to Hydro One Networks Inc. building new feeder positions at the existing St. Mary's Transformer Station. Under the terms of the agreement, the Corporation has guaranteed new load growth which, if not met, would require the Corporation to provide a financial contribution toward the capital investment of thetransformer station. The CCRA has been trued-up effective July 5, 2013. Since load growth had fallen below a target amount, a cumulative

contribution in the amount of \$550,200 has been paid to Hydro One Networks.

General Index of Financial Information Notes to the financial statements

Notes to the financial statements This amount has been recorded as an intangible asset subject to 15-year amortization over the remaining life of the agreement. The agreement was subject to true up effective on the fifteenth year of the agreement in July 2018 however, this has not been completed by Hydro One Inc. It is possible that the Corporation may owe a further payment as a result of the agreement but an estimate of any amount owing is not possible at December 31, 2022 given the nature of the variables included in the calculation. The need for a contribution will be determined by Hydro One Networks Inc. based on actual new load growth. Connection and cost recovery agreement-Stratford transformer station ("Festival Hydro MTS1") The Corporation and Hydro One Networks Inc. entered into a twenty-five CCRA in November, 2012, relating to Hydro One Networks Inc. building a new 230kV line to connect Festival MTS1 to Hydro One`s 230kV circuit. Under the terms of the agreement, the Corporation has guaranteed new growth which, if not met, would require the Corporation to provide a financial contribution toward the capital investment. The CCRA is trued-up (a) following the fifth and tenth anniversaries of the in-service date; and (b) following the fifteenth anniversary of the in-service date if the actual load is 20% higher or lower than the load forecast at the end of the tenth anniversary of the in-service date. The fifth anniversary of the in-service date was in Wovember 2017. The need for a contribution will be determined by Hydro One Networks Inc. based on actual new load growth. From time to time, the Corporation is involved in various litigation matters arising in the ordinary course of its business. The Corporation has no reason to be lieve that the disposition of any such current matter could reasonably be expected to have a materially adverse impact on the Corporation's financial position, results of operations or its ability to carry onany of its business activities. General Liability Insurance The Corporation is a member of the Municipal Electric Association Reciprocal Insurance Exchange ("MEARIE"). MEARIE is a pooling of public liability insurance risks of many of the electrical utilities in Ontario. All members of the pool are subjected to assessment for losses experienced by the pool for the years in which they were members on a pro-rata basis based on the total of their respective service revenues. It is anticipated that should such an assessment occur it would be funded over a period of up to 5 years. As at December 31, 2022, no assessments had been made. Festival Hydro Inc. Notes to the Financial Statements Year ended December 31, 2022, with comparative information for 2021 24. Guarantee: The Corporation has guaranteed the bank loan of QR Fibre, a company related through common ownership, to the extent of \$4,500,000. In addition, the Corporation has entered into a Guarantee Indemnification Agreement to

ensure compliance with the Affiliation Relationships code for Electricity

General Index of Financial Information Notes to the financial statements

Distributors and Transmitters and mitigate

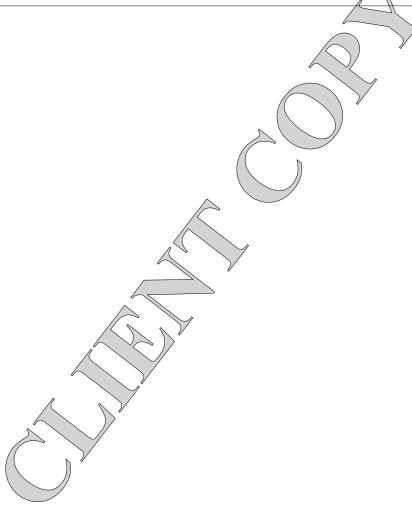

its risk exposure. No amount has been recorded in these financial statements as the Corporation does not expect to have to honour its guarantee.

25. Subsequent event:

The shares of QR Fibre Inc. held under common control were sold on January 31, 2023 for proceeds of \$50,000.

As of the date of sale, the Corporation is no longer obligated to honour the guarantee for the bank loan of QR Fibre.26. Comparative figures:

Certain comparative figures have been restated to conform to the current year presentation.

Inducement

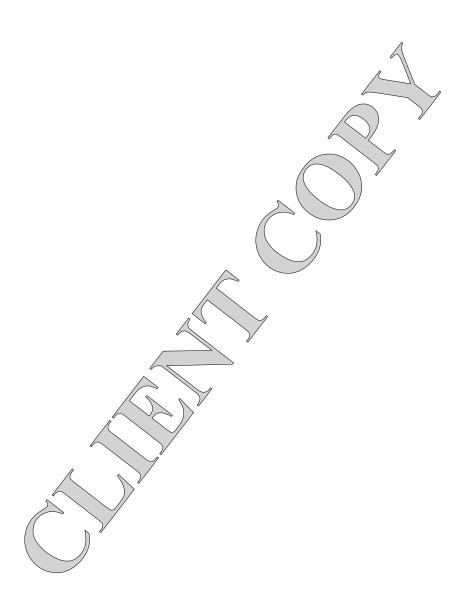

This form is used to calculate inducements that a corporation must add to its income under paragraph 12(1)(x) ITA. If an amount reduces the capital cost of a property, this amount will be indicated in Part "Tax credits whose amount should reduce the capital cost of property."

If you want to transfer an amount to Schedule 1 and include it in the corporation's income for tax purposes, select the corresponding check box in column A. You can also select the option **Select this check box to add all the amounts to income calculated in Schedule 1** to transfer all the amounts to Schedule 1. In either case, the column A check box will be selected for that amount and it will therefore be updated to Schedule 1.

Charitable Donations and Gifts

Corporation's name Business number Tax year-end Year Month Day Festival Hydro Inc. 89957 1814 RC0002 2022-12-31

- For use by corporations to claim any of the following:
 - the eligible amount of charitable donations to qualified donees
 - the Ontario, Nova Scotia, and British Columbia food donation tax credits for farmers
 - the eligible amount of gifts of certified cultural property
 - the eligible amount of gifts of certified ecologically sensitive land or
 - the additional deduction for gifts of medicine made before March 22, 2017
- All legislative references are to the federal Income Tax Act, unless stated otherwise.
- The eligible amount of a gift is the amount by which the fair market value of the gifted property exceeds the amount of an advantage, if any, for the gift.
- The donations and gifts can be carried forward for 5 years except for gifts of certified ecologically sensitive land made after February 10, 2014, which can be carried forward for 10 years.
- Use this schedule to show a transfer of unused amounts from previous years following an amalgamation or the wind-up of a subsidiary as described under subsections 87(1) and 88(1).
- Subsection 110.1(1.2) provides as follows:

Part 1 - Charitable donations

- Where a particular corporation has undergone an acquisition of control, for tax years that end on or after the acquisition of control, no corporation can claim a deduction for a gift made by the particular corporation to a qualified donee before the acquisition of control.
- If a particular corporation makes a gift to a qualified donee pursuant to an arrangement under which both the gift and the acquisition of control is expected, no corporation can claim a deduction for the gift unless the person acquiring control of the particular corporation is the qualified donee.
- An eligible medical gift made before March 22, 2017, to a qualifying organization for activities outside of Canada may be eligible for an additional deduction. Calculate the additional deduction in Part 5.
- File this schedule with your T2 Corporation Income Tax Return.
- For more information, see the T2 Corporation Income Tax Guide.

^{*} For federal and Alberta tax purposes, donations and gifts made before February 11, 2014, that are included on line 6th prior year and gifts that are included on line 11th prior year expire automatically in the current year.

The field "Amount of carried forward gifts made on or after February 11, 2014, in the tax year including this date" is used to distinguish the portion of the gifts made in the tax year straddling February 11, 2014, that expires after ten tax years, from the portion that expires in the current tax year.

For Québec tax purposes, donations and gifts made during a tax year that ended before March 24, 2006, that are included on line 6th prior year and gifts that are included on line 21^{at} prior year expire automatically in the current tax year.

Schedule 3

Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation

Corporation's name	Business number	Tax year-end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- Corporations must use this schedule to report:
 - non-taxable dividends under section 83
 - deductible dividends under subsection 138(6)
 - taxable dividends deductible from income under section 112, subsection 113(2) and paragraphs 113(1)(a), (a.1), (b) or (d)
 - taxable dividends paid in the tax year that qualify for a dividend refund (see page 3)
- · All legislative references are to the federal Income Tax Act.
- The calculations in this schedule apply only to private or subject corporations (as defined in subsection 186(3)).
- A payer corporation is connected with a recipient corporation at any time in a tax year, if at that time the recipient corporation meets either of the following conditions:
 - it controls the payer corporation, other than because of a right referred to in paragraph 251(5)(b)
 - it owns more than 10% of the issued share capital (with full voting rights), and shares that have a fair market value of more than 10% of the fair market value of all shares of the payer corporation
- If you need more space, continue on a separate schedule.
- File this schedule with your T2 Corporation Income Tax Return.
- Column A1 Enter "X" if dividends were received from a foreign source.
 Column F1 Enter the code that applies to the deductible taxable dividend.

Part 1 - Dividends received in the tax year-

- · Do not include dividends received from foreign non-affiliates.
- Complete columns B, C, D, H, H.1, I, I.1, I.2 and L only if the payer corporation is connected.

Important instructions to follow if the payer corporation is connected

- If your corporation's tax year-end is different than that of the connected payer corporation, dividends could have been received from more than one
 tax year of the payer corporation. If so, use a separate line to provide the information according to each tax year of the payer corporation.
- When completing columns J, K and L use the special calculations provided in the notes.

	Name of payer corporation (from which the corporation received the dividend)	A1 B Enter 1 if payer corporation is connected	Business number of connected corporation	Tax year-end of the payer corporation in which the sections 112/113 and subsection 138(6) dividends in column F were paid YYYYMMDD	E Non-taxable dividends under section 83

Tax Calculation Supplementary - Corporations

Schedule 5

Corporation's name	Business Number	Tax year-end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- Use this schedule if any of the following apply to your corporation during the tax year:
 - it had a permanent establishment in more than one jurisdiction (corporations that have no taxable income should only complete columns A, B, and D in Part 1)
 - it is claiming provincial or territorial tax credits or rebates (see Part 2)
 - it has to pay taxes, other than income tax, for Newfoundland and Labrador or Ontario (see Part 2)
- All legislative references are to the federal Income Tax Regulations (the Regulations).
- For more information, see the T2 Corporation Income Tax Guide.
- For the regulation number to be entered in field 100 of Part 1, see the chart below.

100		axable income		Enter the regulation that ap	plies (402 to 413)

Outside Canada	Ves	127		167		
Total		129 G		169 H		

Note 1: Permanent establishment is defined in subsection 400(2).

Note 2: For corporations other than those described under section 402, use the appropriate calculation described in the Regulations to allocate taxable income.

Notes:

- After determining the allocation of taxable income, you have to calculate the corporation's provincial or territorial tax payable. For more information on how to calculate the tax for each province or territory, see the instructions for Schedule 5 in the T2 Corporation – Income Tax Guide.
- 2. If your corporation has provincial or territorial tax payable, complete Part 2.
- If your corporation is a member of a partnership and the partnership had a permanent establishment in a jurisdiction, select the jurisdiction in Column A and include your proportionate share of the partnership's salaries and wages and gross revenue in columns B and D, respectively.

Enter the total of column 21 on line 107 of Schedule 1. Enter the total of column 22 on line 404 of Schedule 1. Enter the total of column 23 on line 403 of Schedule 1.

- Note 3: If a class number has not been provided in Schedule II of the Income Tax Regulations for a particular class of property, use the subsection provided in Regulation 1101.
- Note 4: Include any property acquired in previous years that has now become available for use, net of any government assistance received or entitled to be received in the year from a government, municipality or other public authority, or a reduction of capital cost after the application of section 80. This property would have been previously excluded from column 3. List separately any acquisitions of property in the class that are not subject to the 50% rule.

 See Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance, for exceptions to the 50% rule.
- Note 5: A DIEP reported in column 4 is a property acquired after April 18, 2021, by a corporation that was a Canadian-controlled private corporation (CCPC) throughout the year, which became available for use in the tax year (before 2024) and was designated as such on or before the day that is 12 months after the filing-due date for the tax year to which the designation relates. It includes all capital property subject to the CCA rules, if certain conditions are met, other than property included in Classes 1 to 6, 14.1, 17, 47, 49, and 51. A property can only qualify as DIEP in the year in which it becomes available for use. See subsection 1104(3.1) of the Regulations for more information.
- Note 6: Enter in column 5, "Adjustments and transfers", amounts that increase or reduce the UCC (column 10). Items that increase the UCC include amounts transferred under section 85, or transferred on amalgamation or winding-up of a subsidiary. Items that reduce the UCC (show amounts that reduce the UCC in brackets) include assistance received or receivable during the year for a property, subsequent to its disposition, if such assistance would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f). See the T2 Corporation Income Tax Guide for other examples of adjustments and transfers to include in column 5.

 Also include property acquired in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor until it was acquired by you.
- Note 7: Include all amounts of assistance you received (or were entitled to receive) after the disposition of a depreciable property that would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f) if received before the disposition.

Part 2 – CCA calculation (continued)

- Note 8: Include all amounts you have repaid during the year for any legally required repayment, made after the disposition of a corresponding property, of:
 - assistance that would have otherwise increased the capital cost of the property under paragraph 13(7.1)(d) and
 - = an inducement, assistance, or any other amount contemplated in paragraph 12(1)(x) received, that otherwise would have increased the capital cost of the property under paragraph 13(7.4)(b)

Include the UCC of each property of a prescribed class acquired in the course of a corporate reorganization described under paragraph 55(3)(b) of the Act (also known as "butterfly reorganization") or include property acquired in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor less than 364 days before the end of your tax year and continuously owned by the transferor until it was acquired by you.

- Note 9: For each property disposed of during the year, deduct from the proceeds of disposition any outlays and expenses to the extent that they were made or incurred for the purpose of making the disposition(s). The amount reported in respect of the property cannot exceed the property's capital cost, unless that property is a timber resource property as defined in subsection 13(21).
 - If the cost of a zero-emission passenger vehicle (or a passenger vehicle that was, at any time, a DIEP) exceeds the prescribed amount, the proceeds of disposition will be adjusted based on a factor equal to the prescribed amount as a proportion of the actual cost of the vehicle.
- Note 10: If the amount in column 5 (as shown in brackets) reduces the undepreciated capital cost, you must subtract it for the purposes of the calculation. Otherwise, add the appount in column 5 for the purposes of the calculation.
- Note 11: The only amounts incurred before April 19, 2021, to be included in this column are certain inventory purchases from arm's length persons or partnerships where the conditions in paragraphs 1100(0,3)(a) to (c) are met.
- Note 12: Immediate expensing applies to a DIEP included in column 11. The total immediate expensing for the tax year (total of column 12) should not exceed the lesser of
 - 1. Immediate expensing limit: it is equal to one of the following five amounts, whichever is applicable:
 - \$1.5 million, if you are not associated with any other EPOP in the tax year
 - amount from line 125, if you are associated in the tax year with one or more EPOPs
 - nil, if the total of the percentages assigned in Part 1 is more than 100% or you are associated in the tax year with one or more EPOPs and have not filed an agreement in prescribed form as required under subsection 1104(3.3) of the Regulations
 - the amount determined under subsection 1104(3.5) of the Regulations for any second or subsequent tax years ending in a calendar year, if you have two or priore tax years ending in the calendar year in which you are associated with another EPOP that has a tax year ending in that calendar year
 - any amount allocated by the minister under subsection 1104(3.4) of the Regulations

The immediate expensing limit has to be prorated if your tax year is less than 365 days. You cannot carry forward any unused amount of the immediate expensing limit.

- 2. UCC of the DIEP: total of column 11
- You have to maintain the CCPC status throughout the relevant tax year in order to claim the immediate expensing.
- Note 13: An AIIP is a property (other than property included in Classes 54 to 56) that you acquired after November 20, 2018, and that became available for use before 2028.
 - Classes 54 and 55 include zero-emission vehicles that you acquired after March 18, 2019, and that became available for use before 2028.

Class 56 applies to eligible zero-emission automotive equipment and vehicles (other than motor vehicles) that are acquired after March 1, 2020, and that became available for use before 2028.

- See the T2 Corporation Income Tax Guide for more information.
- Note 14: Include only elements from columns 6 and 7 that are not related to the DIEP.
- Note 15: The relevant factors for property of a class in Schedule II, that is an AIIP or included in Classes 54 to 36 available for use before 2024 are:
 - _ 2 1/3 for property in Classes 43.1, 54, and 56
 - _ 1 1/2 for property in Class 55
 - _ 1 for property in Classes 43.2 and 53
 - 0 for property in Classes 12, 13, 14, and 15, as well as properties that are Canadian vessels included in paragraph 1100(1)(v) of the Regulations (see note 20 for additional information) and
 - 0.5 for all other property that is an AIIP

Part 2 – CCA calculation (continued)

- Note 16: The UCC adjustment for property acquired during the year (formerly known as the half-year rule or 50% rule) does not apply to certain property (including AIIP, property included in Classes 54 to 56, and property to which the immediate expensing was applied). Include only elements from columns 6 and 7 that are not related to the DIEP.

 For special rules and exceptions, see Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance.
- Note 17: Enter a rate only if you are using the declining balance method. For any other method (for example, the straight-line method, where calculations are always based on the cost of acquisitions), enter N/A. Then enter the amount you are claiming in column 23.
- Note 18: If the amount in column 10 is negative, you have a recapture of CCA. If applicable, enter the negative amount from column 10 in column 21 as a positive. The recapture rules do not apply to passenger vehicles in Class 10.1. However, they do apply to a passenger vehicle that was, at any time, a DIEP.
- Note 19: If no property is left in the class at the end of the tax year and there is still a positive amount in the column 10, you have a terminal loss. If applicable, enter the positive amount from column 10 in column 22. The terminal loss rules do not apply to:
 - passenger vehicles in Class 10.1
 - property in Class 14.1, unless you have ceased carrying on the business to which it relates
 - limited-period franchises, concessions, or licences in Class 14 if, at the time of acquisition, the property was a former property of the transferor or any similar property attributable to the same fixed place of business, and you had jointly elected with the transferor to have the replacement property rules apply, unless certain conditions are met
- Note 20: If the tax year is shorter than 365 days, prorate the CCA claim. Some classes of property do not have to be prorated. See the T2 Corporation Income Tax Guide for more information. For property in class 10.1 disposed of during the year, deduct a maximum of 50% of the regular CCA deduction if you owned the property at the beginning of the tax year. For AHP listed below, the maximum first year allowance you can claim is determined as follows:
 - _ Class 13: the lesser of 150% of the amount calculated in Schedule III of the Regulations and the UCC at the end of the tax year (before any CCA deduction)
 - Class 14: the lesser of 150% of the allocation for the year of the capital cost of the property apportioned over the remaining life of the property (at the time the cost was incurred) and the UCC at the end of the tax year (before any CCA deduction)
 - Class 15: the lesser of 150% of an amount computed on the basis of a rate per cord, board foot, or cubic metre cut in the tax year and the UCS at the end of the tax year (before any CCA deduction)
 - _ Canadian vessels described under paragraph 1100(1)(v) of the Regulations: the lesser of 50% of the capital cost of the property and the UCC at the end of the tax year (before any CCA deduction)
 - Class 41.2: use a 25% CCA rate. The additional allowance under paragraphs 1100(1)(y.2) (for single mine properties) and 1100(1)(ya.2) (for multiple mine properties) of the Regulations is not eligible for the accelerated investment incentive. The additional allowance in respect of natural gas liquefaction under paragraph 1100(1)(yb) of the Regulations is eligible for the accelerated investment incentive.

The AIIP also apply to property (other than a timber resource property) that is a timber limit or a right to cut timber from a limit as well as to industrial mineral mine or a right to remove minerals from an industrial mineral mine. See the Income Tax Regulations for more detail.

Agence du revenu du Canada

SCHEDULE 9

RELATED AND ASSOCIATED CORPORATIONS

Name of corporation	Business Number	Tax year end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- . Complete this schedule if the corporation is related to or associated with at least one other corporation.
- For more information, see the T2 Corporation Income Tax Guide.

	Name	Country of resi- dence (other than Canada)	Business number (see note 1)	Rela- tion- ship code (see note 2)	Number of common shares you own	% of common shares you own	Number of preferred shares you own	% of preferred shares you own	Book value of capital stock
	100	200	300	400	500	550	600	650	700
1.	Festival Hydro Services Inc.		86295 3726 RC0001	3			7		249,235
2.	Abiliti Municipal Corporation		77978 4321 RC0001	3		1			

Note 1: Enter "NR" if the corporation is not registered or does not have a business number.

Note 2: Enter the code number of the relationship that applies from the following order: 1 - Parent 2-Subsidiary 3-Associated 4 - Related but not associated

T2 SCH 9 (11)

Continuity of financial statement reserves (not deductible)

	Description	Balance at the beginning of the year	Transfer on an amalgamation or the wind-up of a subsidiary	Add	Deduct	Balance at the end of the year
1	Post employment benefits	1,361,643		1,009,878	1,361,643	1,009,87
2	Allowance for Doubtful Accounts	178,709		171,996	178,709	171,996
3						
	Reserves from Part 2 of Schedule 13					
	Totals	1,540,352		1,181,874	1,540,352	1,181,874

The total opening balance plus the total transfers should be entered on line 414 of Schedule 1 as a deduction. The total closing balance should be entered on line 126 of Schedule 1 as an addition.

Agreement Among Associated Canadian-Controlled Private Corporations to Allocate the Business Limit

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and to assign a percentage for each associated corporation. This percentage will be used to allocate the business limit for the small business deduction. Information from this schedule will also be used to determine the date the balance of tax is due and to calculate the reduction to the business limit.
- . An associated CCPC that has more than one tax year ending in a calendar year must file an agreement for each tax year ending in that calendar year
- Column 1: Enter the legal name of each of the corporations in the associated group, including those deemed to be associated under subsection 256(2) of the Income Tax Act
- Column 2: Provide the business number for each corporation (if a corporation is not registered, enter "NR").
- Column 3: Enter the association code from the list below that applies to each corporation:

Ensure that the total at line A does not exceed \$500,000.

- 1 Associated for purposes of allocating the business limit (unless association code 5 applies)
- 2 CCPC that is a third corporation as referred to in subsection 256(2) and has filed Schedule 28, Election not to be Associated Through a Third Corporation
- 3 Non-CCPC that is a third corporation
- 4 Associated non-CCPC
- 5 Associated CCPC to which association code 1 does not apply because a third corporation/has filed Schedule 28
- Column 4: Enter the business limit for the year of each corporation in the associated group. Enter "0" in the corporation has association code 2, 3 or 4 in column 3 (except if the corporation is a cooperative or a credit union eligible for the SBD and it has association code 4).
- Assign a percentage to allocate the business limit to each corporation that has association code 1 in column 3. Column 5: The total of all percentages in column 5 cannot exceed 100%.
- Enter the business limit allocated to each corporation by multiplying the amount in column 4 by the percentage in column 5. Add all business Column 6: limits allocated in column 6 and enter the total at line A.

Allocating the business limit Year Month Day 025 Date filed (do not use this area) Year 050 2022 Enter the calendar year the agreement applies to Is this an amended agreement for the above calendar year that is intended to replace X No 075 an agreement previously filed by any of the associated corporations listed below? 6 3 Name of associated corporations Business Percentage Asso-**Business limit** Business number of ciation for the year of the limit associated before the allocation allocated* code business corporations \$ limit % 100 200 300 350 400 Festival Hydro Inc. 89957 1814 RC0002 500,000 100.0000 500,000 1 Festival Hydro Services Inc. 500,000 2 86295 3726 RC0001 1 Abiliti Municipal Corporation 77978 4321 RC0001 500,000 100.0000 500,000 Total

Business limit reduction under subsection 125(5.1) of the Act

The business limit reduction is calculated in the small business deduction area of the T2 return. One of the factors used in this calculation is the "large corporation amount" at line 415 of the T2 return. The amount at line 415 is determined using the formula 0.225% x (C - \$10,000,000). Another factor is the "adjusted aggregate investment income" from lines 744 and 745 of Schedule 7, Aggregate Investment Income and Income Eligible for the Small Business Deduction. Details of these formulas and variable C are in subsection 125(5.1) of the Act.

* Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's tax year is less than 51 weeks, prorate the amount in column 6 by the number of days in the tax year divided by 365, and enter the result on line 410 of the T2 return.

Special rules for business limit

Special rules apply under subsection 125(5) if a CCPC has more than one tax year ending in the same calendar year and it is associated in more than one of those tax years with another CCPC that has a tax year ending in that calendar year. The business limit for the second or later tax year will be equal to the lesser of: the business limit determined for the first tax year ending in the calendar year or the business limit determined for the second or later tax year ending in the same calendar year.

T2 SCH 23 E (19)

Agence du revenu du Canada

Taxable Capital Employed in Canada – Large Corporations

Corporation's name	Business number	Tax year-end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- Use this schedule in determining if the total taxable capital employed in Canada of the corporation (other than a financial institution or an insurance corporation) and its related corporations is greater than \$10,000,000.
- If the total taxable capital employed in Canada of the corporation and its related corporations is greater than \$10,000,000, file a completed Schedule 33 with your T2 Corporation Income Tax Return no later than six months from the end of the tax year.
- Unless otherwise noted, all legislative references are to the Income Tax Act and the Income Tax Regulations.
- Subsection 181(1) defines the terms financial institution, long-term debt, and reserves
- Subsection 181(3) provides the basis to determine the carrying value of a corporation's assets or any other amount under Part I.3 for its capital, investment allowance, taxable capital, or taxable capital employed in Canada, or for a partnership in which it has an interest.
- If the corporation was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada, go to Part 4,
 Taxable capital employed in Canada.

- Part 1 – Capital	
Add the following year-end amounts:	
Reserves that have not been deducted in calculating income for the year under Part I 101 2,606,362	
Capital stock (or members' contributions if incorporated without share capital)	
Retained earnings	
Contributed surplus	
Any other surpluses	
Deferred unrealized foreign exchange gains	
All loans and advances to the corporation	
All indebtedness of the corporation represented by bonds, debentures, notes mortgages, hypothecary claims, bankers' acceptances, or similar obligations	
Any dividends declared but not paid by the corporation before the end of the year 110	
All other indebtedness of the corporation (other than any indebtedness for a lease) that has been outstanding for more than 365 days before the end of the year	
The total of all amounts, each of which is the amount, if any, in respect of a partnership in which the corporation held a membership interest at the end of the year, either directly or indirectly through another partnership (see note below)	
Subtotal (add lines 101 to 112) 69,201,840 ▶	69,201,840 A

Note:

Line 112 is determined by the formula (A - B) x C/D (as per paragraph 181.2(3)(g)) where:

- A is the total of all amounts that would be determined for lines 101, 107, 108, 109, and 111 in respect of the partnership for its last fiscal period that ends at or before the end of the year if
 - a) those lines applied to partnerships in the same manner that they apply to corporations, and
 - b) those amounts were computed without reference to amounts owing by the partnership
 - (i) to any corporation that held a member ship interest in the partnership either directly or indirectly through another partnership, or
 - (ii) to any partnership in which a corporation described in subparagraph (i) held a membership interest either directly or indirectly through another partnership.
- B is the partnership's deferred unrealized foreign exchange losses at the end of the period,
- C is the share of the partnership's income or loss for the period to which the corporation is entitled either directly or indirectly through another partnership, and
- D is the partnership's income or loss for the period.

┌ Part 1 – Capital (continued) ─────		
	Subtotal A (from page 1)	69,201,840 A
Deduct the following amounts:		
Deferred tax debit balance at the end of the year		
Any deficit deducted in calculating its shareholders' equity (including, for this purpose, the amount of any provision for the redemption of preferred shares) at the end of the year		
To the extent that the amount may reasonably be regarded as being included in any of lines 101 to 112 above for the year, any amount deducted under subsection 135(1) in calculating income under Part I for the year.		
Deferred unrealized foreign exchange losses at the end of the year		
Subtotal (add lines 121 to 124)	>	В
Capital for the year (amount A minus amount B) (if negative, enter "0")	190	69,201,840
□ Part 2 – Investment allowance ──────	\triangle	
Add the carrying value at the end of the year of the following assets of the corporation:		
A share of another corporation	401	
A loan or advance to another corporation (other than a financial institution)		122,147
A bond, debenture, note, mortgage, hypothecary claim, or similar obligation of another corporation (other than a financial institution)	403	
Long-term debt of a financial institution		
A dividend payable on a share of the capital stock of another corporation	405	
A loan or advance to, or a bond, debenture, note, mortgage, hypothecary claim or similar obligation of member of which was, throughout the year, another corporation (other than a financial institution) that v tax under this Part (otherwise than because of paragraph 181.1(3)(d)), or another partnership described paragraph 181.2(4)(d.1)	as not exempt from	
An interest in a partnership (see note 2 below)	407	
Investment allowance for the year (add lines 401 to 407)	490	122,147
Notes:

^{*} You can elect to treat all or part of your excessive eligible dividend designation as a separate taxable dividend in order to eliminate or reduce the Part III.1 tax otherwise payable. You must file the election on or before the day that is 90 days **after** the day the notice of assessment for Part III.1 tax was sent. We will accept an election before the assessment of the tax.

Ontario Corporate Minimum Tax

Corporation's name	Business number	Tax year-end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- File this schedule if the corporation is subject to Ontario corporate minimum tax (CMT). CMT is levied under section 55 of the Taxation Act, 2007 (Ontario), referred to as the "Ontario Act".
- Complete Part 1 to determine if the corporation is subject to CMT for the tax year.
- A corporation not subject to CMT in the tax year is still required to file this schedule if it is deducting a CMT credit, has a CMT credit carryforward, or has a CMT loss carryforward or a current year CMT loss.
- A corporation that has Ontario special additional tax on life insurance corporations (SAT) payable in the tax year must complete Part 4 of this
 schedule even if it is not subject to CMT for the tax year.
- A corporation is exempt from CMT if, throughout the tax year, it was one of the following:
 - 1) a corporation exempt from income tax under section 149 of the federal *Income Tax Act*;
 - 2) a mortgage investment corporation under subsection 130.1(6) of the federal Act;
 - 3) a deposit insurance corporation under subsection 137.1(5) of the federal Act;
 - 4) a congregation or business agency to which section 143 of the federal Act applies;
 - 5) an investment corporation as referred to in subsection 130(3) of the federal Act; or
 - 6) a mutual fund corporation under subsection 131(8) of the federal Act.
- File this schedule with the T2 Corporation Income Tax Return.

□ Part 1 – Determination of CMT applicability	
Part 1 - Determination of Civil applicability	
Total assets of the corporation at the end of the tax year *	82,853,992
Share of total assets from partnership(s) and joint venture(s) *	
Total assets of associated corporations (amount from line 450 on Schedule 511)	2,965,278
Total assets (total of lines 112 to 116)	85,819,270
Total revenue of the corporation for the tax year **	73,163,324
Share of total revenue from partnership(s) and joint venture(s) **	
Total revenue of associated corporations (amount from line 550 on Schedule 511)	1,371,555
Total revenue (total of lines 142 to 146)	74,534,879

The corporation is subject to CMT if:

- for tax years ending before July 1, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are more than \$5,000,000, or the total revenue for the year of the corporation or the associated group of corporations is more than \$10,000,000.
- for tax years ending after June 30, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are equal to or more than \$50,000,000, and the total revenue for the year of the corporation or the associated group of corporations is equal to or more than \$100,000,000.

If the corporation is not subject to CMT, do not complete the remaining parts unless the corporation is deducting a CMT credit, or has a CMT credit carryforward, a CMT loss carryforward, a current year CMT loss or SAT payable in the year.

* Rules for total assets

- Report total assets according to generally accounting principles, adjusted so that consolidation and equity methods are not used.
- Do not include unrealized gains and losses on assets and foreign currency gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.
- The amount on line 114 is determined at the end of the last fiscal period of the partnership or joint venture that ends in the tax year of the corporation. Add the proportionate share of the assets of the partnership(s) and joint venture(s), and deduct the recorded asset(s) for the investment in partnerships and joint ventures.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

** Rules for total revenue

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the tax year is less than 51 weeks, multiply the total revenue of the corporation or the partnership, whichever applies, by 365 and divide by the number of days in the tax year.
- The amount on line 144 is determined for the partnership or joint venture fiscal period that ends in the tax year of the corporation. If the partnership or joint venture has 2 or more fiscal periods ending in the filing corporation's tax year, **multiply** the sum of the total revenue for each of the fiscal periods by 365 and **divide** by the total number of days in all the fiscal periods.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

- Part 2 – Adjusted net income/loss for CMT purposes ———————————————————————————————————	7.00
Net income/loss per financial statements *	210 4,381,488

Adjusted net income/loss for CMT purposes (line 210 plus amount A minus amount B)	- 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1
If the amount on line 490 is positive and the corporation is subject to CMT as determined in Part 1, enter the amount on line	515 in Part 3.
If the amount on line 490 is negative, enter the amount on line 760 in Part 7 (enter as a positive amount).	

Note

In accordance with Ontario Regulation 37/09, when calculating net income for CMT purposes, accounting income should be adjusted to:

- exclude unrealized gains and losses due to mark-to-market changes or foreign currency changes on specified mark-to-market property (assets only);
- include realized gains and losses on the disposition of specified mark-to-market property not already included in the accounting income, if the
 property is not a capital property or is a capital property disposed in the year or in a previous tax year ended after March 22, 2007.

"Specified mark-to-market property" is defined in subsection 54(1) of the Ontario Act.

These rules also apply to partnerships. A corporate partner's share of a partnership's adjusted income flows through on a proportionate basis to the corporate partner.

* Rules for net income/loss

Banks must report net income/loss as per the report accepted by the Superintendent of Financial Institutions under the federal Bank Act, adjusted so consolidation and equity methods are not used.

Part 2 - Calculation of adjusted net income/loss for CMT purposes (continued)

- Life insurance corporations must report net income/loss as per the report accepted by the federal Superintendent of Financial Institutions or equivalent
 provincial insurance regulator, before SAT and adjusted so consolidation and equity methods are not used. If the life insurance corporation is resident
 in Canada and carries on business in and outside of Canada, multiply the net income/loss by the ratio of the Canadian reserve liabilities divided by
 the total reserve liability. The reserve liabilities are calculated in accordance with Regulation 2405(3) of the federal Act.
- Other corporations must report net income/loss in accordance with generally accepted accounting principles, except that consolidation and equity methods must not be used. When the equity method has been used for accounting purposes, equity losses and equity income are removed from book income/loss on lines 224 and 324 respectively.
- Corporations, other than insurance corporations, should report net income from line 9999 of the GIFI (Schedule 125) on line 210.
- ** The share of the adjusted net income of a partnership or joint venture is calculated as if the partnership or joint venture were a corporation and the tax year of the partnership or joint venture were its fiscal period. For a corporation with an indirect interest in a partnership through one or more partnerships, determine the corporation's share according to clause 54(5)(c) of the Ontario Act.
- *** A joint election will be considered made under subsection 60(1) of the Ontario Act if there is an entry on line 342, and an election has been made for transfer of property to a corporation under subsection 85(1) of the federal Act.
- **** A joint election will be considered made under subsection 60(2) of the Ontario Act if there is an entry on line 344, and an election has been made under subsection 85(2) or 97(2) of the federal Act.
- ***** A joint election will be considered made under subsection 61(1) of the Ontario Act if there is an entry on line 346, and an election has been made under subsection 13(4) or 14(6) and/or section 44 of the federal Act.

Agence du revenu du Canada

ONTARIO CORPORATE MINIMUM TAX – TOTAL ASSETS AND REVENUE FOR ASSOCIATED CORPORATIONS

Name of corporation	Business Number	Tax year-end Year Month Day
Festival Hydro Inc.	89957 1814 RC0002	2022-12-31

- For use by corporations to report the total assets and total revenue of all the Canadian or foreign corporations with which the filing corporation was
 associated at any time during the tax year. These amounts are required to determine if the filing corporation is subject to corporate minimum tax.
- Total assets and total revenue include the associated corporation's share of any partnership(s)/joint venture(s) total assets and total revenue.
- Attach additional schedules if more space is required.
- File this schedule with the T2 Corporation Income Tax Return.

Names of associated corporations 200	Business number (Canadian corporation only) (see Note 1)	Total assets* (see Note 2)	Total revenue** (see Note 2)
Festival Hydro Services Inc.	86295 3726 RC0001	2,965,277	1,371,555
Abiliti Municipal Corporation	77978 4321 RC0001	1	0
	Total	2,965,278	1,371,555

Enter the total assets from line 450 on line 116 in Part 1 of Schedule 510, Ontario Corporate Minimum Tax. Enter the total revenue from line 550 on line 146 in Part 1 of Schedule 510.

Note 1: Enter "NR" if a corporation is not registered.

Note 2: If the associated corporation does not have a tax year that ends in the filing corporation's current tax year but was associated with the filing corporation in the previous tax year of the filing corporation, enter the total revenue and total assets from the tax year of the associated corporation that ends in the previous tax year of the filing corporation.

* Rules for total assets

- Report total assets in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Include the associated corporation's share of the total assets of partnership(s) and joint venture(s) but exclude the recorded asset(s) for the
 investment in partnerships and joint ventures.
- Exclude unrealized gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.

** Rules for total revenue

- Report total revenue in accordance with generally accounting principles, adjusted so that consolidation and equity methods are not used.
- If the associated corporation has 2 or more tax years ending in the filing corporation's tax year, multiply the sum of the total revenue for each of
 those tax years by 365 and divide by the total number of days in all of those tax years.
- If the associated corporation's tax year is less than 51 weeks and is the only tax year of the associated corporation that ends in the filing corporation's tax year, multiply the associated corporation's tax year.
- Include the associated corporation's share of the total revenue of partnerships and joint ventures.
- If the partnership or joint venture has 2 or more fiscal periods ending in the associated corporation's tax year, multiply the sum of the total revenue
 for each of the fiscal periods by 365 and divide by the total number of days in all the fiscal periods.

Utility Name	Festival Hydro Inc.	
Assigned EB Number	EB-2024-0023	
Name and Title	Alyson Conrad, Chief Financial Officer	
Phone Number	519-271-4700 ext 221	
Email Address	aconrad@festivalhydro.com	
Date	2024-04-26	
st COS Re-based Year	2015	

Note: Drop-down lists are shaded blue; Input cells are shaded green.

This Workbook Model is protected by copyright and is being made available to you solely for the purpose of filing your rate application. You may use and copy th model for that purpose, and provide a copy of this model to any person that is advising or assisting you in that regard. Except as indicated above, any copying, reproduction, publication, sale, adaptation, translation, modification, reverse engineering or other use or dissemination of this model without the express written consent of the Orlano Energy Board is prohibited. If you provide a copy of this model to a person that is advising or assisting you in preparing the application or reviewing your diraft rate order, you must ensure that the person understands and agrees to the restrictions noted above.

While this model has been provided in Excel format and is required to be filled with the applications, the onus remains on the applicant to ensure the accuracy of the data and the results.

Instructions

Purpose
The purpose of this workbook is to calculate the estimated Payment in Lieu of Taxes (PILs) for the Test Year. The calculation of PILs for the Test Year is on tab T0 and is based on the inputs on the other tabs.

Tab S Summary is a summary of the amounts to be transferred to the Data Input Sheet of the Revenue Requirement Workform.

Tab S1 Integrity Checks must be completed after the completion of the PILs calculation in this workbook.

Methodology To calculate the PILs for the Test Year:

1) input the balances from the income tax return of the Historical Year in tabs H1 to H13.
2) input the balances for the Bridge Year and the Test Year.
Inputs should include:
- non-deductble expenses (Schedule 1 - B1 and T1)
- loss carryforward (Schedule 4 - B4 and T4)
- capital cost allowance (Schedule 6 - B8 and T8)
- non-deductble reserves (Schedule 13 - B13 and T13)

3) make any other adjustments and inputs required so that the PILs amount calculated for the Test Year on tab T0 is reasonable.

Other Notes
Tabs H0 to H13 relate to the Historical Year.
Tabs B0 to B13 relate to the Bridge Year.
Tabs T0 to T13 relate to the Test Year.

The amounts on tabs H0 to H13 should agree to the tax return filed with the Canada Revenue Agency. Any CRA audit adjustments or corrections should also be reflected.

It is assumed the net income before tax for the Test Year is equal to the Return on Equity. Return on Equity is calculated on tab A.

On tab "A. Data Input Sheet", input the "Rate Base" amount and "Return on Rate Base" amounts.

Income Tax/PILs Workform for 2025 Filers

No inputs required on this worksheet.

Integrity Checks

The applicant must ensure the following integrity checks have been completed and confirm this is the case in the table below, or provide an explanation if this is not the case

	Item	Utility Confirmation (Y/N)	Notes
	The depreciation and amortization added back in the application's PILs model agree with the numbers disclosed in the rate base section of the application	Y	
2	The capital additions and deductions in the CCA Schedule 8 agree with the rate base section for historical, bridge and test years	Y	
3	Schedule 8 of the most recent federal T2 tax return filed with the application has a closing December 31 historical year UCC that agrees with the opening (January 1) bridge year UCC. If the amounts do not agree, then the applicant must provide a reconciliation with explanations. Distributors must segregate non-distribution tax amounts on Schedule 8.	Y	Audit completion is completed at roughly the same deadline as the CoS filing deadline. Because of this, we do not have the final T2 return for 2023 to be prepared and submitted by KPMG.
	The CCA deductions in the application's PILs tax model for historical, bridge and test years (as applicable) agree with the numbers in the CCA Schedule 8 for the same years filled in the application		Audit completion is completed at roughly the same deadline as the CoS filing deadline. Because of this, we do not have the final T2 return for 2023 to be prepared and submitted by KPMG.
5	Loss carry-forwards, if any, from prior year tax returns' Schedule 4 agree with those disclosed in the application	Y	
6	A discussion is included in the application as to when the loss carry-forwards, if any, will be fully utilized	N/A	
	CCA is maximized even if there are tax loss carry-forwards	Y	
	Other post-employment benefits and pension expenses that are added back on Schedule 1 to reconcile accounting income to net income for tax purposes agree with the OM&A		
	analysis for compensation. The amounts deducted are reasonable when compared with the notes to the audited financial statements, Financial Services Commission of Ontario reports, and actuarial valuations.	Y	
9	The income tax rate used to calculate the tax expense is consistent with the utility's actual tax facts and evidence filed in the application	Y	

			Test Year	Bridge Year
Rate Base		s	\$ 72,173,625	\$ 70,678,889
Return on Ratebase				
Deemed ShortTerm Debt %	4.00%	Т	\$ 2,886,945	W = S * T
Deemed Long Term Debt %	56.00%	U	\$ 40,417,230	X = S * U
Deemed Equity %	40.00%	V	\$ 28,869,450	Y = S * V
Short Term Interest Rate	6.23%	Z	\$ 179,857	AC = W * Z
Long Term Interest	4.75%	AA	\$ 1,918,119	AD = X * AA
Return on Equity (Regulatory Income)	9.21%	AB	\$ 2,658,876	AE = Y * AB T1
Return on Rate Base			\$ 4,756,852	AF = AC + AD + AE

Questions that must be answered	Historical Year	Bridge Year	Test Year
1. Does the applicant have any Investment Tax Credits (ITC)?	Yes	Yes	Yes
2. Does the applicant have any SRED Expenditures?	Yes	No	No
3. Does the applicant have any Capital Gains or Losses for tax purposes?	No	No	No
4. Does the applicant have any Capital Leases?	No	No	No
5. Does the applicant have any Loss Carry-Forwards (non-capital or net capital)?	No	No	No
6. Since 1999, has the applicant acquired another regulated applicant's assets?	Yes	Yes	Yes
7. Did the applicant pay dividends? If Yes, please describe the tax treatment in the manager's summary.	Yes	Yes	Yes

8. Did the applicant elect to capitalize interest incurred on CWIP for tax purposes?

Federal Small Business Rate	11.00%	10.50%	10.50%	10.00%	9.00%	9.00%
Ontario Small Business Rate	4.50%	4.50%	3.50%	3.50%	3.20%	3.20%

- Notes

 1. The Ontario Energy Board's proxy for taxable capital is rate base.

 2. The appropriate Federal and Ontario small business rates are calculated in the Income/PILs Workform. The Federal and Ontario small business deduction:

 a. is applicable if taxable capital is below \$10 million.

 b. is phased out with taxable capital of more than \$10 million.

 c. is completely eliminated when the taxable capital is \$15 million or more. Effective for the 2022 taxation year, the Federal small business deduction is revised to be completely eliminated
