Dear Ms. Flood:

**Re: Essex Powerlines Corporation (Essex Powerlines)  
Applications for Cost of Service and New Deferral Account Ontario  
Energy Board File Numbers: EB-2024-0022 and EB-2024-0096**

Further to the Ontario Energy Board's (OEB) acknowledgment letters in reference to the above noted combined cases, the OEB has completed its preliminary review of your 2025 cost of service and deferral account applications and will now commence the processing of the applications. The next steps will be communicated in due course.

Pursuant to Chapter 1 of the [OEB's Filing Requirements For Electricity Distribution Rate Applications - 2022 Edition for 2023 Rate Applications](#), Essex Powerlines has confirmed that the documents it has filed in support of the cost of service application do not include any personal information (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*) that has not otherwise been redacted.

Essex Powerlines is reminded that it is responsible for ensuring that the documents it files with the OEB, such as its evidence, responses to interrogatories and any other supporting documentation, do not include personal information (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*), unless filed in accordance with rule 9A of the OEB's *Rules of Practice and Procedure*.

Please direct any questions relating to this application to Amber Goher, case manager for EB-2024-0022 at [amber.goher@oeb.ca](mailto:amber.goher@oeb.ca) or Whitney Wong, case manager for EB-2024-0096 at [whitney.wong@oeb.ca](mailto:whitney.wong@oeb.ca)

Yours truly,

Nancy Marconi  
Registrar
